ACADEMICS

COLLEGE PREPARATORY (CP)

College Preparatory is a rigorous academic program designed to prepare students for post-secondary studies in traditional academic programs. Courses offered on the College Preparatory level focus on theory, reading, research, problem solving and writing skills.

HONORS COURSES

Honors courses are designed for students that exhibit superior abilities in the course content area. Students enrolled in the Honors curriculum will build on the knowledge and skills of the college preparatory level with emphasis on critical and analytical thinking, decision making and reasoning beyond that expected at the college preparatory level. Honors level courses carry a .5 quality point higher than college preparatory courses. Students who successfully complete Honors level courses are strongly encouraged to enroll in Advanced Placement (AP) courses.

ADVANCED PLACEMENT (AP)

Advanced Placement (AP) courses enable students to earn college credit while still enrolled at Beaufort High School. A GPA of 3.0 or better is a prerequisite for enrollment. The content of the course is determined by the College Board.

During the month of May, the College Board administers national exams in all AP courses. Students who score well on the exams are awarded college credit in most of the nation's colleges and universities. Students must take the College Board Exam to receive the AP weighting for the course. Advanced Placement courses are weighted 1.0 quality point above college preparatory courses per one unit of credit.

DUAL ENROLLMENT - EARLY COLLEGE CREDIT OPPORTUNITY

Dual Enrollment - Early College Credit Opportunity (ECCO) Program is a college-credit, dual enrollment program that empowers students to earn both Carnegie units and college credits for particular courses during high school.

The Technical College of the Lowcountry (TCL) and University of South Carolina Beaufort (USCB Beaufort Campus) provide dual credit enrollment opportunities for Beaufort High School juniors and seniors who are successfully involved in a college preparatory program of study. Students who want to take college courses and who meet the Technical College of the Lowcountry placement examination requirements and USCB admissions requirements are qualified to participate. For more information, interested rising juniors and seniors should consult with their school counselor.

Students participating in Dual Credit Courses will be required to sign-out with the attendance office when leaving campus on a daily basis; and exit the building through the front entrance of the school. Students returning from Dual Credit Courses will be required to sign-in with the attendance office when arriving on campus on a daily basis; and enter through the front entrance of the building.

Students will be required to report to Beaufort High School during the times and dates that TCL and USCB do not meet. Parents may complete a waiver to excuse students from this requirement. Waivers may be picked up in the main office and will be available on our school website.

Note: Three college credits are equivalent to 1 high school credit (unit). All dual enrollment college credit courses are weighted the same as Advanced Placement (AP) courses.

SOUTH CAROLINA ASSESSMENTS

End-of-Course Examination Program

State End-of-Course examinations will be given when the student completes one of the following courses:

- Algebra I
- English II
- Biology I
- US History

The End-of-Course Exam will count as 20% of the student's final grade in the course.

SPECIAL EDUCATION SERVICES

Beaufort High School provides all students with disabilities a free and appropriate public education (FAPE). The students' parents serve as team members with the public school in determining eligibility for special education. Once a student qualifies for special education and/or related services, an Individualized Education Program (IEP) is developed to determine the extent of these services. It is the responsibility of the multidisciplinary team to determine the most appropriate educational placement in the least restrictive environment.

Special education policies, procedures, rules and regulations, and information on free or low-cost legal services are available upon request from the Director of Special Education. The Beaufort County School District does not discriminate on the basis of race, color, national origin, sex, age, or handicap in admissions to, access to, treatment in, or employment in its programs and activities. Contact the Student Services Department with questions or concerns at (843) 322-5417.

STUDENTS IN A 1:1 TABLET COMPUTER LEARNING ENVIRONMENT

Students are responsible for keeping their tablets safe, free from damage, and used in compliance with classroom procedures and protocols. However, in a situation where an incident of serious nature may occur, our school administration will act in accordance with school and district policies. Additionally, repeated classroom-managed offenses should be considered acts of defiance and can also be handled with a referral to administration.

School-managed incidents include (but are not limited to):

- Sexually explicit content, searches and/or photos
- Weapons, gang, and/or drug related content or searches
- Network security violations, including attempts to bypass, interrupt, or disable district security, filtering, or data-protection measures; hacking.
- Intentionally causing damage to technology equipment or infrastructure.
- Cyberbullying or using a device to record a bullying incident, online harassment, cyber baiting, catfishing, etc.
- Accessing games, sports, music videos, etc.

Students in violation of this policy are subject to having the item confiscated in accordance with S.C. Statute (Section 59-63-280) and District Policy. Students who are determined to be in use of these items will also be subject to disciplinary actions as defined by the Student Code of Conduct.

