INDEPENDENT AUDITORS' REPORT

Board of Education
Shorewood School District
Shorewood, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Shorewood School District, Shorewood, Wisconsin (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 3.E., during 2021, the District adopted new accounting guidance, GASB Statement No. 84, *Fiduciary Activities*. As a result, the District identified activities previously reported as fiduciary activities that no longer meet the definition of a fiduciary activity. In prior years, these amounts were reported in the student activity and scholarship funds. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and the schedules relating to pensions and other postemployment benefits listed as required supplementary information in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and schedule of expenditures of state awards are presented for purposes of additional analysis, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration, are also not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards and schedule of expenditures of state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

**SHOREWOOD SCHOOL DISTRICT
SHOREWOOD, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Shorewood School District, Shorewood, Wisconsin (the District), have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the District are described below:

A. Reporting Entity

The District is organized as a unified school district. The District, governed by an elected five-member board, operates grades K through 12 and is comprised of all or parts of one taxing districts. In accordance with U.S. GAAP, the basic financial statements are required to include the District and any separate component units that have a significant operational or financial relationship with the District. The District has not identified any component units that are required to be included in the basic financial statements in accordance with standards.

B. Government-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are primarily supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Governmental funds include general, special revenue, debt service and capital projects funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**SHOREWOOD SCHOOL DISTRICT
SHOREWOOD, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Government-Wide and Fund Financial Statements (Continued)

The District reports the following major governmental funds:

General Fund – This is the District’s primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

Referendum Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt related to referendum projects.

Capital Projects Fund – This fund accounts for the expenditures related to the recently passed referendum.

Additionally, the District reports the following fund types:

The private purpose trust fund is used to account for resources legally held in trust for scholarship awards. Only earnings on the invested resources may be used to support the scholarships.

The employee benefit trust fund is used to account for resources legally held in trust for other postemployment benefits.

The student activity custodial fund is used to account for parent organization activity.

C. Measurement Focus and Basis of Accounting

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

**SHOREWOOD SCHOOL DISTRICT
SHOREWOOD, WISCONSIN
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes are recognized as revenue in the fiscal year for which taxes have been levied. Tuition, grants, fees, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when the cash is received by the District.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, and fees and fines, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources, as they are needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance

1. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions and are carried at cost. Investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

2. Property Taxes

The aggregate District tax levy is apportioned and certified in November of the current fiscal year for collection to comprising municipalities based on the immediate past October 1 full or "equalized" taxable property values. As permitted by a collecting municipality's ordinance, taxes must be paid in full or in two or more installments with the first installment payable the subsequent January 31 and a final payment no later than the following July 31. On or before January 15, and by the 20th of each subsequent month thereafter, the District is paid by the collecting municipalities its proportionate share of tax collections received through the last day of the preceding month. On or before August 20, the county treasurer makes full settlement to the District for any remaining balance.

Property taxes are recognized as revenue in the fiscal year levied as they are considered due as of January 1, the date from which interest and penalties accrue for nonpayment of a scheduled installment, and full receipt of the entire levy is assured within 60 days of fiscal year-end, meeting the availability criteria necessary for property tax revenue recognition by accounting principles generally accepted in the United States of America.

3. Accounts Receivable

Accounts receivable are recorded at gross amounts with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the basic financial statements.

4. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" in the fund financial statements.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

5. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items and are expensed in the period benefited.

Prepaid items of governmental funds in the fund financial statements are classified as nonspendable fund balance to indicate that they do not represent spendable available financial resources.

6. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the district-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or higher and an estimated useful life in excess of a year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the District are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Governmental Activities |
|----------------------------|----------------------------|
| Land Improvements | 20 Years |
| Buildings and Improvements | 50 Years |
| Machinery and Equipment | 5 - 20 Years |

7. Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused sick leave benefits in accordance with employee handbook policies and/or bargaining unit agreements. All sick leave is accrued when incurred in the district-wide financial statements. A liability for these amounts is reported in the governmental funds in the fund financial statements only if they have matured, for example, as a result of employee resignations and retirements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

8. Deferred Outflows/Inflows of Resources

Deferred outflows of resources are a consumption of net position by the government that is applicable to a future reporting period. Deferred inflows of resources are an acquisition of net position by the government that is applicable to a future reporting period. The recognition of those outflows and inflows as expenses or expenditures and revenues are deferred until the future periods to which the outflows and inflows are applicable.

