## Positive Behaviour Management Policy

Positive Behaviour management policy applies to the whole school management of pupils including boarders.

### Aims

This policy aims to:

- Provide a **consistent positive approach** to behaviour management across Prestfelde school and boarding.
- **Define** what we consider to be unacceptable behaviour, including bullying.
- Outline **how pupils are expected to behave**.
- Summarise the **roles and responsibilities** of different people in the school community with regards to behaviour management
- Outline our system of **rewards and sanctions**.

Prestfelde School does not believe in corporal punishment.

Corporal punishment is prohibited for all pupils in Prestfelde School and its use would ordinarily result in a crime being committed; a threat to use corporal punishment may constitute assault and the defence of reasonable chastisement is not available to school staff. The prohibition includes the administration of corporal punishment to a pupil during any activity, whether or not within the school premises. The prohibition applies to all 'members of staff'. These include all those acting *in loco parentis*, such as unpaid, volunteer supervisors. There is no justification for inflicting pain on a child or young person as a parent (or any other adult carer). Any form of physical punishment that leaves a mark on a child or young person is considered an assault and is illegal under the Section 58 of the Children Act 2004 (S47 of Offences Against the Person Act 1861). It is also against the UN Convention of the Rights of a Child (Article 19).

The focus of this policy is to ensure the safeguarding of the children within our care. See Prestfelde Safeguarding policy.

This policy is written with reference to Behaviour and discipline in schools DFE

## Roles and responsibilities

### The Governing Board

The governing board is responsible for monitoring this behaviour policy's effectiveness and holding the headteacher to account for its implementation.

### The headteacher

The headteacher is responsible for reviewing and approving this behaviour policy.

The headteacher will ensure that the school environment encourages positive behaviour and that staff deal effectively with poor behaviour, and will monitor how staff implement this policy to ensure rewards and sanctions are applied consistently.

### Staff

Staff are responsible for:

- Implementing the behaviour policy consistently
- Modelling positive behaviour
- Providing a personalised approach to the specific behavioural needs of particular pupils
- Recording behaviour incidents via Class Charts
- Collating the chronology of events which includes children's statements and accounts.
- Following up on interventions and their impact within Form time, to ensure the circle is completed and the child is supported.
- monitoring of the impact of interventions is not only supported by senior staff but also overseen by them.

The pastoral team and the senior leadership team will support staff in responding to behaviour incidents.

### **Parents**

Parents are expected to:

- Support their child in adhering to the pupil code of conduct.
- Inform the school of any changes in circumstances that may affect their child's behaviour
- Discuss any behavioural concerns with the class teacher - form tutor promptly.

**Pupil (inc. Boarders) code of conduct-** Pupils are expected to display the characteristics of a Prestfeldian by:

- Show respect for every pupil and adult.
- Use words that compliment, help and support people.
- Settle differences peacefully together.
- Take care of the school, your belongings and the belongings of others.
- Always be where you are supposed to be.
- Remember Ready, Respectful, Safe. (See Appendix
- Make sure your behaviour enables all children to learn positively in class.
- Move quietly around the school demonstrating a respect for others.
- Line up and wait quietly outside the classroom to be greeted by your teacher.
- Always wear the correct uniform.
- Learn from your behaviours at all times.

### **Behaviour Statement**

Our central aim is to celebrate the uniqueness of every child and facilitate each child's well-being and active learning, in a happy, friendly, secure and enriching environment in which children feel cared for and can develop to their full potential in all areas.

We believe that everyone has a right to feel valued, respected and safe. For this to happen in practice, we have a responsibility to behave in ways that enable all of us to feel free to explore and learn without fear of being hindered or hurt.

This policy provides guidelines on how to support this vision; it recognises that learning self-regulation and socially appropriate behaviour is a developmental process. By modelling positive behaviour and managing challenging behaviour appropriately and competently, we can provide for the needs of the individual as well as ensuring the safety and well-being of everyone.

We aim to build relationships where all involved in the school are working together in an atmosphere of respect, sensitivity and trust where all individuals support, listen to and value each other with an understanding and a respect for our British Values.

Children must have an understanding of the fundamental British Values which underpin our society.

