## CELEBRATING LEGENDARY TEACHERS

Dear MUSD Families,

Did you know that the average teacher experience in MUSD surpasses the Arizona state average? This longevity isn't just a statistic; it translates into seasoned educators who have had a lasting impact on the lives of our students.

On September 26, 2024 we celebrated Legendary Teacher Day with over 150 submissions and many teachers receiving multiple nominations. For the amazing relationships they build with students, the dynamic learning environments they cultivate, and the high expectations they set for student success, we believe all MUSD teachers are legendary.

Thank you for helping us honor your child's teachers and thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
