To comply with BOE Policy 5116, annual training on Emergency Safety Interventions is provided to all district staff members. On July 31st, 2023, the Board approved select staff members to attend professional development through the Crisis Prevention Institute (CPI) and become certified as NCI (Nonviolent Crisis Intervention) trainers. CPI used an updated curriculum for this training that no longer included a particular hold (Team Control) which has historically been used by our staff. Rather than requiring us to pay for additional training to learn the Team Control method, CPI has granted us the free option to learn/teach this hold through their video library.</p> <p>Ms. McCray Miller (Ms. Stabler) moved the Board authorize the district to sign the permissions letter with Crisis Prevention Institute (CPI) so our new trainers can have access to the video training for the Team Control hold at no additional cost to the district and teach it to others.</p> <p>The motion passed 7-0.</p>

Finance	
Budget Report	<p>Susan Willis, Chief Financial Officer, briefed the Board. Owing to declining enrollment, aging buildings, and the end of federal ESSER funds, the district faces a \$42 million shortfall for the 2024-2025 school year. Impending administrative and program changes reduce this shortfall to \$33 million.</p> <p>In response to staff and community surveys, the priority is people over buildings. By reducing the number of school buildings, utilizing natural attrition, additional administrative and program changes, and utilizing cash reserves, the remaining shortfall can be eliminated.</p> <p>At approximately 8:57 p.m., Board member Stan Reeser left the table.</p> <p>At approximately 9:00 p.m., Mr. Reeser returned to the table.</p> <p>The complete presentation is included in the archival copies of this BOE Agenda and Minutes. This presentation was for the Board’s information. By consensus, the Board directed staff to look at a limited building reduction option to address some of the 2024-25 budget deficit and help the staffing challenges until the larger facility master plan is complete.</p>
