OFFICE OF THE SUPERINTENDENT

Dear Hazlehurst Stakeholder,

Welcome back for yet another wonderful year in the Hazlehurst City School District, where “Excellence is the Expectation!” I am honored to once again serve as your instructional leader for the 2024-2025 school year and I am excited about the path of excellence that we are on. The 2023-2024 school year was a very successful one that saw the district reach unprecedented levels of student success. Historical gains were obtained by HCSD scholars, proving a direct correlation of the hard work done by faculty, staff, students, parents and HCSD stakeholders. This was not the workings of one individual, but rather the collective efforts of many committed and passionate HCSD loyalists.

I want you to know that our shared progress has made us optimistically excited about the future. I also want you to know that we are not complacent and/or satisfied with our accomplishments. Our students deserve a world class education in a world class school district and I am confident that together we can continue to achieve greater levels of excellence. In order to do that in the 2023-2024 school year, I will ask three things of you.

1. **Clean your lens:** I ask that you see the HCSD for what it currently is and not for what you assumed it to be. Change is inevitable and we have done a true transformation for the better. I ask that you see it, second it and subscribe to it.
2. **Construct your framework with facts:** I ask that you seek to understand the workings of the HCSD before you attempt to articulate positions about the HCSD. We operate in transparency and are more than willing to share the facts with you about the wonderful work that is happening in the HCSD.
3. **Cater to positivity:** There is so much good that is occurring in the HCSD. I ask that you focus more on the 95% that is positive and not the 5% that needs improvement. The HCSD is not perfect, but we are progressing and the futures of our amazing scholars are very promising. Be the positive change they need to see in the world!

This will be a phenomenal year because we will win together. Stay positive and allow our work the opportunity to speak for us. We are winning and I am proud to know that the documentation shows this to be factual. If you are unconvinced about the excellence that we are producing, I will ask one thing of you. CHECK. THE. SCOREBOARD. Let’s have an amazing year!

Educationally,

Superintendent, Hazlehurst City School District

## **ENROLLMENT POLICY AND PROCEDURES**

### ***Enrollment Requirements (IEC) and Assignments***

The Hazlehurst City School District shall admit into its free public schools all eligible residents and legally transferred minor children who are between the age of five (5) and twenty (20) or before September 1 of the school year.

1. Each minor child shall attend school in the school district of his/her residence unless legally transferred to another school district by the school board pursuant to MS Code §37-15-29.
2. Except for those students who legally transfer, each minor child seeking to enroll in this school district shall be a school district resident. All students shall register at the school they are assigned to attend.
3. Any new student enrolling in this school district or any continuing student whose residence has changed shall be accompanied to enrollment by a parent, guardian, adult custodian, or adult agent of a social service agency of the district who shall register the minor child for admission except students who have legally transferred. The accompanying adult shall be required to verify his/her residence as herein provided as part of the registration process.
4. A transfer student must have proper documentation and must have board approved release from the previous district before the student is eligible for consideration of enrollment.
5. When any child applies for admission or enrollment in any public school in the state, the parent, guardian or child, in the absence of an accompanying parent or guardian, shall indicate on the school registration form if the enrolling child has been expelled from any public or private school or is currently a party to an expulsion proceeding. If it is determined from the child's cumulative record or application for admission or enrollment that the child has been expelled, the school district may deny the student admission and enrollment until the superintendent of the school or his designee has reviewed the child's cumulative record. At that time, it may be determined that the child has participated in successful rehabilitative efforts including, but not limited to, progress in an alternative school or similar program. If the child is a party to an expulsion proceeding, the child may be admitted to a public school pending final disposition of the expulsion proceeding. If the expulsion proceeding results in the expulsion of the child, the public school may revoke such an admission to the school. If the child was expelled or is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs or other activity that may result in expulsion, the school district shall not be required to grant admission or enrollment to the child before one (1) calendar year after the date of expulsion. The child may enroll back into school only after the expulsion period is complete. If the expulsion complete date falls in the middle of a term, then the guardian will be allowed to enroll the child at the beginning of the next term.

## ***Expulsion Notice***

A child or parent must now indicate on the registration form if the child has been expelled from any public or private school or is currently a party to an expulsion proceeding. If the Cumulative Record or application shows that the child has been expelled, the District may deny admission until the Superintendent or his designee has reviewed the record and determined that the child has participated in successful rehabilitative efforts including progress in an alternative or similar program.

### **Denial of Admission for Violent/Other Acts**

If the child was expelled or is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs or other activity which may result in expulsion, the District is not required to grant admission or enrollment before one calendar year after the date of expulsion. **(37-15 -9 Mississippi Code Annotated of 1972).**

The opportunities will be provided in accordance with application of state and federal laws and court decisions.

The Hazlehurst City School District will provide free appropriate public educational programming for students with disabilities ages three (3) through twenty (20). Child Find Policy Each year, the Hazlehurst City School District will have an awareness campaign aimed at locating and identifying children with exceptionalities. When a child is suspected of having a disability is referred, a MET meeting will be held to determine the need for a comprehensive assessment. If the child is determined eligible for special education services, he or she will be provided a free appropriate public education in accordance with application of state and federal laws and court decisions.

## ***Individualized Educational Program***

The HCSD will develop or revise, whichever is appropriate, and implement an Individualized Educational Program for each eligible student with a disability. The program will be reviewed periodically but not less than annually.