UNIFORM GRADING SCALE

The Uniformed Grading Scale (UGS) and policy approved by the South Carolina State Board of Education governs courses that students take to earn high school diplomas in South Carolina. The UGS requires that grades be recorded numerically and outlines the calculation to be used to ascertain a student's grade point ratio. The numerical scales for each corresponding letter grade are as follows:

- A = 90 - 100
- B = 80 - 89
- C = 70 - 79
- D = 60 - 69
- F = 59 and Below

GRADE REPORTING

Grades will be reported to parents within established guidelines set forth by the Beaufort County School District.

Report Card Distribution: Q1 10/18/24, Q2 01/10/25, Q3 03/28/25, Q4 06/06/25

Graduation: May 28th, 2025

Quarter Grade Calculation (60/40):

The calculation of quarter grades will consist of both Summative and Formative assessments.

- Summative assessments are weighted at 60% and will consist of: Tests, Quizzes, Projects
- Formative assessments are weighted at 40% and will consist of: Practice assessments, In-class assignments, and Homework assignments

Final Grade Calculation (to include EOC courses):

Non-EOC Course - Q1 = 50%, Q2 = 50% Q1+Q2=100%

EOC Course - Q1 = 40%, Q2 = 40%, EOC = 20% Q1+Q2+EOC=100%

Grades of a "0" will be entered for all assignments that have not been turned in or from being absent from class.

GRADE POINT AVERAGE (GPA)

The South Carolina Uniform Grading Scale is used to calculate the GPA and class rank for high school students. A student's rank in class is a measure of his/her academic achievement relative to the achievement of others in the same class. GPA is frequently used by colleges, technical schools, and employers in making admissions or employment decisions. The following formula is used to calculate each student's GPA:

$$\text{GPA} = \frac{\text{Sum (quality points x units)}}{\text{Sum of units attempted}}$$

Example for a hypothetical student:

<u>Course</u>	<u>Grade</u>	<u>Weighted GPA</u>	<u>Unit</u>
CP English 1	91	4.10	1
CP Algebra 1	87	3.70	1
CP Phy Sci	94	4.40	1
H World History	83	3.80	1
PE	92	4.20	1
CP French 1	84	3.40	1

Computation

4.10 x 1 =	4.10
3.70 x 1 =	3.70
4.40 x 1 =	4.40
3.80 x 1 =	3.80
4.20 x 1 =	4.20
3.40 x 1 =	<u>3.40</u>
Sum of quality points =	23.60
Total units attempted =	6

Sum of quality points divided by sum of units attempted: 23.60 divided by 6 = 3.933 GPA.

ATTENDANCE

ATTENDANCE REQUIREMENTS

In conjunction with R.43-274 in order to receive one Carnegie unit of credit, a student must be in attendance at least **120 hours**, per unit, regardless of the number of days missed, or must demonstrate proficiency as determined by the local school district. **Beaufort County School District has not been approved to use proficiency in lieu of the seat time requirements for attendance. Therefore, the proficiency option does not apply to Beaufort County students.**

We provide all students with the opportunity to make up seat time prior to the end of the semester. **Students will ONLY be allowed to make up seat time at afterschool EAST tutorial, Saturday School, and Summer School.** If students do not have a total of 120 Seat Hours by the last day of enrollment in the class, the student receives a grade of FA (Failure Due to Absence) in the class. If the absences are excused because of medical, bereavement or a verifiable family crisis, students' seat time may be waived by the principal with verifiable documentation.

Students are always encouraged to make up seat time prior to the end of the semester. Students that receive a (FA) Failure due to absences must make up required seat time hours/assignments within 30 days. Extensions may be permitted on a case by case basis, however all requirements must be completed prior to the beginning of the next school year. Students who opt to not make up seat time will receive a grade of FA. A grade of FA becomes a failing grade and loss of credit.

A student may be excused for the following reasons:

- Serious illness or death in their family.
- Recognized religious holidays of their faith.
- Legal, medical, dental, mental health or other health services that must be scheduled during school hours.
- Participation in a local, state, or national activity which is directly related to the school curriculum.
- College Tours
- Each student is required to bring a written excuse from a parent/guardian to the attendance office upon return to school or within one week of the absence.

**Although the above absences are considered to be excused, students are still responsible for making up the required hours to meet the 120 hour minimum.

**Beaufort County School District does not pose a limitation on college tours. However, Beaufort High School recommends no more than 3 days absence for students. When the student returns from their college visit, they must provide verification from the college(s) visited. The verification must also include a written, signed and dated parent note acknowledging that the parent was aware of and approved for the student to be absent. Once the verification is received, the absence will be updated in PowerSchool to the school field trip code.