- democracy.
- the rule of law.
- individual liberty.
- mutual respect for and tolerance of those with protected characteristics including different faiths and beliefs or those without beliefs.

## **Statement of Intent**

For all children to achieve their potential, they need to feel safe and secure, valued and able to engage in activities with confidence. They also need to develop an understanding and respect for the feelings of others and the basis for determining appropriate behaviour, and be supported according to age and development in managing feelings and behaviour

This policy aims to outline the principles of how we promote positive behaviour with in our setting. It clearly details expectations of behaviour and interactions, support for positive behaviour, and strategies for managing challenging behaviour or conflict.

Prestfelde recognises parents as the main educators of their children and the importance of parents' involvement in the process of promoting positive behaviour. All parents are informed about the approach to behaviour, which is initially discussed during the induction process, and parents are consulted at an early stage should any issues regarding behaviour arise.

The policy is shared with all staff and provides a basis for a consistent approach across the School 3 -13 years, whilst appreciating adaptations the age and stage of development for each child. Prestfelde is an inclusive community. We welcome pupils from a wide variety of ethnic and social backgrounds and faiths. We treat everyone as an individual and aim to develop the whole person equipped to take their place in the modern world.

## **Positive Behaviour**

All adults in the Prestfelde community set a positive example at all times, in accordance with the statement of intent (above). Staff are expected to support parents by modelling a positive approach and displaying understanding and knowledge of child development and so encourage parents to use positive behaviour strategies.

We recognise the role of the planned provision in encouraging and promoting positive behaviour and are committed to providing appropriately for the needs of the child. The physical environment is stimulating and of high quality, while offering opportunities for rest and withdrawal to suit children's needs. Adequate resources are available to minimise the likelihood of conflicts.

Children are aware of routines within the school, and boundaries regarding responsible behaviour are clear and consistent. Children are encouraged to feel a sense of ownership and pride in their Prestfelde community and are consulted and involved in discussion about rules and routines as appropriate to their age and development. Contributing in a positive way to tasks within the School routines enables children to feel involved and to accept responsibility.

In interacting with others, mutual respect and concern for the feelings of others is a cornerstone, that is always modelled by adults in all interactions with children and other adults. Children are encouraged to be aware of their own feelings and the feelings of others, and as appropriate to recognise and take responsibility for the impact of their actions on others.

## **The role of the adult**

When addressing any behaviour, whether positive or negative, the behaviour is separated from the child. Children need to know that whatever their behaviour, they are always cared for and valued, whatever their behaviour. Through adults' positive comments about children's appropriate behaviour, they learn that we notice and value behaviour which is helpful, responsible and kind.

## Rewards and sanctions

The teacher’s discretion will be used to determine the type of sanction/behavioural management needed and this will be logged on the child’s file within Class Charts. Depending on the stage of the behaviour, parents may be requested to a meeting to discuss the behaviour and work together to support the child. (see behaviour communication system)

## Sanctions

Whilst recognising the importance of consistency, the School will be guided primarily by the interests, pastoral needs and welfare of the individual pupil when administering sanctions. In general:

- Sanctions should not humiliate, degrade or belittle a pupil
- Sanctions should help a pupil understand the consequences of their actions
- Sanctions should enable pupils to put something back and repair what they have done wrong
- Sanctions should reunite pupils with the community rather than reject or ostracise them
- Sanctions should be appropriate and in proportion with the wrong done.
- **Corporal punishment is illegal in all circumstances and is never used.**

All staff should be aware of the needs of pupils in respect of the protected characteristics outlined in section 1. For those pupils with SEND, it may be appropriate for staff to consult with the Head advice.

We try to ensure fairness by:

- Investigating fairly and thoroughly.
- Telling the pupil the allegations and evidence.
- Listening and considering.
- Avoiding bias and prejudice.
- Considering what is reasonable and proportionate.
- Taking advice where necessary; consulting with colleagues.
- Communicating with parents.
- Keeping effective and accurate records.
- Taking a decision supported by sound reasons.
- Allowing a review.

Behaviour which may constitute 'bullying', will be investigated further and dealt with according to the Anti-Bullying Policy.