## **Due Process**

The HCSD will ensure that eligible students with disabilities and their parents are guaranteed due process with respect to the provision of a free appropriate public education.

## **Least Restrictive Environment**

The HCSD will, to the maximum extent appropriate, educate eligible students with disabilities

with students having no disability in their age group. The removal of students with disabilities from the regular education program will occur only when the nature or severity of the disability is such that education in regular classes with supplementary aids and services cannot be achieved satisfactorily. A continuum of alternative placements based on individual students' IEP will be provided to eligible students with disabilities in the district.

Placement of the students will be determined at least on an annual basis and will be as close to the student's home as possible. In selecting the least restrictive environment for each student, consideration is given to any potentially harmful effect on the student, or the quality of services needed. If a student with a disability can function socially, emotionally, and mentally with students with no disability or a similar chronological age, he or she will be given that opportunity in accordance with his/her IEP.

Opportunities for participation to the maximum extent appropriate in a variety of non-academic and extracurricular services will be available to children with disabilities.

### **Protection in Evaluation**

Evaluation materials and placement procedures used by the district will be, to the maximum extent possible, selected and administered so as not to be racially or culturally discriminatory such that no student will be misclassified, misplaced, or unnecessarily labeled as having a disability because of the inappropriate selection, administration, or interpretation of the materials procedures.

### **Confidentiality**

The HCSD will protect the confidentiality of all the data in its records relative to students with disabilities.

### ***Extended School Year for Children with Disabilities***

When necessary to insure a free appropriate public education (FAPE), Hazlehurst City School District shall offer an extended school year program to those students with disabilities whose Regression-Recoupment Syndrome is so severe that it can be predicted that they will have gained no educational benefits from their previous year's educational programs (as defined in the IEP) without extended school year services. The purpose of the extended program is to maintain each student's mastered skills so that the summer vacation period will not render the previous year's educational program of no educational benefits.

### ***Graduation Age Consideration***

A student must be at least (17), but not more than (21) years of age prior to the date of graduation.

### ***English Language Learners (ELL) and Homeless Students***

Admission of ELL and homeless students' will be conducted in accordance with federal law. For more information, please contact the school your child will be attending or contact the District's Federal Programs Director at (601) 894-1152.

## ***Address Change***

Parents should inform the school counselor or any changes in address or telephone number during the school year. Proof of residence must be furnished.

Upon the twelfth (12) unexcused absences, the student will be referred to the school attendance officer.

It is the responsibility of the student (and parent) to request makeup work.

### Procedure for Making up Work

1. Based upon guidelines set forth in the Compulsory School Attendance Law, unexcused absences will be reported to the Attendance Officer. In cases of excessive absences, educational neglect charges may be filed against parents/guardians. (MS Code 37-13-91) (JBA/JBD)
2. It is the responsibility of students to arrange for make-up work due to an absence on the first day back to school. The number of days allowed for a student to make up missed work will be equal to the number of days missed. (Example: If a student misses three (3) days, he/she will have three days to make up missed work). Failure to complete the work within the required number of days will result in a failing grade for the missed work.

**Source: Miss. Code Ann. § 37-177-1, et seq., (Act) (Revised 8/2016)**

1. The purpose of this policy is to ensure that the behavioral and academic needs of every student are met through an instructional model that is designed to address student learning with quality classroom instruction and opportunities for intervention. The Mississippi Department Education (MDE) shall require every school district to follow the instructional model, which consists of three (3) tiers of instruction:
  - a. Tier 1: Quality classroom instruction based on Mississippi Curriculum Frameworks
  - b. Tier 2: Focused supplemental instruction
  - c. Tier 3: Intensive interventions specifically designed to meet the individual needs of students
2. If strategies at Tier 1 and Tier 2 are unsuccessful, students must be referred to the Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier 3. Each school must have a Teacher Support Team (TST) implemented in accordance with the process developed by the MDE. The chairperson of the TST shall be the school principal as the school's instructional leader or the principal's designee. The designee may not be an individual whose primary responsibility is special education. Interventions will be:
  - a. designed to address the deficit areas;
  - b. evidence based;
  - c. implemented as designed by the TST;
  - d. supported by data regarding the effectiveness of interventions.

*Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.*
4. After a referral is made, the TST must develop and begin implementation of an intervention(s) within two weeks. No later than eight weeks after implementation of the intervention(s) the TST must conduct a documented review of the interventions to determine success of the intervention(s). No later than 16 weeks after implementation of the intervention(s), a second review must be conducted to determine whether the intervention(s) is successful. If the intervention(s) is determined to be unsuccessful, then the student will be referred for a comprehensive assessment.
5. In accordance with the Literacy-Based Promotion Act of 2013, each public school student who exhibits a substantial deficiency in reading at any time, as demonstrated through:
  - a. performance on a reading screener approved or developed by the MDE, or
  - b. locally determined assessments and teacher observations conducted in Kindergarten and Grades 1 through 3, or
  - c. statewide end-of-year assessments or approved alternate yearly assessments in Grade 3, must be given intensive reading instruction and intervention immediately following the identification of the reading deficiency. A student who was promoted from Grade 3 to Grade 4 under a good cause exemption of the Literacy-Based Promotion Act must be given intensive reading instruction and intervention. The intensive intervention must include effective instructional

strategies and appropriate teaching methodologies necessary to assist the student in becoming a successful reader, able to read at or above grade level, and ready for promotion to the next grade.