9. Long-Term Obligations

In the district-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. Pensions

Wisconsin Retirement System

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense (revenue), information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

10. Pensions (Continued)

Supplemental Pension Plan

Qualifying teachers and administrators are provided with a supplemental pension. The supplemental pension is a single employer defined benefit plan administered by the District. For purposes of measuring the supplemental pension liability, related deferred outflows and inflows and pension expense, the District has used values provided by their actuary. Benefit payments are recognized when due and payable in accordance with the benefit terms.

11. Other Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's Other Postemployment Benefit Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

12. Fund Equity

Governmental Fund Financial Statements

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- **Nonspendable Fund Balance.** Amounts that are not in spendable form (such as inventory, prepaid items, or long-term receivables) or are legally or contractually required to remain intact.
- **Restricted Fund Balance.** Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- **Committed Fund Balance.** Amounts that are constrained for specific purposes by action of the Board of Education. These constraints can only be removed or changed by the Board of Education using the same action that was used to create them.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance (Continued)

12. Fund Equity (Continued)

Governmental Fund Financial Statements (Continued)

- **Assigned Fund Balance.** Amounts that are constrained for specific purposes by action of District management. The Board of Education has not authorized a specific employee to assign fund balance. Residual amounts in any governmental fund, other than the General Fund, are also reported as assigned.
- **Unassigned Fund Balance.** Amounts that are available for any purpose. Positive unassigned amounts are only reported in the General Fund.

The District has adopted a fund balance spend-down policy regarding the order in which fund balance will be utilized. Where applicable, the policy requires restricted funds to be spent first, followed by committed funds, and then assigned funds. Unassigned funds would be spent last.

District-Wide Financial Statements

Equity is classified as net position and displayed in three components:

- **Net investment in Capital Assets.** Amount of capital assets, net of accumulated depreciation, and capital related deferred outflows of resources less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets and any capital related deferred inflows of resources.
- **Restricted Net Position.** Amount of net position that is subject to restrictions that are imposed by 1) external groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- **Unrestricted Net Position.** Net position that is neither classified as restricted nor as net investment in capital assets.

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

A. Cash and Investments

The debt service funds account for their transactions through separate and distinct bank and investment accounts as required by State Statutes. In addition, the custodial fund uses separate and distinct accounts. All other funds share in common bank and investment accounts.

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state, and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool.

The carrying amount of the District's cash and investments totaled \$26,470,149 on June 30, 2021 as summarized below:

Fair Value Measurements

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; Level 3 inputs are significant unobservable inputs. The District has the following fair value measurements as of June 30, 2021:

| | Fair Value Measurements Using: | | |
|-----------------------------|--------------------------------|---------|---------|
| | Level 1 | Level 2 | Level 3 |
| Investments: | | | |
| Exchange Traded Funds | \$ 1,453,158 | \$ - | \$ - |
| Mutual Funds - Fixed Income | 351,844 | - | - |
| Mutual Funds - Equities | 653,317 | - | - |
| Total | \$ 2,458,319 | \$ - | \$ - |

Deposits and investments of the District are subject to various risks. Presented below is a discussion of the District's deposits and investments and the related risks.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Wisconsin Statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The District does not have an additional custodial credit policy.

Deposits with financial institutions within the state of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for the combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the state of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution.

A. Cash and Investments (Continued)

Custodial Credit Risk (Continued)

Also, the state of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available. This coverage has been considered in determining custodial credit risk.