With the youngest children, where the age and stage of development may prevent understanding of an explanation of why any negative behaviour is inappropriate, staff would redirect the child's play at an early stage by using distraction. Any dangerous behaviour will be stopped immediately. Usually, children will be given a brief explanation about the effect of their behaviour, and encouraged to become aware of the feelings of other children or adults. Conflicts between children will be managed as problem solving situations, involving children in considering the feelings and opinions of the people concerned and helping to suggest solutions.

Where challenging behaviour occurs, parents/carers will be informed and consulted about the strategies used within school to manage and support improved behaviour with positive targets to support improved behavioural outcomes.

Partnership between parents and the school are vital to ensure a consistent approach to support expectations of all children at home and school.

As part of the confidentiality policy children's behaviour will only be discussed in a confidential environment, by parents/carers of the child, the staff concerned and the managers or deputy managers.

### **Malicious allegations**

Where a pupil makes an accusation against a member of staff and that accusation is shown to have been malicious, the headteacher will discipline the pupil in accordance with this policy.

Please refer to our safeguarding policy and procedures for dealing with allegations of abuse against staff, for more information on responding to allegations of abuse.

The headteacher will also consider the pastoral needs of staff accused of misconduct.

### **Classroom management**

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the classroom. Consideration of expectations are made in terms of the age and development of the children.

They will:

- Create and maintain a stimulating environment that encourages pupils to be engaged.
- Display the pupil code of conduct or their own classroom rules.
- Develop a positive relationship with pupils, which may include:
  - o Always be prompt in your own attendance to all lessons and duties.
  - o Greeting pupils in the morning/at the start of lessons
  - o Establishing clear routines
  - o Communicating expectations of behaviour in ways other than verbally
  - o Noticing and acknowledging positive behaviours. Highlighting and promoting good behaviour at every opportunity
  - o Concluding the day positively and starting the next day afresh
  - o Having a plan for dealing with low-level disruption
  - o Using positive reinforcement
  - o Explaining the consequences of some behaviours and offering choices.
  - o Providing strategies to support children's problem solving and understanding of the situation.
  - o Communicating and modelling positive behaviour, using a variety of strategies and props e.g. makaton, gestures, visual timetables and puppets
  - o Recognising and acknowledging feelings to encourage empathy.
  - o Creating an environment that minimises conflict e.g. ensuring there are sufficient resources.
  - o Providing planned opportunities to discuss behaviour and feelings.

All staff employed by the school are responsible for creating a positive Values based ethos through praise and rewards for good work and in promoting desirable behaviour.

Many factors have a part to play, including ensuring that unacceptable behaviour does not arise from inappropriate levels of work; good classroom organisation and structures help to support children who have difficulty managing their own work; clearly defined guidelines and boundaries; high expectations; quick response to acceptable behaviour; make at least three positive comments to a class/individual before making a negative comment.

Within Prestfelde, we encourage all children in becoming increasingly responsible for their own behaviour by having a differentiated visual stimulus within each room to support the children's understanding of cause and effect.

Weekly, each class teacher will choose two pupils from their class to receive a 'Special Mention award at the Friday celebration chapel. This can be given in response to demonstrating good behaviour, Values, Learning behaviours and attainment.

We support our children to develop effective learning behaviours through our learning behaviour characters. These characters help to support the children in identifying positive learning behaviours throughout their school day. This is rewarded positively through our celebration assemblies and the characters are referred to within our special mention certificates.

### **Learning Behaviours**

Children will explore learning behaviour characters linked to the whole school 'SECRET to success' learning how to become learners for life and become part of a school community.