6. A dyslexia screener must be administered to all students during the spring of their kindergarten year and the fall of their first grade year. The screening must include the following components:
  - a. Phonological awareness and phonemic awareness;
  - b. Sound symbol recognition;
  - c. Alphabet knowledge;

In addition to failure to make adequate progress following Tier 1 and Tier 2, students will be referred to the TST for interventions as specified in Response to Intervention guidelines developed by MDE if any of the following events occur:
  - a. Grades K-3: A student has failed one (1) grade;
  - b. Grades 4-12: A student has failed two (2) grades;
  - c. A student failed either of the preceding two grades and has been suspended or expelled for more than twenty (20) days in the current school year;
  - d. A student scores at the lowest level on any part of the Grade 3 or Grade 7 statewide accountability assessment; or
  - e. A student is promoted from Grade 3 to Grade 4 under a good cause exemption of the Literacy-Based Promotion Act.
8. Referrals to the TST must be made within the first twenty (20) school days of a school year if the student meets any of the criteria a-e stated above in Paragraph 7.
9. School districts must complete, at a minimum, documentation as required for all students in Tier 2 or Tier 3. All Tier 3 documentation must accompany the student's cumulative folder upon promotion or transfer to a new school.

## ***Tutoring***

Tutoring opportunities will be provided before school, during school, and after school when services are available.

## ***Credit Recovery Program (IDCAB)***

"Credit Recovery" shall be defined as a course-

specific, skilled based learning opportunity for students who have previously been unsuccessful in mastering content / skills required to receive course credit or earn promotion. Credit recovery courses are to be used only for graduation requirements. A failing grade of 55 or above must be obtained by the student to participate in a credit recovery course. Additionally, the credit recovery grade shall be factored with the original failing grade to determine the student's final grade. A student who failed a course (such as English) may take the Credit Recovery Class addition to the next level (of English) during the same school year. Credit recovery courses shall be delivered via computer and online. The credit recovery course must be completed within a semester with 70 percent mastery. Teachers shall be trained to facilitate the online courses and the classes shall be asynchronous (students don't have to be online at a certain time). Certified staff shall be used to facilitate online credit recovery. All credit recovery participation in MAAP assessed courses shall require approval from the Office of the Superintendent.

### ***Promotion and Retention of Students Grades 9-12***

Grade classification is based on the number of credits a student has earned, not necessarily when he/she will graduate. Students are classified at the opening of each school year. With permission of the high school principal, a student may enroll in courses at a local community college.

Promotion in Grades 9-12 is based on the accumulation of Carnegie units. See Graduation Requirements.

#### **Requirements for Grade Level Classification (Cumulative Units)**

- Freshmen - Students who have successfully completed the eighth grade and may have earned two (2) Carnegie units.
- Sophomores - Students who have completed one year of attendance as a freshman and have earned six (6) units of credit. English I must be included in these credits.
- Juniors - Students who have earned twelve (12) units of credit. English I and II must be included in these credits.
- Seniors - Students who have earned eighteen (18) units of credit. English I, II, and III must be included in these credits.

### ***Alternative Education Classes for Misbehavior***

#### **Behavior and Guidelines:**

Principals will clearly explain the concept of the alternative program to all students at the beginning of the school year. Students are expected to comply with the school discipline policy.

### ***Progress Reports***

Progress reports from each teacher are sent via students to parents or guardians approximately four or five weeks before report cards are issued. Progress reports inform parents of the present

performance of the student.

### ***Report Cards***

At the conclusion of the first and third grading periods, report cards will be picked up by parents. Reports cards will be sent home with students at the end of second nine week grading period The fourth and final report card at the end of the year will be mailed to the current mailing address on file (please update office personnel if/when a change of address occurs). It is imperative that parents contact the school at the end of each nine week grading period if a report card has not been received. Communication of student progress is a responsibility shared both by the school (teachers and administration) and home (parents/guardians).

### ***Student Recognition***

Students will be recognized each nine weeks for their academic, attendance, and behavior accomplishments. Students will be recognized for Perfect Attendance, Good Citizenship, Honor Roll, Principal's Honor Roll, and Superintendent's List. Students who received **all A's** on their report cards will receive Superintendent's List recognition. Students who receive **all A's and B's** will receive Principal's List recognition. Students who receive **all B's** will receive Honor Roll recognition.

### ***Special Education Students (IDDF)***

The Individuals with Disabilities Education Act (IDEA) and State Board of Education (SBE) Policy 7219 have established the Individualized Education Program (IEP) as the structure for planning and implementing goals and objectives for children with disabilities. The IEP is a cooperatively written plan created by the parent(s), the child with a disability (if appropriate), district personnel, and other IEP Committee members to describe the unique needs of the child and to develop a program that meets those needs. The IEP is a legally-binding document that describes specially designed instruction, related services, and accommodations and modifications needed to provide children with disabilities a Free Appropriate Public Education (FAPE). IEP's indicate what the child is expected to be able to achieve within one (1) year. IEP conferences are held at least once yearly.

In order to provide FAPE to all children with disabilities, the school system is required to have an IEP in effect for each child ages three (3) through twenty-one (21) years with a disability.

The Hazlehurst City School District will follow state and federal guidelines in the promotion/retention decisions regarding special education students.