CARNEGIE UNIT/CREDIT RECOVERY

In order for students to earn a Carnegie unit for credit recovery students must adhere to the following school guidelines for credit recovery. Students that have a failing grade between 50-59 can qualify for Credit Recovery. Beaufort County allows Principal approval for special circumstances for students. Students that score below a 50 will have to retake the course. Credit Recovery at BHS is a mastery-based model.

1. An Edgenuity course matching the course of failure will be prescribed.
2. If the course is not offered in Edgenuity the student will have to retake that course.
3. All coursework must be completed in its entirety.
4. Students will complete the diagnostic exam prior to beginning the prescribed course.
5. Credit Recovery may only be completed during Beaufort High's NEST and EAST programs before and after school.
6. Failure to complete coursework within the current academic school year will result in nullification of all

work.

7. Successful completion of credit recovery will result in 1 unit recovered but NO grade change in PowerSchool. The original grade stands and only credits toward graduation will be earned.

MAKE-UP WORK FOR LAWFUL ABSENCES

Students who have excused absences from class as defined by state and BCSD Administrative Regulation will be given the opportunity to make up work and be assigned a grade based upon the quality of that work. For excused (lawful) absences, students will be granted the opportunity to make-up any missed assignments and /or work due to the absence(s). This will include quizzes, tests, writing assignments, etc. The period for making up the work will be a **minimum of one (1) class day for each class day missed to a maximum of one (1) week.** For example, if a student misses two (2) days of school (Monday and Tuesday) and returns on Wednesday, Thursday and Friday will be granted as make-up days for missing Monday and Tuesday (one (1) day for each day missed). In this example, all missed assignments or work (test, quiz etc.) would not be due until Monday.

TARDY POLICY

A student is considered tardy if they have not reported to their scheduled class by the time the tardy bell rings. Students arriving on a late bus, will be given an excused tardy pass.

If a student is tardy, the following disciplinary actions will be taken:

If a student is **tardy to class three times**, a student will receive a minor referral and have a conference with their teacher, parent contact will be made by the teacher. If a student is tardy **five times to class**, a student will receive an office referral and one day of ISS. Any student that receives 10 or more combined tardies per semester is restricted from school activities for 30 days and assigned additional days of ISS. Students more than five minutes late to class will receive an office referral for cutting class, and will face disciplinary action according to the consequences outlined in the discipline matrix. School administrators will conduct random Tardy Sweeps to assist in monitoring tardies. In addition to disciplinary action, students with parking privileges may have their parking privileges revoked.

Beaufort County School District Acceptable Use Policy for Technology

The Beaufort County School District makes a variety of communication and information technologies available to authorized users. When properly used, these technologies promote the District's instructional and business purposes. Illegal, unethical, or inappropriate use can have significant negative consequences for the District, its students, and its employees. This policy is intended to minimize the likelihood of such harm by setting standards which protect the District, its users, its data, and its systems.

Scope

This policy governs the use of all electronic systems owned, provided, or subscribed to by the District, including computers and computer-like devices, mobile devices, voice and data communication systems, networks, software, and services. It applies to all users (students and adults) of these systems, on or off District property, at all times.

District employees, contractors, and vendors will sign this policy prior to account access. Students are bound by an opt-out mechanism: parents not wishing for their child to be allowed access to computer networks, Internet, or other communication services must so indicate in writing to the school's Principal.

Under certain circumstances, the use of personally-owned computing and communication devices may be allowed on District property. These non-District-owned devices access District services, networks, data, and services, and as such are bound by this policy. Such devices are the sole responsibility of the owners.

Guest user access can be arranged for lecturers, program presenters, or other event-based needs by arrangement with Technology Services. The Technology Services Help Desk can provide credentials for such users who are bound by this policy. Guest access is limited in terms of Internet and file access.

Network and Internet General Usage

The District employs a variety of technology protection measures to secure and protect data and systems, including filtering Internet content. These protection measures are imperfect and cannot guarantee complete protection.