Hello I am Tough Tortoise  (***I am Resilient***)  
I don't give up easily and I like to be challenged  
I just try, try, try, again  
I use my shell to build up my 'ignore muscles', so I don't get distracted when I am learning  
I talk to myself and say 'I can do it'  
I also say 'Hocus Pocus Let Us Focus'  
I keep going even when the learning gets 'tough'

Hello I am Sensible Squirrel  (***I am Ready and Resourceful***)  
I am good at finding the things I need to do a job  
I like to use my 'imagining' eye  
I try to find out things for myself and I think a lot about what things I might need  
I also know where to go to find the things that help me with my learning  
I make links with what I have learnt before to help me learn new things and I use a step by step way of learning  
I ask questions and I am curious to find out more

Hello I am Wise Owl  (***I am Reflective***)  
I think back to the learning I have done before  
I think about ways to get around 'being stuck' with my learning  
I am good at planning my learning and know how I learn best  
I like to think about things I already know so this will help with my new learning  
I can review and change what I do to get better  
I like to talk about the progress I am making and how I am getting better at learning

Hello we are Team Ant  (***We show Reciprocity and Respect***)

We are good listeners

We can work well together in a team.

We help each other with tasks and we remember to take turns

We try to imagine what it might be like to be each other and to understand one another's feelings

We are also good at working on our own

Sometimes we learn by watching how others do something.

As the children move through Little Prestfelde these learning behaviour characters are linked into the school SECRET.

We want to enable all boys and girls to develop their love of learning, academic potential and individual talents in a caring Christian community which fosters sensitivity, confidence, a sense of service and enthusiasm for life.

## Interventions

Physical punishments or the threat of them are never used. Interventions usually involve distraction or a problem-solving approach.

## **Stages of behaviour management**

All support staff work and act within the expectations of this policy but need to refer to relevant teaching colleagues any pastoral/behavioural concerns they may have.

All teachers/ key person colleagues complete a Behaviour Report proforma via Class Charts, which records the number of children at each behaviour stage. (This is discussed weekly as part of the pastoral team meeting.

The conversation with the child is key to ascertaining understanding, intent and sanctions to be given.

The adult involved in the conversation must speak to each child individually, ensuring that they have a witness to the conversation.

The conversation must support the reflection of the actions following the SUMO approach of Event

Response

Outcome

1. Where is the issue on a scale of 1-10?
2. How important will this be in 6 months' time?
3. Is my response appropriate and effective?
4. How can I influence or improve the situation?
5. What can I learn from this?
6. What will I do differently next time?
7. What can I find that's positive in this situation?

## **Physical restraint**

In some circumstances, staff may use reasonable force to restrain a pupil to prevent them:

- Causing disorder
- Hurting themselves or others
- Damaging property

Incidents of physical restraint must:

- **Always be used as a last resort. See restraint procedure within safeguarding policy.**
- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded within Class Charts and reported to parents on the same day.

## **Confiscation**

**Any prohibited items found in pupils' possession will be confiscated.** These items will not be returned to pupils.

We will also confiscate any item which is harmful or detrimental to school discipline. These items will be returned to pupils after discussion with senior leaders and parents, if appropriate.

Searching and screening pupils is conducted in line with the DfE's [latest guidance on searching, screening and confiscation](#).

## **Pupil support**

The school recognises its legal duty under the Equality Act 2010 to prevent pupils with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the pupil.

The school's special educational needs co-ordinator will evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

### **Pupil transition**

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings internally but also involving parents and pupils identifying with specific behavioural and emotional needs of each child.

To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year. Information on behaviour issues may also be shared with new settings for those pupils transferring to other schools.

### **Training**

Our staff are provided with training on managing behaviour.

Behaviour management will also form part of continuing professional development and or INSET e.g. using external providers such as Pivotal to ensure a consistent cohesive approach across the school and address changes in national recommendations and guidance.

### **Monitoring arrangements**

This behaviour policy will be reviewed by the headteacher and Education Committee annually or responsively when it has been updated. At each review, the policy will be approved by the headteacher.

### **Record keeping**

Records of pupil rewards and sanctions are kept on the Class Charts database. When an incident is deemed serious enough to involve the Head, a record of the event is lodged in the pupil's file.

Suspension and permanent exclusions are recorded on Safeguard My School and a record kept in the pupil file. Staff who are involved in reporting or investigating an incident should be informed of the outcome.

Records of rewards and sanctions will form part of the transition process (e.g year to year, Prep to Senior) where the information is appropriate and relevant.