### ***Gifted Studies***

Hazlehurst City School District seeks to ensure that gifted children who demonstrate unusually high potential are provided with an appropriate education that is based upon their exceptional abilities. Students deemed as 'gifted' will receive uniquely qualitatively educational experiences that are different than the regular education program. It is the mission of the district's gifted program to create a learning environment that fosters and encourages thinking, creativity, metacognition, healthy enriching relationships, and appropriate expectations and understanding of self.

# Hazlehurst City School District Code of Conduct

A student has a right to a public education, but with this right comes personal responsibility. Education is a process that requires a safe and orderly environment. Students have a responsibility to know and to respect the rules and regulations of the school. Conduct is the manner in which students are expected to behave, ensuring that the necessary order and ambiance for learning can be achieved and maintained. Students are responsible for conducting themselves in an appropriate manner at all times. Students who obstruct any teaching, administrative, or extracurricular activity shall be subject to such disciplinary procedures as set forth in this document.

Every teacher is required and authorized to hold every student accountable for an orderly learning environment. Every student is strictly accountable for any disorderly conduct whether in school, on the playground, at a school-related event or activity, or enroute to or from school.

For the proper learning environment to be maintained, it is imperative that each school makes certain that students understand the conduct that is appropriate. To assist students, parents, and staff in maintaining such an environment, a Code of Student Conduct has been developed and approved.

This section of the handbook includes an authorized plan for disciplinary action. While it covers most behaviors, it is recognized that the plan is not all-inclusive. After careful review of the facts and other pertinent information in each case, the principal will take appropriate action.

A code of student conduct is provided to every student and every parent or legal guardian of students enrolled in the Hazlehurst City School District.

Students and parents must sign a form acknowledging that they received the Hazlehurst City School District's Code of Student Conduct. Students and parents are expected to abide by the Code of Student Conduct.

## Discipline Overview

*Discipline* is defined as the steps or actions which teachers, administrators, support staff, parents, and students follow to enhance student academic and social success.

According to state law, a parent, legal guardian or custodian of a compulsory school-age child enrolled in a public-school district shall be responsible financially for his or her minor child's destructive acts against school property or persons. Miss. Code Ann. § 37-11-19.

A parent, guardian or custodian of a compulsory school-age child enrolled in a public-school district may be requested to appear at school by an appropriate school official for a conference regarding acts of the child.

## Code of Student Conduct Purpose

Students have the right to a public education, but they are responsible for complying with rules and regulations of the Hazlehurst City School District and the reasonable instructions of all school personnel.

In addition to these rules, each local school or building principal may develop additional rules and regulations that govern student behavior and discipline at the school site. However, these campus rules and procedures must be consistent with policies and procedures of the Hazlehurst City School District.

The Code of Student Conduct applies to all Hazlehurst City School District students at all times whenever a student's conduct is reasonably related to school or school activities.

This includes:

- On school property before, during, and after school hours
- At any other time when the school is being used by a school group

### ***Due Process***

When a student is confronted with disciplinary action, administrators shall afford him the safeguards of due process as required by applicable law.

In any case, the student must be made fully aware of his/her rights and must be given an opportunity to present his/her side of the case prior to any action being taken by school officials.

The Superintendent of schools and the principal of a school shall have the authority to suspend a student or place a student in the alternative school for good cause or for any reason for which such student might be suspended, dismissed or expelled by the school Superintendent. A student expelled for involvement in illegal activity may be denied admission to the alternative school. However, such actions are subject to review by the school superintendent. If the parent, guardian, or other person having custody of any child shall feel aggrieved by the suspension, dismissal, or denial of placement of that child, then such parent, guardian, or other person shall have the right to a due process hearing. The parent or guardian of the child must request a hearing by the Superintendent or principal within five (5) school days. The proper form for requesting such a hearing shall be provided the parent or guardian upon request for a hearing. S37-9-71

If a student violates this law he/she will receive a three (3) day Out of School Suspension.

### ***Suspension***

Supplemental services will be provided at the location that is feasible for the student, parent, and the service provider.

If a student with disabilities is referred to alternative placement, a manifestation meeting will be held with the special education director, the principal, a special education teacher, a general education teacher, and the student's guardian(s) to discuss alternative placement. All laws under IDEA will be followed in relation to each alternative placement.

Students are not allowed to attend school functions or sporting activities.

Students assigned to alternative education are prohibited from participating in and/or attending any school function or activity while assigned to alternative education. ### **Hearing (Alternative School)**

Note: Incidents will be reviewed on a case by case basis and determined at the discretion of the building level principal if they should be referred to the district's hearing officer.

### **Disciplinary Hearings**

The principal is initially responsible for determining if an offense committed by a student for which suspension for greater than 10 days or expulsion may be warranted. Once a decision is made by the district's hearing officer that the offense is one which could result in expulsion, a district hearing is mandatory.

After advising the student in writing of the pending charges and providing the student with an opportunity to refute said charges, and if the principal finds reasonable grounds to believe a student in his/her school has committed such an offense, the principal is authorized to suspend the student one (1) to ten (10) days under the guidelines set forth for student suspension.

Parental contact will be made at the earliest reasonable time following the official allegation by the school.

