GCA Homeschool Policy

GCA is a public charter school that follows GADOE guidelines regarding enrolling homeschooled students. To prepare an enrolling student for academic success, GCA will place homeschool students in age appropriate grade. Students entering Kindergarten and 1st grade must be age eligible for enrollment by GADOE guidelines. The enrolling student must be 5 on or before September 1 of the academic year for Kindergarten placement only. The enrolling student must be 6 on or before September 1 of the academic year for 1st grade placement only. All enrolling students K-8 will be required to take online pre-admission testing in order to complete their enrollment process. These assessments help to capture Reading and Math baselines upon entry and assist us in providing student specific learning plans. As the enrolling legal guardian, you confirm that the academic homeschool record is recorded as true.