As of June 30, 2021, none of the District's deposits with financial institutions were in excess of federal and state depository insurance limits.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin Statutes limit investment in securities to the top two ratings assigned by nationally recognized statistical rating organizations. Presented below is the actual rating as of the year-end for each investment type.

| <u>Investment Type</u> | <u>Amount</u> | <u>Exempt from Disclosure</u> | <u>AAA</u> | <u>Aa</u> | <u>Not Rated</u> |
|--|---------------------|---------------------------------------|---------------------|-------------------|----------------------|
| Mutual Funds - Fixed Income | \$ 351,844 | \$ - | \$ - | \$ 351,844 | \$ - |
| Money Market Mutual Funds | 16,682 | - | - | - | 16,682 |
| Wisconsin Investment Series Cooperative (WISC): | | | | | |
| Cash Management Series | 2,746,097 | - | 2,746,097 | - | - |
| Investment Series | 4,137,490 | - | 4,137,490 | - | - |
| Totals | <u>\$ 7,252,113</u> | <u>\$ -</u> | <u>\$ 6,883,587</u> | <u>\$ 351,844</u> | <u>\$ 16,682</u> |

Concentration of Credit Risk

At June 30, 2021, the District had no investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total District investments.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investments

The District has established an employee benefit trust fund to pay retiree's postretirement benefits. The trust has \$8,235,428 invested in the fixed interest annuities, which are reported at amortized cost, with American United Life Insurance Company® (AUL), a OneAmerica® Company. These fixed interest annuities are backed by AUL's general account assets. AUL bears the investment risk for the AUL Fixed Interest Account values and for paying interest.

Investment in Wisconsin Investment Series Cooperation

The District has investments in the Wisconsin Investment Series Cooperative (WISC) of \$6,883,587 at year-end consisting of \$2,746,097 invested in the Cash Management Series, \$4,137,490 invested in the Investment Series. The book value of the Cash Management Series is \$2,059,619. The Cash Management Series has no minimum investment period, allows check writing privileges, and the average dollar weighted maturity is ninety (90) days or less. The Investment Series requires a 14-day minimum investment period and one business day withdrawal notice, and the average dollar weighted maturity is one hundred twenty (120) days or less. The Limited Term Duration Series requires a 30-day notice for quarterly withdrawals based on predetermined withdrawal dates.

WISC is organized by and operated exclusively for Wisconsin public schools, technical colleges, and municipal entities. WISC is not registered with the Securities and Exchange Commission, but operates under Wisconsin International Cooperative Statute, Wisconsin Statute, Section 66.031. WISC is governed by the Wisconsin Investment Series Cooperative Commission in accordance with the terms of the Intergovernmental Cooperation Agreement. WISC invests District funds in accordance with Wisconsin law. WISC investments are valued at amortized cost, which approximates market value.

1. WRS Pension Plan Description

The WRS is a cost-sharing, multiple-employer, defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible state of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Annual Comprehensive Financial Report (ACFR), which can be found at <https://etf.wi.gov/publications/cafr.htm>

Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before December 31, 2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Postretirement Adjustments

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

| <u>Year</u> | <u>Core Fund Adjustment %</u> | <u>Variable Fund Adjustment %</u> |
|-------------|-----------------------------------|---------------------------------------|
| 2011 | -1.2 | 11 |
| 2012 | 7.0 | -7 |
| 2013 | 9.6 | 9 |
| 2014 | 4.7 | 25 |
| 2015 | 2.9 | 2 |
| 2016 | 0.5 | -5 |
| 2017 | 2.0 | 4 |
| 2018 | 2.4 | 17 |
| 2019 | 0.0 | -10 |
| 2020 | 1.7 | 21 |

Contributions

Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and executives and elected officials. Starting on January 1, 2016, the executives and elected officials category was merged into the general employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the year ending June 30, 2021, the WRS recognized \$1,164,897 in contributions from the District.

Pension Assets, Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the District reported an asset of \$6,601,818 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2020, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2019 rolled forward to December 31, 2020. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension asset was based on the District's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2020, the District's proportion was 0.10574518%, which was a decrease of 0.00072254% from its proportion measured as of December 31, 2019.

For the year ended June 30, 2021, the District recognized pension expense (revenue) of (\$741,691).

| Postretirement Adjustments* | 1.9% |

* No postretirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the postretirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. The total pension liability for December 31, 2020 is based upon a roll-forward of the liability calculated from the December 31, 2019 actuarial valuation.