The principal's conclusions will be based on the facts pertaining to the documentation of the incident. Said documentation shall include all information available, including but not limited to the following categories:

- An operational definition of the offense(s)
- Persons involved and events reported
- Witnesses
- When and where the offense(s) occurred

The preceding documentation shall be forwarded to the Hearing Officer from the school making the recommendation for dismissal, along with a request for a hearing. A hearing will be held in the central office of the Hazlehurst City School District.

The Superintendent has authorized the Hearing Committee to make a recommendation relative to expulsion. The Hearing Officer, acting as the Superintendent's designee and a hearing committee shall review the recommendation and will hold a conference with the parent/guardian of the suspended student within ten (10) days of the offense(s) which shall be maintained by a designated recorder. The composition of the hearing committee will be determined by the Superintendent

The recommendation for dismissal or resolution of the matter shall be forwarded to the Superintendent within the ten (10) day period imposed by the principal. Parents will be notified

in writing of the decision of the Hearing Committee by the Hearing Officer, or the Superintendent designee. Parents have the right to appeal the decision of the Hearing Committee. Requests to appear before the School Board should be made in writing to the Superintendent no later than five (5) days after the Hearing Committee renders its decision.

Recommendations of expulsion shall be presented at the next regular meeting of the Hazlehurst City School Board.

It is important to note that the hearing concerning a student's dismissal is administrative in nature and will not excuse the student from civil and/or criminal procedures and/or remedies which may be appropriate in light of the specific circumstances of each incident.

### **Exit Criteria**

An exit committee consisting of administrators, support personnel, and the school's counselor will review periodically each student's behavior, attendance, and academic performance. The evaluation process will determine if the student will remain in Alternative Education or returned to his/her home school. Students who exhibit continual disruptive behavior while assigned to Alternative Education may be subjected to additional disciplinary action which may include a disciplinary hearing. Parents, home school principal, the student, and school counselor are required to attend all conferences.

Should it be determined by the school's medical advisor that attendance poses no threat, the student shall be allowed to resume attend school subject to whatever restrictions or limitations, if any, that the school's medical advisor shall recommend. The student's school attendance shall be reviewed by the school's medical advisor in consultation with the student's physician at least once every month to determine if continued school attendance poses any risk of transmission of such chronic infectious disease to others.

Should it be determined by the school's medical adviser that attend school poses a risk of transmission of such chronic infectious disease to others, an appropriate alternative education program shall be established for that student who shall continue until the district's medical adviser determines that the risk of transmission to others has abated and normal school attendance can resume. The decision of the district's medical adviser shall be final.

### ***Program of First Aid (JGFG)***

If the State Board of Education finds the disaster or extreme weather emergency to be the cause of the school not operating for the contemplated school term and that such school was in a school district covered by the Governor's or President's disaster or state of emergency declaration, it may permit that school board to operate the schools in its district for less than one hundred eighty (180) days; however, in no instance of a declared disaster or state of emergency under the provisions of this subsection shall a school board receive payment from the State Department of Education for per pupil expenditure for pupils in average daily attendance in excess of ten (10) days. ## **Tardy Policy**

The district recognizes that regular attendance and punctuality are important if students are to obtain maximum benefits from the educational process and develop good work habits that carry over into their adult life. Parents and students are expected to abide by the Compulsory School Attendance Law.

The practice of being punctual is considered by Hazlehurst City School District to be an acquired habit that enhances the student's ability to succeed in adult life. A student who is absent from the classroom or is tardy in arriving to the classroom will not achieve at the same level as students who are punctual to class. A student who is tardy to class disrupts the instructional process for other students in the classroom. Tardy to class is defined as not being in the classroom and in your seat when the tardy bell rings to begin class. Students who exceed the allotted number of tardies will be subject to disciplinary action.

Parent Involvement is vital to a child's academic success. Phone calls, letters, parent meetings at school, and home visits will be utilized to inform parents of their child's tardiness, absences and early dismissals.

Please note, Tardy is considered ten minutes or less after the tardy bell. Once the student has arrived to the school campus, any time after 10 minutes of being unaccounted for is considered skipping and will follow the code of conduct discipline ladder.

## **Leaving School/Checkout Procedures**

Students are not allowed to leave the school campus during school hours for any reason without the knowledge and consent of the administration. Permission to leave the school grounds will only be granted upon sign-out by the student's parent or guardian.

Permission to leave school grounds will be granted to those who are on the student's permission form. Parents may not call the school to have their child checked out over the phone. No checkouts will be approved while off campus on a field trip.

The HCSD strongly discourages the checking out of students after 2:00 p.m. (Pk-5) and 2:30 p.m. (6-12).

## **Cellular Phones and Electronic Devices**

The Hazlehurst City School District is committed to establishing a culture of learning where all students are afforded the opportunity to develop to their fullest potential. The District further believes that to accomplish this mission, it is imperative that classroom instructional time be protected and policies are approved that are appropriate for each grade level. Responsible usage of cellular phones and electronic devices are allowed within the HSCD.

### ***Cellular Phone/Electronic Policy – 4th – 8th Grades***

The Hazlehurst City School District prohibits the irresponsible usage of cell phones by students in grade 4<sup>th</sup> - 8<sup>th</sup> during the school day and instructional hours. Usage during instructional time shall be allowed with teacher permission. This policy also includes all other types of telecommunications and/or electronic devices. The school day includes the time that school begins in the morning until classes are dismissed in the afternoon (including class change).

