ACADEMIC LEADERSHIP CHARTER SCHOOL

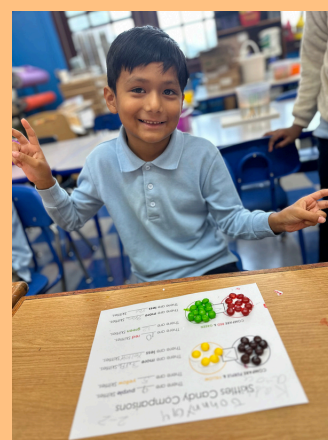

SEPTEMBER 2024 K-2

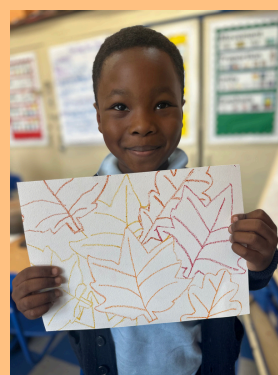

Welcome to the new school year at Academic Leadership Charter School! We are filled with excitement as we embark on this fresh academic journey with our amazing kindergarten, first, and second-grade students. The beginnings of fall bring a beautiful energy to our classrooms, and it's been wonderful to see our youngest learners adapting to school life with the help of our dedicated teachers and staff.

In these first few weeks, students have been learning to make new friends, work together, and play in ways that nurture both creativity and learning. In 2nd grade math they've been enjoying some "munchie math," using fun food manipulatives to bring numbers to life, making learning both engaging and delicious!

In art class, we kicked off the year by working on an exciting collaborative project inspired by the artist Kandinsky. Each student contributed their own painted concentric circle, which we combined to create one large, colorful masterpiece that now brightens up our hallway. The students have also been anticipating the arrival of fall colors in art projects, letting the coming beauty of autumn inspire their creativity.

There's so much more to look forward to, and we can't wait to see the incredible growth and achievements that lie ahead this year. A special thank you to all of our parents and families for your continued support in making the first month of school such a success.