Long-Term Expected Return on Plan Assets – The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| | Current Asset Allocation % | Long-Term Expected Nominal Rate of Return % | Long-Term Expected Real Rate of Return % |

Actuarial Assumptions (Continued)

Single Discount Rate – A single discount rate of 7.00% was used to measure the total pension liability for the current and prior year. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.00% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-year Municipal GO AA Index” as of December 31, 2019. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax exempt securities.). Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan members contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of The District’s Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate – The following presents the District’s proportionate share of the net pension liability (asset) calculated using the discount rate of 7.00%, as well as what the District’s proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0%) or 1-percentage-point higher (8.0%) than the current rate:

| | 1% Decrease to Discount Rate (6.00%) | Current Discount Rate (7.00%) | 1% Increase to Discount Rate (8.00%) |
|--|--|-------------------------------------|--|
| District's Proportionate Share of the Net Pension Liability (Asset) | \$ 6,284,016 | \$ (6,601,818) | \$ (16,066,367) |

At June 30, 2021, the District reported a payable of \$403,272 for the outstanding amount of contributions to the pension plan for the year ended June 30, 2021.

2. Supplemental or Stipend Pension Plan

Pension Description

The plan, a single-employer pension plan, is a defined benefit pension plan established to provide a cash stipend to some retirees. The plan is administered by the District. No assets are accumulated in a trust. The Plan does not issue separate financial statements.

Benefits Provided

A summary of eligibility requirements and plan benefits follows:

Administrators retiring on or after July 1, 2014 who were at least age 55 (if hired prior to July 1, 2007) or 57 (if hired on or after July 1, 2007) will receive a lump-sum payment in cash upon retirement equal to one week of pay per year of service, not to exceed 25 years of service.

Teachers retiring on or after July 1, 2014 who were at least age 57 will receive a lump-sum payment in cash upon retirement equal to the sum of the following: the daily rate of pay times years of services plus a flat dollar amount based on years of services: 15-24 years \$1,000, 25-29 years \$2,000, 30-34 years \$3,000, and more than 35 years \$3,500.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

| | | |
|---|--|-----|
| Inactive Employees or Beneficiaries Currently | | |
| Receiving Benefit Payments | | 6 |
| Active Employees | | 188 |
| Total | | 194 |

Funding Policy

The entire cost of these benefits is paid by the District. Benefits are currently funded on a pay-as-you-go basis and no assets exist to prefund retiree benefits.

Actuarial Assumptions

The District's total pension liability was measured as of June 30, 2021.

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| | |
|------------------------|--|
| Valuation Date | June 30, 2019 |
| Actuarial Cost Method | Entry Age Normal |
| Amortization Method | Level Percentage of Salary, Open Basis |
| Actuarial Assumptions: | |
| Discount Rate | 2.25% |
| Inflation | 2.00% |

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from 2015 to 2017. The total pension liability for June 30, 2021 is based upon a roll-forward of the liability calculated from the June 30, 2020 actuarial valuation.

Mortality assumptions are based on the Wisconsin 2018 Mortality Table adjustment for future mortality improvements using the MP-2018 fully generated improvement scale (multiplied 60%).

Single Discount Rate – A single discount rate of 2.25% was used to measure the total pension liability. This single discount rate was based on the Bond Buyer 20-Bond GO Index.

Actuarial Assumptions (Continued)

Sensitivity of the District's Total Pension Liability to Changes in the Discount Rate – The following presents the District's total pension liability at June 30, 2020 calculated using the discount rate of 2.25%, as well as what the District's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.25%) or 1-percentage-point higher (3.25%) than the current rate.

| | 1% Decrease to Discount Rate (1.25%) | Current Discount Rate (2.25%) | 1% Increase to Discount Rate (3.25%) |

Payable to the Supplemental Pension Plan

At June 30, 2021, the District reported a payable of \$0 for the outstanding amount of contributions to the Plan required for the year ended June 30, 2021.

G. Other Postemployment Benefits

Plan Description

The Plan is a single-employer defined benefit postemployment health plan that covers retired employees of the District. Eligible retired employees have access to group medical coverage through the District's group plan. District paid medical benefits are paid for as indicated below. All employees of the District are eligible for the Plan if they meet the following age and service requirements below.