If a student violates this policy (cell phone seen or heard), they will receive the following consequences:

- **1<sup>st</sup> Offense** - Cell phone and SIM card will be confiscated and returned to the student at the end of the school day.

Hazlehurst City School District employees have no financial responsibility for items that have been confiscated, lost or stolen.

Stolen, borrowed, or otherwise misplaced cell phones will not be the subject of administrative intervention.

### ***High School Cellular Phone/Electronic Policy – 9th – 12th Grades***

The district recognizes that cellular phones and other wireless communication or portable electronic devices have become an important tool through which parents communicate with their children. Therefore, students are permitted to possess such devices on school property so long as the devices are not activated or used during the instructional day (including class change) or as otherwise directed by local school rules or school personnel. Wireless communication and portable electronic devices include, but are not limited to, cellular phones, electronic devices with internet capability, paging devices, two-way radios, hand held computers, PALM devices, MP3 players, iPods, CD players and similar devices.

#### **AUTHORIZED USE**

Administrators may authorize individual students to use wireless communication devices for personal purposes when there is a reasonable need for such communication. Teachers and administrators may authorize individual students to use wireless communication or portable electronic devices for instructional purposes provided that they supervise the students during such use.

Although use generally is permitted before and after school, use of cellular phones and other wireless communication or portable electronic devices may be prohibited on school buses when noise from such devices interferes with the safe operation of the buses.

#### **CONSEQUENCES FOR UNAUTHORIZED USE**

School employees may immediately confiscate any wireless communication or portable electronic devices that are on, used, displayed or visible in violation of this policy. Confiscated items will be locked in the front office. Absent compelling and unusual circumstances,

confiscated devices will be confiscated and returned to the student at the end of the instructional day. With any future violations of the policy, the device will be returned only to the student's parent.

**The following factors should be considered when determining appropriate consequences:**

Whether the wireless communication device was used **(1)** to reproduce images of tests, obtain unauthorized access to school information or assist students in any aspect of their instructional program in a manner that violates any school board policy, administrative regulation or school rule; and **(2)** to bully or harass other students; **(3)** to send illicit text messages; **(4)** to take and/or send illicit photographs; or **(5)** in any other manner that would make more severe disciplinary consequences appropriate.

***Additional information***

- Refusal by the student to immediately turn over the cell phone and any other electronic devices will result in suspension and possible Alternative School Placement.
- Students have no right of privacy as to the content contained on any cell phones and other electronic communication device that have been confiscated.
- Hazlehurst City School District employees have no financial responsibility for items that have been confiscated, lost or stolen.
- Stolen, borrowed, or otherwise misplaced cell phones will not be the subject of administrative intervention.
- In the event that a cell phone violation occurs during a state test, the violation will be reported and the school will take possession of the device. The student will automatically receive OSS and the parent/guardian will meet with the administrator to discuss further disciplinary actions.

***Exception to the Cell Phone Policy:***

Cell phones may be used for after school activities (cheerleading, athletics, clubs, etc.) by students on the condition that parents/students check the phone in with school personnel prior to the start of homeroom or first period. The sponsor, coach or instructor in charge of the after school program will be notified and asked to pick up all cell phones prior to the start of the scheduled activity.

Hazlehurst City School District, its schools, its faculty, and staff are **NOT** responsible for any damaged, missing, or stolen electronic devices. If a student has a cell phone and it is damaged or stolen, schools **WILL NOT** utilize administrative time to investigate the incident nor will the District, or schools, take any financial responsibility for the cell phone or cell phone charges.

## ***Search and Seize***

The Hazlehurst City School District in an attempt to ensure that the schools are kept free of illegal drugs, may conduct an unannounced search at any time during the school year through the use of dogs trained to detect illegal drugs. Such a search will cover buildings and grounds, including lockers and automobiles parked in the school parking lots, but will not include a student. A school administrator with reasonable suspicion may search a student and/or the student's personal belongings. If drugs are found, the person(s) responsible will be dealt with according to district policy.

## ***Reporting Required Misbehaviors to Law Enforcement***

**Principals:** When the principal has reasonable belief that an act has occurred on educational property or during a school-related activity involving assault resulting in serious physical injury, sexual assault, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of a law, possession of a weapon in violation of a law, or possession of a controlled substance in violation of a law, the principal shall immediately report the act to the appropriate local law enforcement agency.

37-11-92 Mississippi Code Annotated 1972.

**Superintendent:** The Superintendent shall notify in writing the parent, guardian, or custodian, youth court and law enforcement of any expulsion of a student for criminal activity. 37-9-14 Mississippi Code annotated 1972. The Superintendent shall notify the youth court and local law enforcement by affidavit, of the occurrence of any crime committed by a student upon school property or during any school related activity, regardless of location and identity of the student or students committing the crime. If any person charged with making reports as set out above, shall willfully fail, refuse or neglect to file any such report, he/she shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$1,000.00 or be imprisoned not exceeding six (6) months or both.

## **Student Bullying**

The Hazlehurst City School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that

(a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or

(b) creates or is certain to create a hostile environment by substantially interfering with or imparting a student's educational performance, opportunities or benefits.

Bullying should be immediately reported to district administration for documentation purposes. At that time, an official report will be filed and an investigation will be launched by the principal.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable

person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Hazlehurst City School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the Hazlehurst City School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior.

However, this section shall not apply to parents whose parental control of such child has been removed by court or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recovery in a greater amount from the minor or from a person, including the parents, for damages to which such minor or other person would otherwise be liable.

