More of what's Happening

We are having a great time in ACE. Each day students have dinner and a snack. Then we break into clubs to work on academics and enrichment clubs. The students are doing a fantastic job and are really engaged. I am sure they have told you all about some of their favorite activities. We are happy to have each of them here and appreciate you for allowing them be a part of ACE. Be sure to check our La Vega ISD ACE FB page for photos, info and more.