Benefits Provided

The District provides medical (including prescription drugs) coverage for retired employees through the District's self-insured plans.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

| | |
|--|-----|
| Inactive Employees or Beneficiaries Currently Receiving Benefit Payments | 19 |
| Active Employees | 189 |
| Total | 208 |

Contributions

Certain retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of insurance premiums based on the employee group and their retirement date. District paid medical and dental benefits are paid until the retiree or surviving spouse becomes eligible for Medicare.

Net OPEB Liability

The District's net OPEB liability was measured as of June 30, 2021. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2019.

Actuarial Assumptions – The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| | |
|------------------------------|--|
| Inflation: | 2.00% |
| Salary Increases: | 3.00% |
| Investment Rate of Return: | 2.25% |
| Healthcare Cost Trend Rates: | 7.50% Decreasing by 0.50% Per Year Down to 6.50%, Then by 0.10% Per Year Down to 5.0% and Level Thereafter |

Mortality rates are the same as those used in the December 2018 Wisconsin Retirement System's annual report.

The actuarial assumptions used in the June 30, 2019 valuation were based on the "Wisconsin Retirement System 2015 - 2017 Experience Study."

The long-term expected rate of return on OPEB plan investments was valued at 2.25%. A blend of expected earnings on District funds and the current yield for 20-year tax-exempt AA Municipal bond rate or higher as of the measurement date was used for all years of benefit payments.

Discount Rate – The discount rate used to measure the total OPEB liability was 2.25%. The projection of cash flows used to determine the discount rate assumed that District contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

OPEB Plan Fiduciary Net Position – Information about the OPEB plan’s fiduciary net position is presented in the Employee Benefit Trust Fund in these financial statements. The portion of net position in the Employee Benefit Trust Fund related to the District’s OPEB plan totals \$101,502 and which represents 4.67% of the total OPEB liability.

Investments – The Plan does not have a separate investment policy from the District. At June 30, 2021, the Plan asset allocation policy is to invest Plan assets in the fixed interest annuities with American United Life Insurance Company® (AUL), a OneAmerica® Company. These fixed interest annuities are backed by AUL’s general account assets. AUL bears the investment risk for the AUL Fixed Interest Account values and for paying interest. Plan investments have an expected rate of return of approximately 2.25%. For the year ended June 30, 2021, the annual money-weighted rate of return, net of investment expenses, was 0.16%, and this is assumed to be the best estimate of the long-term arithmetic rate of return for the Plan’s investments.

Payable to the OPEB Plan

At June 30, 2021, the District reported a payable of \$0 for the outstanding amount of contribution to the Plan required for the year ended June 30, 2021.

H. Fund Equity

Nonspendable Fund Balance

In the fund financial statements, portions of the governmental fund balances are amounts that cannot be spent because they are either 1) not in spendable form or 2) legally or contractually required to be maintained intact. At June 30, 2021, nonspendable fund balance was as follows:

| | <u>General</u> | <u>Capital Projects</u> | <u>Nonmajor</u> |

Minimum General Fund Balance Policy

The District has also adopted a minimum fund balance policy of 10 - 15% of subsequent year budgeted expenditures for the General Fund. The minimum fund balance is maintained for cash flow and working capital purposes. The minimum fund balance amount is calculated as follows:

| | | |
|---|----|----------------------------------|
| Budgeted 2022 General Fund Expenditures | \$ | 27,075,034 |
| Minimum Fund Balance % | | 10 - 15% |
| Minimum Fund Balance Amount | | <u>\$2,707,503 - \$4,061,255</u> |

The District's unassigned General Fund balance of \$2,605,909 is slightly beneath the minimum fund balance range.

NOTE 3 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The District completes an annual review of its insurance coverage to ensure adequate coverage.

B. Contingencies and Commitments

The District participates in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

From time to time, the District is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

In April, 2019, District residents approved a \$65 million dollar referendum for District-wide facilities projects at all four District schools. During the previous year, the District issued \$40 million of general obligation debt, with \$25 million to be issued subsequently. Construction commenced in Spring, 2020 with projected completion by Summer of 2023. As of June 30, 2021, the District has incurred \$35,641,739 of costs.

NOTE 3 OTHER INFORMATION (CONTINUED)

C. Limitation on School District Revenues

Wisconsin Statutes limit the amount of revenues a school district may derive from general school aids and property taxes unless a higher amount is approved by a referendum.