### ***ALTERNATE OPTION***

A school district's discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district. ## ***Code of Student Conduct / The School Safety Act of 2001***

For information related to student conduct, disciplinary action, and the School Safety Act of 2001, please refer to MS CODE §37-11-55.

### ***Corporal Punishment***

Except in the case of excessive force or cruel and unusual punishment, a teacher, principal or assistant principal shall not be civilly or criminally liable for any action carried out in conformity with state or federal law or rules or regulations of the State Board of Education or the local school board regarding the control, discipline, suspension and expulsion of students. The local school board shall provide any necessary legal defense to a teacher, principal or assistant principal in any action which may be filed against such school personnel.

Corporal punishment administered in a reasonable manner by a principal or assistant principal acting within the scope of his employment or function and in accordance with any state or federal laws or rules or regulations of the State Board of Education or the local school board does not constitute assault, simple assault, aggravated assault, battery, negligence or child abuse. No principal or assistant principal so acting shall be named as an individual defendant or be held liable in a suit for civil damages alleged to have been suffered by a student as a result of the administration of corporal punishment, unless the court determines that the principal or assistant principal acted in bad faith or with malicious purpose or in a manner exhibiting a wanton and willful disregard of human rights or safety.

Corporal punishment means the reasonable use of physical contact by principal or assistant principal as may be necessary to maintain discipline, to enforce a school rule, for self-protection or for the protection of other students from disruptive students. Corporal punishment in the form of paddling shall be witnessed at all times by at least one (1) certified school employee, and all other acts of corporal punishment, as defined herein, shall be witnessed at all times, if possible, by a certified school employee. ## **Student Records (JR)**

It is the policy of the Hazlehurst City School District Board of Education that the principal of each school will be the legal custodian of all student records for that school. Students and parents will have access to their school records.

The HCSD will notify parents annually of the district's policy on the collection or use of personal information collected from students for the purpose of marketing or selling that information or otherwise providing that information to others for that purpose, including arrangements to protect student privacy that are provided by the agency in the event of such collection, disclosure, or use.

The educational records or school records include all materials directly related to a student that a school maintains. Records and notes maintained by a teacher, administrator, school physician, or school psychologist for his or her own use, and which are not available to others are exempted from this definition.

The school will require a prior written consent before information other than directory information may be divulged to third parties. An exception to this rule exists for school district employees who have legitimate interests in viewing the records, as well as officials in other schools in which the student seeks to enroll.

### ***Transfer of Enrollment (JR)***

A school district in which a student is enrolled or is in the process of enrolling in may request the student's education records from any district in which the student was formerly enrolled to ascertain safety issues with incoming students and ensure full disclosure. The records, including the student's disciplinary records, will be forwarded to the requesting district within three (3) business days. Disciplinary records shall include but not be limited to all inform relates to a student assaulting, carrying weapons, possessing illegal drugs, including alcohol, and any incident that poses a potential dangerous threat to students or school personnel.

When schools transfer records to new educational institutions, the schools must notify parents of the transfer and of their right to review and contest the material. An exemption exists for material under court order. Parents must be notified of such an order prior to release

### ***Compliance with Family Educational Rights and Privacy Act (FERPA) (JRAB)***

In accordance with the policy of Hazlehurst City School District Board of Education, the regulations prescribed in policy JRAB shall govern the release of student records to students and members of the student's family, legal custodian, or legal guardian.

## ***Annual Notification***

Within the first month of each school year, the school district will publish a notice to parents and eligible students of their rights under the FERPA and this policy. The district will also send home with each student a bulletin listing these rights and the bulletin will be included with a packet of material provided by parents or an eligible student when the student enrolls during the school year. The notice will include the following:

1. The right of a student's parent or eligible student to inspect and review the student's education records,
2. The intent of the school district is to limit the disclosure of information contained in a student's education records except: (1) by the prior written consent of the student's parent or the eligible student, (2) as directory information, or (3) under certain limited circumstances, as permitted by the FERPA,
3. The right of a student's parent or an eligible student to seek to correct parts of the student's education records which he or she believes to be inaccurate, misleading, or in violation of student rights (this right includes the right to a hearing to present evidence that the record should be changed if the district decides not to alter it according to the parent's or eligible student's request and the right to insert in the student's permanent records an explanatory statement giving reasons for disagreeing with the decision),
4. The right of any person to file a complaint with the Department of Education if the school district violates the FERPA; and
5. The procedure that a student's parent or an eligible student should follow to obtain copies of this policy and the locations where copies may be obtained.

The HCSD will arrange to provide translations of this notice to non-English speaking parents in their native language.

Since a student's records may be maintained in several locations, the school principals will offer to collect copies of records or the records themselves from locations other than a student's school, so they may be inspected at one site. However, if a parent or eligible student wishes to inspect records where they are maintained, school principals will make every effort to accommodate the wishes.

When a record contains information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the records of the other students.

## **TECHNOLOGY**

### ***Acceptable Use Policy (IJ, IJ-E, IJ-R; IJA-E)***

The Hazlehurst City School District (HCS D) offers currently enrolled students, faculty and staff access to the school computer network through computer labs, networked and stand-alone computers. District technology equipment is provided for use in fulfilling curriculum objectives and quality enrichment activities. Personal electronic devices are not to be connected to the District network. This includes, but is not limited to personal computers, laptops, tablets, smart phones, and other smart or personal electronic devices.

