

# EMPEROR

PATRIOTIC ASSEMBLIES AND  
ACTS OF SERVICE

# ASSEMBLIES

We use assembly time as a time to teach about all the holidays we celebrate throughout the year.

Many students and their families have never celebrated or have not learned about these American traditions.

# ASSEMBLIES

The students learn about the Presidents and their birthdays, about the difference between Veterans Day and Memorial Day, and also about people who have made contributions to our history.

# SERVICE

Emperor strives to teach how acts of service can help others. Students join Student Council or Peace Squad, and help with activities like a new student welcome lunch or Kindness week. These are some of the groups that help teach how they can preform daily acts of service

Our students in the 6th grade also go on a field trip where they learn how they can serve the community around them.

# WAYS WE SERVE

- Donation drives
  - Collection and wrapping of Christmas gifts
  - Penny Carnival—where students donate all necessary materials, and the “pennies” are donated to Children’s Hospital
  - Kindness notes to their friends
- Are just some of the ways Emperor Eagles share acts of service.

# HOMETOWN HEROES

Our first assembly of the school year is hosted by our 5th grade students.

Cookies are collected and donated to local agencies that provide us care on a daily basis. This was our way of remembering the events of 9/11, and honoring those who passed, while also teaching what students can do to say thank you for their service.
