**IMPACT:**

Students will be able to measure progress using tracking sheets in sketchbooks. As all assessments will use generic criteria, will be moderated through dept meetings it will be possible to measure progress over time within and across year groups.

**End Point:**

By the end of year 11 students will have sustained projects developed in response to a subject, theme, task or brief evidencing the journey from initial engagement with an idea(s) to the realisation of intentions. This will give students the opportunity to demonstrate, through an extended creative response, their ability to draw together different areas of knowledge, skills and/or understanding from their course of study. Students will have and be able to show a clear understanding of **AO1**: Develop ideas through investigations, demonstrating critical understanding of sources. **AO2**: Refine work by exploring ideas, selecting and experimenting with appropriate media, materials, techniques and processes. **AO3**: Record ideas, observations and insights relevant to intentions as work progresses. **AO4**: Present a personal and meaningful response that realises intentions and demonstrates understanding of visual language.