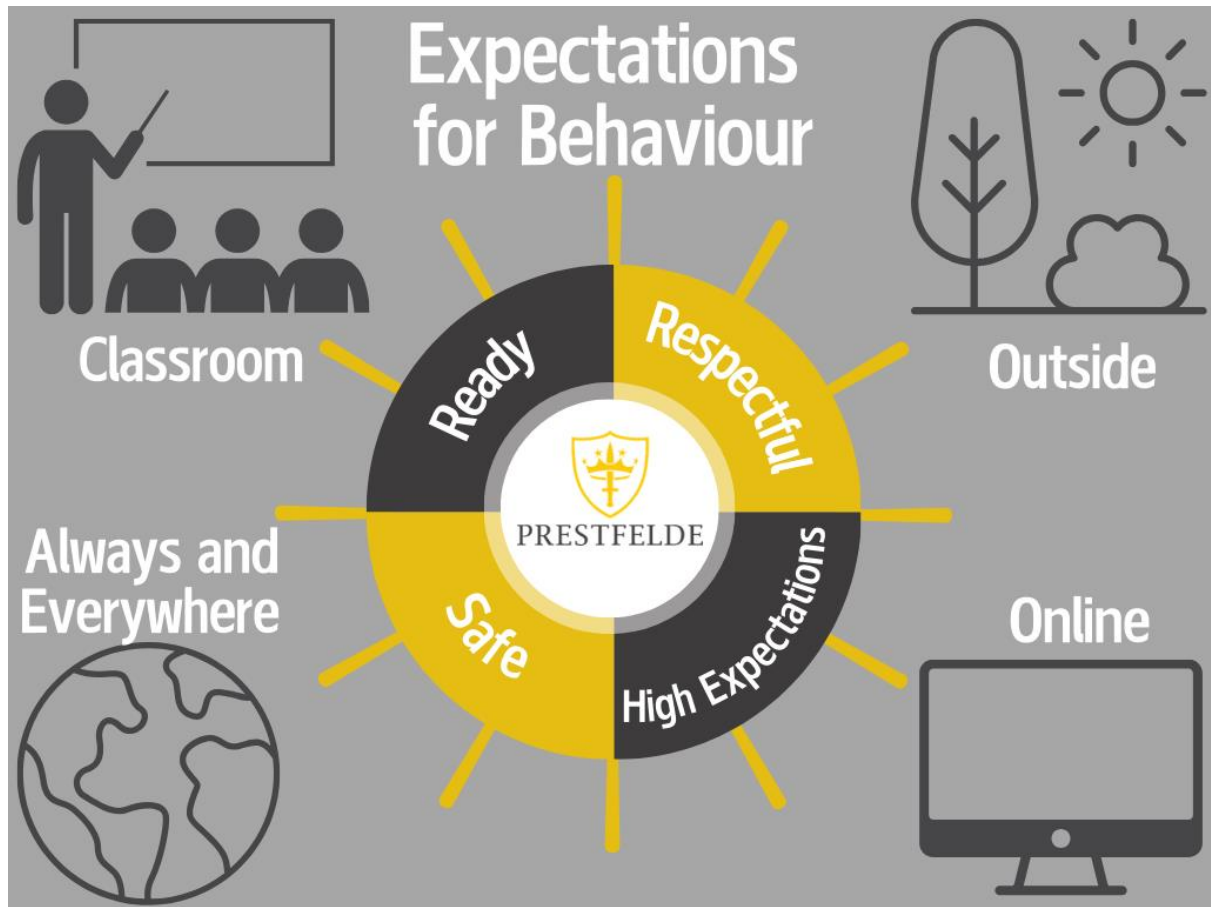

### **Links with other policies**

This behaviour policy is linked to the following policies:

