

Directory Information Opt-Out Form

Riverdale School District occasionally shares "Directory Information" with 3rd parties. Directory Information is information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Riverdale School District, in accordance with the US Department of Education, considers name, address, telephone listing, homeroom teacher, participation in officially recognized activities and sports, and dates of attendance "Directory Information." "Directory information" may be shared without consent during and after enrollment at RSD unless a student or guardian has notified the District in writing that he or she does not want any or all of those types of information designated as "Directory Information."

The primary purpose of directory information is to allow the District to include this information from your child's education records in certain school publications or entities that provide school-related services. Examples include:

- The yearbook
- Honor roll or other recognition lists; Graduation programs;
- Sports activity announcements, such as OSAA rosters and sports programs;
- School directories published by parent-teacher associations; Foundation Fundraising materials, and newspaper or broadcast media stories or photos

If you do not want Directory Information shared, please return this form to the [Enrollment Coordinator](#) via email or can you deliver a printed copy to the front office of either school.

Student Name: _____

School: _____

☐ I do not want ANY "Directory Information" released to any entity.

Parent Name (printed): _____

Parent Signature: _____