This limitation does not apply to revenue needed for payment of any general obligation debt service (including refinanced debt) authorized by either of the following:

- A resolution of the school board or by referendum prior to August 12, 1993.
- A referendum on or after August 12, 1993.

D. Risks and Uncertainties

The Coronavirus Disease 2019 (COVID-19) has affected global markets, supply chains, employees of organizations, and local communities. Specific to the District, COVID-19 may impact parts of its 2022 operations and financial results. Management believes the District is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as of December 14, 2021.

E. Restatement

During fiscal year ended June 30, 2021 the District adopted GASB Statement No. 84 *Fiduciary Activities*. As a result of the implementation of this standard, the District reported a restatement for the change in accounting principle of \$216,825. The funds were previously reported in an agency fund and trust fund.

| | Governmental Activities | Donations Fund | Fiduciary Activities |
|---|----------------------------|-------------------|-------------------------|
| Fund Balance/Net Position, Beginning of Year, as Previously Reported | \$ 18,660,569 | \$ 77,217 | \$ 10,083,528 |

| Fund Balance/Net Position, End of Year, as Restated | <u>\$ 18,877,394</u> | <u>\$ 294,042</u> | <u>\$ 9,866,703</u> |

F. Subsequent Events

On July 6, 2021 the District issued general obligation refunding bonds in the amount of \$3,875,000 for the purpose of refinancing general obligation debt from 2013 to generate debt service savings.

On July 6, 2021 the District issued a bond anticipation note in the amount of \$25,000,000.

NOTE 3 BUDGETS AND BUDGETARY ACCOUNTING

Operating budgets are adopted each fiscal year for all governmental funds in accordance with Section 65.90 of the Wisconsin Statutes. Budgetary expenditure control is exercised at the function level. Reported budget amounts are as originally adopted or as amended by Board of Education resolution.

The District follows these procedures in establishing the budgetary data reflected in the basic financial statements.

- Based upon requests from District staff, District administration recommends budget proposals to the Board of Education.
- The Board of Education prepares a proposed budget including proposed expenditures and the means of financing them for the July 1 through June 30 fiscal year.
- A public notice is published containing a summary of the budget and identifying the time and place where a public hearing will be held on the proposed budget.
- Pursuant to the public budget hearing, the Board of Education may make alterations to the proposed budget.
- Once the Board of Education (following the public hearing) adopts the budget, no changes may be made in the amount of tax to be levied or in the amount of the various appropriations and the purposes of such appropriations unless authorized by a 2/3 vote of the entire Board of Education.
- Appropriations lapse at year-end unless authorized as a carryover by the Board of Education. The portion of fund balance representing carryover appropriations is reported as a committed or assigned fund balance in the fund financial statements.
- Encumbrance accounting is used by the District as an extension of formal budgetary control during the year.
- The DPI requires the District to separate special education revenues and expenditures from other General Fund amounts.

The District did not have any material violation of legal or contractual provisions for the fiscal year ended June 30, 2021.

**ADDITIONAL INDEPENDENT AUDITORS' REPORT
FOR BASIC FINANCIAL STATEMENTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Education
Shorewood School District
Shorewood, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Shorewood School District, Shorewood, Wisconsin (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 14, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying the schedule of findings and questioned costs as item 2021-001 that we consider to be a significant deficiency.

Compliance and Other Matters

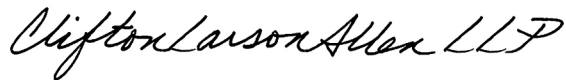

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Shorewood School District's Response to Findings

The District's response to the findings identified in our audit is described in the accompanying the schedule of findings and questioned costs. The District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FEDERAL AND STATE AWARDS

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE AND THE *STATE SINGLE AUDIT GUIDELINES***

Board of Education
Shorewood School District
Shorewood, Wisconsin

Report on Compliance for Each Major Federal and State Program

We have audited the Shorewood School District, Shorewood, Wisconsin's (the District's) compliance with the types of compliance requirements described in the OMB Compliance Supplement and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of the District's major federal and state programs for the year ended June 30, 2021. The District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Those standards, Uniform Guidance and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2021.

