

## How to Register Student Accounts

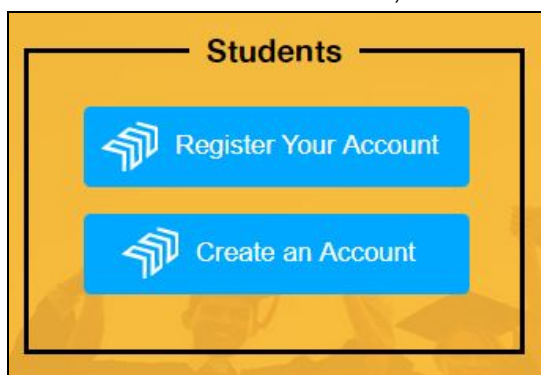

For students in partner districts where Sign Up with Google is disabled and any email address may be used

Students in partner districts must register their account when accessing CaliforniaColleges.edu for the first time. By registering your account, you will be able to set up your password and take full advantage of what CaliforniaColleges.edu has to offer. Your district has disabled registering your account using Google credentials. Follow the instructions below to successfully register your account.

1. Navigate to CaliforniaColleges.edu.
2. Click on the lock icon (🔒) in the upper right-hand corner of any page.

3. In the **Students** section, click on **Register Your Account**.

4. Complete registration by entering the required information:
  - Name of your current school district.
  - Name of your current school. Note: once you enter your school, the form will get much shorter.
  - Statewide Student Identifier (ten-digit student ID number) or Local Student ID number (usually found on your ID card or in your school's student portal where you check your grades).

- Date of birth (accurate date of birth information should be entered in either of the specified formats: MM/DD/YYYY or M/D/YYYY).
- Click the blue **Next** button.

## 5. Select Sign Up with Email.

**Sign Up with Email:** If you are 13 years of age or older, you may enter either your personal email address or school email address. If you are under 13, you may only create a non-email username made up of only letters and numbers (no special characters like dashes, periods, spaces, or emojis). Alternatively, you can simply choose one of the suggested usernames that appear on the screen. Lastly, create a password. Passwords must be a minimum of 9 characters, cannot include name or email, and cannot be a word found in the dictionary. Click the blue **Next** button to proceed.

**Please enter an email and password**

6. Now you are signed into your CaliforniaColleges.edu account. On the homepage, scroll down to see **Your Activities**. Click on any of the blue bubbles to get started.

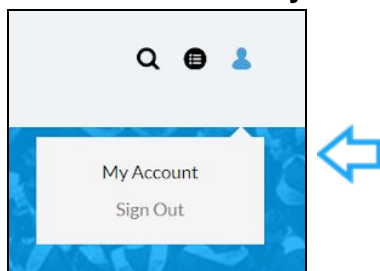

### A Note for Future Sign In

- Since your account is now registered, you have the option to either sign in with Google or sign in with your email.
- To sign in with Google, click **Sign in with Google** and choose the Google email you registered with to sign in to CaliforniaColleges.edu.

- To sign in with your email, follow the steps below:

1. First, you must sign in with Google (see steps above). Once signed in, hover on the icon and click on **My Account**.

2. Next, click **Reset Password** to create a password. Remember, passwords must be a minimum of 9 characters, cannot include name or email, and cannot be a word found in the dictionary.

Student Info

First Name:	Test2	DOB:	06/08/1990
Last Name:	GoogleReg	Gender:	[]
Email Address:	kristina_acevedo@alumni.brown.edu	Ethnicity:	
Secondary Email Address:	none
