

ART

Hello 5th & 6th grade parents/guardians,

The art students and I always appreciate donations to help us with upcoming projects or clean up.

Here are a few items that are often needed:

Paper plates – used for painting palettes and makes it easy for painting and clean-up.

Gallon size plastic bags – used to store clay projects.

Plastic containers (of any sort...recycled cottage cheese, yogurt, butter containers or Ziploc/Glad containers – used for storing paper-mache' and other supplies.

Old wash cloths or dish rags/towels – helps with cleaning up art messes.

We would like to thank you in advance for all the donations. It is greatly appreciated by the art students and myself.

Mrs. Jacobson

PLEASE NOTE: The supplies listed are optional, as all necessary items are provided by the district. Any additional purchases are optional and can enhance your student's experience but are not required. Your contributions are appreciated.
