Unwrapping Bronco Pride in 2024-2025

Making Jefferson JR/SR High School the place of choice

Huge Shoutout to Marsh McLennan Agency and Back 2 School America

Just before the 2024-2025 school year started Jefferson Jr/SR High School was presented with over 100 Back 2 School kits for students from the Marsh McLennan Agency courtesy of Back 2 School America. Marsh McLennan is a comprehensive professional service firm operating all over the globe with a focus on risk management, people, and growth strategies.

These kits were thoughtfully filled with essential school supplies, including pencils, notebooks, pens, markers, and other materials crucial for academic success. Each item was carefully selected to ensure that our students have the tools they need to thrive in their studies. On the first day of school, many students were pleasantly surprised as they received these boxes, which symbolized a fresh start and a supportive community eager to see them succeed.

This Month's Highlights

Student Updates

By Malachi Belizaire, Sophomore

“So far, Jefferson High School has started to make a turnaround because we have a lot of things going on that we didn't have last year. We have sports coming back like football and volleyball. The school is setting up a lot of activities for us this year, and the new building in the back should be really cool too”

Teacher Highlights

By Ms. Haley Warren, Agriculture

The Agriculture program is all about building leadership skills and preparing students for career success. "Seeing the impact on student exposure and growth has only deepened my passion for education. Since graduating, I've come to realize just how vital programs like this are for our students' futures.

The agriculture facilities are nearly finished, and once our students have the opportunity to engage with all the incredible resources in the agriculture department, they'll truly see the benefits. This program, proudly supported by Miami Valley CTC, is set to offer our students a wealth of opportunities and hands-on experiences that will be invaluable as they move forward in their education and careers."

A Message from Principal Caldwell

Our teachers are prepared to approach this year with passion and intensity—teaching as if their hair is on fire. This means delivering engaging lessons that challenge our students to think critically, push their boundaries, and grow as individuals. But our commitment goes beyond academics; our number one priority is ensuring that every student feels safe, supported, and ready to learn. We are here to provide not just education, but also a sense of belonging and community.

As we move forward with purpose, I encourage all of our students, families, and the Jefferson community to take advantage of the opportunities ahead, to be active

participants in their learning, and to contribute to the positive culture we are building here at Jefferson Jr/Sr High School.

Together, we will make this year one of growth, achievement, and success.

Principal Caldwell