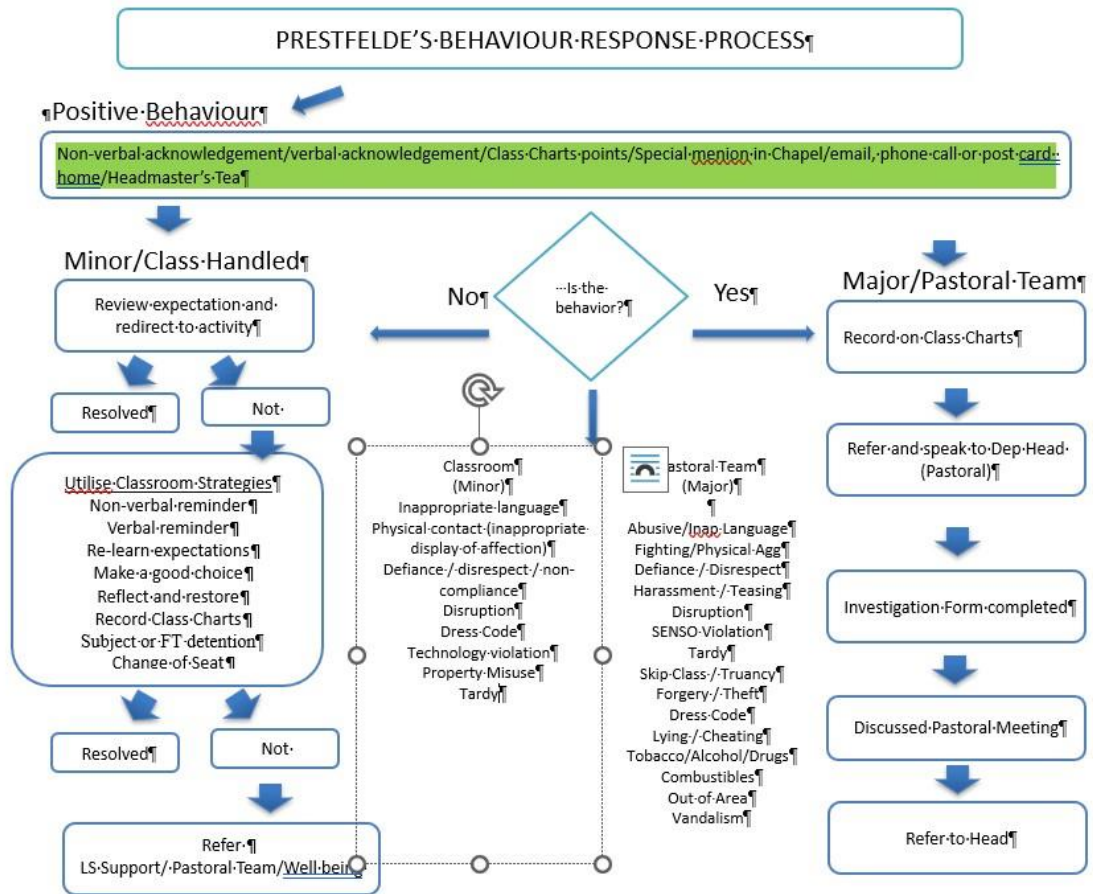

- Exclusions policy
- Safeguarding policy
- Anti-Bullying policy

## Prestfelde School Behaviour Principles

- Every pupil has the right to feel *safe, valued, and respected*, learning in an environment free from disruption and distraction.
- All members of the Prestfelde community, including pupils, staff, and visitors, have the right to be free from *discrimination*, fostering an inclusive and welcoming atmosphere.
- Staff and volunteers consistently model *excellent behaviour* and embody the school's values of *respect* and *safety*.
- *Rewards, sanctions, and reasonable force* are applied fairly and consistently in line with the school's *behaviour policy*, ensuring that pupils understand the consequences of their actions.
- The *behaviour policy* is clear and well-communicated, ensuring that both pupils and staff have a full understanding of expectations.
- *Exclusions* are only applied as a *last resort* and in accordance with the *exclusion policy*, which outlines transparent procedures for both *permanent and fixed-term exclusions*.
- Pupils are supported to develop *ownership and responsibility* for their behaviour, promoting personal growth and accountability.
- Families are engaged in behaviour-related matters to build and maintain *strong relationships* between the school and home, reinforcing shared expectations.
  
- The governing body reinforces that any form of *violence or threatening behaviour* is strictly prohibited and will not be tolerated under any circumstances, ensuring the safety and well-being of everyone in the Prestfelde community.

These principles align with our school values of being **Ready, Respectful, Safe**, and maintaining the **highest expectations** for all.
