ACADEMIC LEADERSHIP CHARTER SCHOOL

SEPTEMBER 2024 3-5

Welcome to the new school year in our brand new building! After a demanding few years, we are thrilled to finally settle into this space that was built just for us. We are incredibly grateful to our founder and executive director, Norma Hurwitz, as well as our board members, administrative, and operations staff for their tireless efforts and collaboration in making this building a success.

This month, both teachers and students have been enjoying everything our new building has to offer. From the beautiful cafeteria and outdoor terrace to the spacious gymnasium and library, this space has brought new excitement to our school day. Students have been spending their recess time playing on the terrace and in the gymnasium, while quiet reading time in the library has become a much-anticipated part of their routine. Classrooms are equipped with stunning views and state-of-the-art smart boards, making teaching and learning more engaging than ever.

In art class, our students have found inspiration in the works of the surrealist artist René Magritte, creating their own surreal paintings filled with imaginative twists and creative expressions. As we move into fall, they've also been exploring the works of Georgia O'Keeffe, particularly her beautiful paintings from her time spent at Lake George, which has inspired them to reflect on the changing season through their artwork.

We are so excited to see how our students continue to grow and create in this amazing new space. A heartfelt thank you goes out to all of our teachers and staff for making the beginning of the school year such an exciting time, and to our parents and families for your ongoing support. We look forward to accomplishing great things together this year!