Access to Technology resources is made available to authorized users in support of the District's instructional and business processes only. Any use of these resources which interferes with these processes is prohibited. Users of the District's technology systems assume all responsibility for use of the network access accounts issued to them, and for District technology assets issued to them or entrusted to their use and care. The District prohibits the use of its resources to view, access, download, store, or transmit any material which is in violation of any District policy or rule, or violates any local, state, or federal law or regulation. Prohibited material includes but is not limited to:

- Obscenity or pornography
- Threats against persons or property
- Material which could reasonably be construed as harassing, bullying, or discriminatory
- Material used to further any commercial business, political party, or other organization not specifically endorsed or supported by the District
- Material protected by copyright or trade secret; plagiarism
- Material which is potentially disruptive of the District's instructional and business processes, including viruses, malware, spam, and tools or software intended to bypass, interrupt, or disable District security, filtering, or data-protection measures

Prohibited activities include but are not limited to:

- Attempts to access data or services to which the user has no District-defined need or permission
- Attempts to bypass, interrupt, or disable District security, filtering, or data-protection measures; hacking

- Use of a network access account other than that issued to you, or allowing (by any means) use of your account by anyone else; impersonation, misrepresentation of identity
- Operating or using a non-District network on District property, such as rogue Wi-Fi, MiFi, mobile hot-spots, or other network technology
- Attaching any personally-owned device to the District's wired network
- Student use of a staff-owned personal device
- Transmission or transportation of confidential or privileged data (such as student information or records, personally-identifying information, District financial data, or personnel data) without authorization, or via a means which make the data subject to loss
- Use of District resources for personal monetary gain; conducting personal financial activities
- Use of District resources to send unsolicited messages unrelated to District business, chain messages, spam, or bulk messages
- Installing software not approved or allowed by Technology Services, particularly any which interfere with the intended operation of the system
- Alteration of or damage to District resources

Personally-owned Devices

The District has a specific wireless network configured for the use of personally-owned laptops or mobile computing devices. When on District property, users of personally-owned devices may access only this wireless network and no other network. This network allows filtered access to the Internet, and no access to the District's business network.

Personally-owned devices are permitted on District property, but may only be used at the direction of a teacher or school administrator. All use during the school or work day must be clearly related to instructional purposes. Administrators, Teachers, or Technology Services personnel may prohibit the use of personally-owned devices at any time.

Owners of these devices are solely responsible for the configuration, content, upkeep, and safety of their devices. The District will not assist with configuration, will not troubleshoot issues, and assumes no responsibility for function or safety.

Student Use of Electronic Communication Tools

Electronic communication tools, including, but not limited to, student email accounts, learning management platforms, or District-approved social networking sites, may be provided by the District. Students must abide by the guidelines established in this document while using all electronic communication tools. Students are only permitted to access email accounts provided by the district. Accessing personal email accounts is not allowed.

Student Internet access will be under the direction and guidance of a District staff member. In addition, all students in grades K-12 will receive instruction on Internet safety and cyberbullying each school year.

Confidentiality and Privacy

Information considered to be confidential or personal should not be transmitted via District systems except via means designed or approved for that purpose by Technology Services. The District assumes no responsibility for lost or stolen personal information sent or received via or stored on District systems.

Any data stored on or communication transmitted via its systems should not be considered private. The District maintains the right to examine this information at any time.

Violations and Consequences

Users who observe or become aware of violations of this policy are required to report them to a teacher, administrator, supervisor, or Technology Services immediately. Failure to do so is itself a violation of this policy.

Upon discovery of violations or threats to the proper function of District systems, Technology Services will act to protect data and systems. User account access may be suspended to isolate threats. Account suspension will be

communicated to the Principal (in the case of student involvement), to the Supervisor and Human Resources (in the case of employee involvement), or to the sponsoring department (in the case of a vendor or contractor).

Violation of this policy by District employees may result in disciplinary action up to and including dismissal. Disciplinary action is the responsibility of Human Resources. Typically, a first violation may be met with a suspension of access privileges and a formal reprimand. Second or subsequent violations may be dealt with more severely.

Violation of this policy by students is within the scope of the Student Code of Conduct. The school's disciplinary process will be followed.

Violation of this policy by contractors, vendors, or other authorized users who are not District employees may result in revocation of access privilege or other consequences as defined by the District.

Exceptions:

Rapid advances in the state of technology and the District's interest in testing or evaluating new technologies may warrant temporary suspension of certain provisions of this policy. Technology Services will supervise and manage these exceptions during evaluation periods.

Technology Services personnel are exempt from certain provisions of this policy for diagnostic and troubleshooting purposes, provided these exceptions are within the scope of their professional responsibilities.

Limitation of Liability:

Beaufort County School District will not be responsible for damage or harm to persons, files, data, or hardware, including personally-owned devices.

The District employs security and filtering mechanisms and attempts to ensure their proper functioning, but can make no guarantee regarding their effectiveness.

I have read and understand the Beaufort County School District's Acceptable Use Policy for Technology.
