Good Morning,

My team will be Seniors this year and we would like to use all of the funds in the account to help pay for Senior dues. As Mr. Furley requested, can the funds be transferred to the HS-Seniors Account? If you need further information please let me know. Welcome back and have a fantastic Thursday!

Mr. Chris Riedel | 9th Grade Physical Science

On Wed, Jul 24, 2024 at 7:02 PM Wesley Furley <wfurley@santafesouth.org> wrote:

Your account currently has \$3,166.38 which with 22 team members would be \$143.91 per kid. Lets say \$150 paid per kids, so each kid would need to pay \$200 for dues and only \$100 at the bash. Your Junior Marshal students would be paid for. We will transfer all your funds to the HS-Senior account.

Can you send an email to business@santafesouth.org and request your Team Account total amount to be transferred to the HS-Seniors Account for Senior Dues please?

thanks,

--Furley

General/Activity Account

1 message

Kassandra Marquez <kmarquez@santafesouth.org>

Tue, Jul 16, 2024 at 2:52 PM

To: Angela Serna <aserna@santafesouth.org>, Meg Wheeler <mwheeler@santafesouth.org>, Daisy Moreno <dmoreno@santafesouth.org>, Andrea Chrisman <anchrisman@santafesouth.org>, Carson Aldridge <caldrige@santafesouth.org>

Good afternoon Angie, with Spero Upper & Lowers new transition Meg has informed me that we will now only have one General/Activity account for both sites to use. If you have any questions please let me know.

-Thank you

Kassandra Marquez

SFS Student-Staff Communications Policy

Definition of Terms:

"Electronic or digital communication" includes, but is not limited to, emails, text messages, instant messages, direct messages, social media messages, messages sent through software applications, and any other electronic digital means of communication.

"School personnel" means teachers, coaches, administrators, school bus drivers, or any other persons employed full-time or part-time by Santa Fe South Schools.

Student Communication

School personnel engaging in electronic or digital communication with an individual student shall include the student's parent or guardian in any electronic or digital communication, unless such communication is on a school-approved platform and related to school and academic communications.

Santa Fe South (SFS) staff may use the following school-approved platforms for mass communication with classes, teams, grade levels, and schools:

- SwiftReach K12 (until September 1st, at which time SwiftReach will be replaced by SchoolMessenger)
- Remind
- Class Dojo
- Google Classroom
- Discord (for high school programs only)
- Edgenuity
- DeansList

A site administrator, district supervisor, or site Athletics Director must be added to these platforms prior to mass-communication use, and direct messages must be disabled on SFS staff accounts.

Staff may use school-issued accounts on the following school-approved platforms for one-on-one communications with students:

- SFS Gmail
- Google Classroom
- Edgenuity
- SchoolMessenger (starting September 1st)
- Along.org
- Go Guardian

The communication must be related to school or academics, even when a school-approved platform is used. School personnel shall make reasonable efforts to use school-approved platforms, systems, or applications that allow inclusion of parents or guardians in communications with students. Parents/Guardians have the ability to access all student-staff communication done through these permitted school-approved platforms. Exceptions to the requirement may be made in case of an emergency, subject to subsequent notification to the parent or guardian. If a student reaches out to a staff member through an unauthorized platform the employee may respond through a school-approved platform and remind the student which platform(s) should be used. This communication should then be reported to a school administrator, and the school shall contact the students' parents or guardians if they repeatedly use an unauthorized platform to contact staff members.

Any school personnel who is reported to be in violation of this policy shall be put on administrative leave while the school district investigates the incident and notifies the board of education or designee. If the investigation finds that no misconduct occurred, the school personnel shall be reinstated and the incident shall be noted in the school personnel's employee file.

If the investigation finds misconduct occurred, the school personnel shall be disciplined according to the school district board of education's policy, up to and including termination of employment, and the incident shall be reported to law enforcement pursuant to Section 1210.163 of Title 70 of the Oklahoma Statutes.

Staff who wish to propose additional communications platforms for district consideration may complete the online form found on Santa Fe South's Incident IQ under "Forms" or by visiting the following link:

<https://sfs.incidentiq.com/agent/forms/3e2af033-a0d3-4a09-9a9d-c7afc8789c56/student-communication-app-request>

Training

Santa Fe South Schools shall provide training, developed by the State Department of Education, for school personnel on the student communication requirements of this section and are responsible for tracking, monitoring, and verifying training.

Additional Notes

- SFS faculty members **MUST** inform and require students to include a parent/guardian when the student sends any text or messages to school employees and inform and require the students to use only school-approved platforms and that messages be related only to school and academic communications.
- SFS faculty members **MUST** add a parent/guardian in any response to a student where the student initiated the communication and did not include a parent/guardian.
- If SFS faculty members have a familial relationship with the student but are not the parent/guardian, communication **MUST** include a parent/guardian.
- The bill/law is not written to extend to communications between college instructors and students. However, if the instructor is employed by Santa Fe

South then the statute covers the communication even if the communication is for a class for college credit.

Effective July 1, 2024.