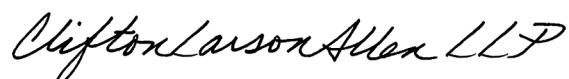

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

**SHOREWOOD SCHOOL DISTRICT
SHOREWOOD, WISCONSIN
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS
JUNE 30, 2021**

NOTE 1 BASIS OF PRESENTATION

The accompanying schedules of expenditures of federal and state awards for the Shorewood School District are presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration.

The schedules of expenditures of federal and state awards include all federal and state awards of the District. Because the schedules present only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Revenues and expenditures in the schedules are presented in accordance with the modified accrual basis of accounting and are generally in agreement with revenues and expenditures reported in the District's 2021 fund financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and *State Single Audit Guidelines*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Accrued revenue at year-end consists of federal and state program expenditures scheduled for reimbursement to the District in the succeeding year while unearned revenue represents advances for federal and state programs that exceed recorded District expenditures. Because of subsequent program adjustments, these amounts may differ from the prior year's ending balances.

The District has not elected to charge a de minimis rate of 10% of modified total costs.

NOTE 3 SPECIAL EDUCATION AND SCHOOL AGE PARENTS PROGRAM

The 2020-2021 eligible costs under the State Special Education Program as reported by the District are \$3,712,746. Compiled information required by compliance requirement 1-1 of the Special Education Audit Program was reported to the Wisconsin Department of Public Instruction.

NOTE 4 FOOD DISTRIBUTION

Nonmonetary assistance is reported in the schedule of expenditures of federal awards at the fair market value of the commodities received and disbursed.

Section II – Financial Statement Findings

2021-001

**Control Deficiency
Preparation of Annual Financial Report
Repeat of Finding 2020-001**

Type of Finding

Significant deficiency in internal control over financial reporting

Condition

Current District staff maintains accounting records which reflect the District's financial transactions; however, preparing the District's annual financial report, including note disclosures, involves the selection and application of specific accounting principles which would require additional experience and knowledge. The District contracts with us and our knowledge of applicable accounting principles, financial statement format, and note disclosures to assist in the preparation of the annual financial report in an efficient manner. However, as independent auditors, CLA cannot be considered part of the District's internal control system. As part of its internal control over preparation of its financial statements, including disclosures, the District had implemented a comprehensive review procedure to ensure that the financial statements, including note disclosures, are complete and accurate.

Criteria

The preparation and review of the annual financial report by staff with expertise in financial reporting is an internal control intended to prevent, detect and correct a potential omission or misstatement in the financial statements or notes or other required state financial reports.

Cause

District management has determined that the additional costs associated with training staff to become experienced in applicable accounting principles and note disclosures outweigh the derived benefits.

Effect

The District may not be able to completely prepare an annual financial report in accordance with accounting principles generally accepted in the United States of America.

Recommendation

We recommend the District continue reviewing the annual financial report. Such review procedures should be performed by an individual possessing a thorough understanding of accounting principles generally accepted in the United States of America and knowledge of the District's operations and activities. While it may not be cost beneficial to train additional staff to completely prepare the report, a thorough review of this information by appropriate staff of the District is necessary to obtain a complete and adequate understanding of the District's annual financial report.

SHOREWOOD, WISCONSIN
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2021**

Section II – Financial Statement Findings (Continued)

Management Response

Management believes the cost for additional staff time and training to prepare year-end closing entries and reports outweigh the benefits to be received. Management has reviewed and approved the annual financial report prior to issuance.

Views of Responsible Officials

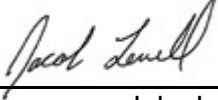

Management agrees with the finding. Management believes that the cost of hiring staff to prepare year-end adjusting and closing entries and to prepare financial reports outweighs the benefits to be received. Management will have the appropriate staff review the adjusting, closing and GASB 34 conversion entries along with the prepared financial reports, as recommended, to obtain an adequate understanding of the District's financial report.

Section III – Federal and State Award Findings and Questioned Costs

There are no audit findings and questioned costs required to be reported under the Uniform Guidance and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration for the year ended June 30, 2021.
