"Preparing our Students for the Future"

April 30, 2024

Notice

All Franklin County Schools have been inspected by an EPA-approved asbestos inspector and maintain a management plan file in the school office as required under AHERA regulations. The file is available for any parent to view.

Most of our asbestos containing materials are in the form of floor tiles and are non-friable. These materials are well maintained. The law requires that we make this notice to all employees, students and staff annually.

We are glad to provide a healthy atmosphere for students and staff.

Franklin County Board of Education
