Texas Application for State Financial Aid

July 1, 2022 – June 30, 2023

The Texas Application for State Financial Aid (TASFA) is a free application that collects information to help determine eligibility for state (or institutional) financial aid programs administered by institutions of higher education in the state of Texas. Students classified as Texas residents who are not eligible to apply for federal financial aid using the Free Application for Federal Student Aid (FAFSA) are encouraged to complete the TASFA. To review the FAFSA filing requirements, visit fafsa.gov or contact the financial aid office at the institution you plan to attend for the 2022-23 award year. **Note:** The federal application covers federal and state financial aid opportunities. If you meet the FAFSA filing requirements, then you should submit a completed FAFSA. You do not need to complete both the FAFSA and TASFA.

The state financial aid priority application deadline for many institutions of higher education is **January 15, 2022** for the 2022-23 award year. In order to be considered for the most financial aid that may be available to you, it is important to complete and submit this application with all required documentation to the financial aid office **on or before Jan. 15**. **Note:** Texas residency and final eligibility for financial aid can only be determined by the institution that you plan to attend.

To complete this application, answer each item within each section. If a question does not apply to you, answer **N/A for not applicable**. For clarification on certain items, refer to the **TASFA Notes on pages 6-8**. If you have further questions about this form, contact the financial aid office at your institution. Some institutions have an online version of the TASFA; check with your institution before filling out the pdf or paper version. **Note:** Personal information collected on the TASFA is protected under the Family Educational Rights and Privacy Act (FERPA) of 1974.
