Student enrollment is 29,800, and there are 49 school sites, including, 33 elementary, 7 middle, 4 comprehensive high schools, and 2 continuation high schools.

III. PROJECT DESCRIPTION AND SCOPE OF SERVICES

Pursuant to Education Code section 17250.10 et seq., the District is seeking a design-build entity or team ("DBE") to design and construct the District's Tokay High School Athletic Fields Project ("Project"). The Project is further defined in the attached **APPENDIX A**, along with the District's expected cost range and schedule for the Project. The District's performance specifications, which the selected DBE must adhere to in delivering the Project, will be made available to prequalified respondents at the RFP stage.

The selected DBE must be appropriately licensed in the State of California for architectural, engineering, and construction services as needed to complete the Project. In addition, the selected DBE shall have experience with both design and construction of public school facilities and in working with the Office of Public School Construction ("OPSC"), the Division of the State Architect ("DSA"), and Title 24 of the California Code of Regulations.

All contractors who are part of the design-build team must be registered with the Department of Industrial Relations ("DIR") as required by law. The selected DBE will be required to comply with the Labor Code prevailing wage requirements, skilled and trained workforce requirements, and the District's bonding and insurance requirements. The selected DBE shall be required to work cooperatively with District staff, the Governing Board, all other technical consultants, the bridging architect, the project inspector, and any program and/or construction manager, if any, retained by the District for the Project, citizens' oversight

committee, other District committees, and the community to facilitate timely and professional completion of the Project.

IV. DESIGN-BUILD PROCUREMENT PROCESS

Pursuant to Education Code section 17250.25, procurement of a DBE will follow two (2) phases:

1. Prequalification – First, by this RFQ, the District will prequalify respondents using a standard template request for statements of qualifications. The significant factors the District reasonably expects to consider in evaluating qualifications are identified in Section IX, below.
2. Design-Build Proposals – Second, the District will issue an RFP, inviting only prequalified respondents to submit competitive sealed proposals for the Project. The District will use a best value selection method for evaluating proposals. The procedure for final selection will be as follows:
 - a. The District will evaluate responsive proposals using only the criteria and selection procedures specifically identified in the RFP.
 - b. The District may, at its discretion, request proposal revisions and hold discussions and negotiations with responsive proposers. The RFP will define applicable procedures to ensure that discussions or negotiations are conducted in good faith.
 - c. The District will rank responsive proposers based on a determination of value provided, but shall not be required to rank more than three (3) proposers.
 - d. The District will award the contract, if at all, to the responsible DBE whose proposal is determined by the District to be the best value.

Any person or entity that has performed or is performing services for District relating to the solicitation of this design-build project will **not** be eligible to submit a proposal as a design-build entity or to join a design-build team.

V. FULL OPPORTUNITY

No Respondent will be discriminated against on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, reproductive health decision-making, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or veteran or military status in any consideration leading to the award of the contract. District also affirmatively ensures that Disadvantaged Business Enterprises ("DBE"), Small Local Business Enterprises ("SLBE"), Small Emerging Local Business Enterprises ("SELBE"), and Disabled Veterans Business Enterprises ("DVBE") shall be afforded full opportunity to respond to this RFQ.

VI. LIMITATIONS

This RFQ is neither a formal request for bids, nor an offer by the District to contract with any party responding to this RFQ. The District reserves the right to add additional prequalified respondents for consideration after distribution of this RFQ, if it is found to be in the best interest of the District. All decisions concerning selection of the DBE will be made in the best

interests of the District. The issuing of a subsequent RFP and awarding of the contract pursuant to the subsequent RFP, if at all, is at the sole discretion of the District.

The District makes no representation that participation in this RFQ process will lead to an award of contract or any consideration whatsoever. The District shall in no event be responsible for the cost of preparing any response to this RFQ.

SOQs submitted by respondents are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. The contents, however, may be disclosed to third parties for purpose of verification or investigation. State law requires that the names of respondents applying for prequalification status shall be public records subject to disclosure.

VII. RESTRICTIONS ON LOBBYING AND CONTACTS

From the period beginning on the date of the issuance of this RFQ and ending on the date of the award of the contract, no person, or entity submitting in response to this RFQ, nor any officer, employee, representative, agent, or consultant representing such a person or entity shall contact through any means or engage in any discussion regarding this RFQ, the evaluation or selection process/or the award of the contract with any member of the District, Governing Board, selection members, or any member of the Citizens' Oversight Committee. Any such contact shall be grounds for the disqualification of the respondent submitting a SOQ.

VIII. STANDARD TEMPLATE FOR STATEMENT OF QUALIFICATIONS

Attached hereto as **APPENDIX B** is the District's design-build prequalification template. Respondent must complete the prequalification template, certify its answers under penalty of perjury, and attach all information requested therein. The completed, certified prequalification template, together with all attachments, constitutes respondent's SOQ.

Each SOQ must be certified under penalty of perjury. If any information provided by a respondent becomes inaccurate, the respondent must immediately notify District and provide updated, accurate information in writing, under penalty of perjury.

IX. EVALUATION

The District will evaluate all timely submitted SOQs. Each SOQ must complete. Incomplete SOQs will be considered nonresponsive and grounds for disqualification. The District retains the sole discretion to determine issues of compliance and to determine whether a respondent is responsive and qualified.

Significant factors the District reasonably expects to consider in evaluating qualifications are as follows:

- All required licenses and registration to design and construct the Project, with no recent revocations or suspensions;
- Established performance history, including an absence of criminal or civil violations or significant disputes;
- Capacity to obtain required bonds and insurance of the Project;
- Design expertise and experience;

- Construction expertise and experience;
- Acceptable safety record;

- Financial capacity to complete the Project.

District may use other sources of information outside of the SOQs to investigate respondents or verify answers. District's investigation may extend beyond contacting project references identified in SOQs.

After completing its evaluation, the District will notify respondents selected for prequalification.

X. FINAL DETERMINATION

Prequalification is at the sole discretion of the District. The District reserves the right to waive irregularities and omissions in the information contained in any SOQ, and to make all final determinations. The District further reserves the right to suspend or rescind prequalification at any time based on subsequently learned information.

The District makes no representation that participation in this RFQ process will lead to an award of contract or any consideration whatsoever. The District reserves the right to seek proposals from or to contract with any firm not participating in this process. The District shall in no event be responsible for the cost of preparing any SOQ or other response to this RFQ.