The HCS D is in compliance with the Children’s Internet Protection Act (CIPA) and will comply with any additional state and federal regulations that pertain to technology use within the district and through use of the HCS D network infrastructure and servers that is forthcoming from the local, state and federal regulatory agencies.

The Children’s Internet Protection Act (CIPA) is a federal law enacted by Congress to address concerns about access in schools and libraries to the Internet and other information. Among many other things, it calls for schools and libraries to have in place appropriate electronic filters to prevent children and adults from accessing and viewing inappropriate Internet content. For any school or library that receives discounts for Internet access or for internal connections, CIPA imposes certain requirements. The HCS D receives these discounts for Internet Access through the E-Rate program and is therefore must be in compliance with CIPA.

### ***Computer Network and Internet Use Rules***

Students and school personnel are responsible for good behavior on the school computer networks just as they are in a classroom or in a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply. Within reason, freedom of speech and access to information will be honored. In compliance with CIPA 2008 updates, all students (PreK-12) will be educated about appropriate online behavior, including interacting with other individuals on social networking websites, in chat rooms and in cyberbullying awareness and response. When using the Internet, all students will be closely monitored to prevent students from accidentally or otherwise accessing inappropriate material. Computer access is a privilege, not a right, and is provided for students and staff to conduct research, fulfill course requirements, and communicate with others when appropriate or authorized. Access to network services is given to students and staff who agree to act in a considerate and responsible manner. Signed parental permission is required for all students. All faculty and staff using the district’s Internet access must sign a written contract.

Network administrators may review network storage files and communications to maintain system integrity and ensure that users are using the system responsibility. While user files will not be examined without good cause, users should not expect that files stored on school computers will always be private. The HCS D will fully cooperate with local, state or federal officials in any investigation related to illegal activities conducted through any HCS D Internet account.

All users are expected to abide by the generally accepted rules of Netiquette. These include (but are not limited to) the following:

- Be polite. Do not be abusive in your messages to others.
- Use appropriate language.
- Do not assume that emails are secure and/or confidential. Never send anything that you would hesitate to have viewed by others.
- Respect other people's privacy regarding mail and files. Do not reveal personal address or phone numbers, or those of students or colleagues.
- Keep paragraphs short and to the point. Be mindful of spelling.
- Check email regularly and delete unwanted messages as quickly as possible.

### ***Network Security-CIPA Compliance***

Users have the responsibility to use computer and network resources for academic purposes only. Therefore, as mandated by CIPA, filtering and monitoring will be utilized on all computers accessing the Internet. Faculty and staff must use District provided email. Activities using the computer network in violation of Local, State, Federal or HCS D policies are strictly forbidden.

Students will not respond to unsolicited online contacts or reveal personal identifiable information over the network unless it meets District-approval (examples: ACT Registration, Scholarships or College Applications). This includes information about themselves as well as information about anyone else.

HCS D staff is prohibited from disclosing personal information about students on websites. Although teachers and other district personnel may reveal personal information about themselves over the network, they are strictly forbidden to disseminate any student information electronically to any source that has not met district approval. Information that is considered personal includes but is not limited to the following: student's full name, home address, Social Security number, personal telephone numbers, and any information relating to their health.

Because there are additional prohibitions with which users must comply, non-compliance with these regulations will result in disciplinary and/or legal actions taken by the HCS D authorities if deemed necessary.

There is absolutely no expectation of privacy on the HCS D network. Activities at any workstation or transmission and receipt of data can be monitored at any time both electronically or by staff members. This includes the transmission and receipt of email, email attachments, Web browsing and any other use of the network.

Prohibited activities include, but are not limited to the following:

- Using the network to transmit, or retransmit copyrighted material (including plagiarism).
- Accessing, transmitting, or retransmitting threatening, harassing, bullying (cyberbullying) obscene and pornographic or trade secret material or any material deemed harmful to minors.
- Using the network to access, transmit or retransmit language that can be considered defamatory, abusive or offensive.
- Using social networking sites, chatting, or blogging unless associated with a specific curriculum related activity.

- Users of the HCSD network are forbidden to access, transmit, or retransmit information that could cause danger or disruption, engage them in personal, prejudicial or discriminatory attacks or that harasses or causes distress to another person.
- Users of the district network are forbidden to access transmit, or retransmit material that promotes violence or the destruction of persons or property by any device including but not limited to firearms, explosives, fireworks, smoke bombs, incendiary devices or other similar material.
- All users agree to report any accidental access of any of the aforementioned material to the appropriate school authority so that the district can take steps to prevent similar future access.
- Using the network to download, upload or store large files such as music and video that are not directly related to projects or activities that are a part of the school curriculum.
- The use of flash (thumb) drives is limited to data storage only.
- No executable files of any type may be transferred to district property.
- Re-sending email chain letters or engaging in any spamming activities where bulk mailings of unsolicited email are sent.
- Damaging computers, computer systems, or computer networks (hardware or software). If a student maliciously damages HCSD technical equipment in such a way that requires service or repairs, the parent/guardian of the student is responsible for providing all expenses incurred for those services, grades PreK-12.
- Deliberate or careless action that damages the computer's configuration or limits the computer's usefulness to others.
- Downloading unauthorized software on school computers/networks. This includes students, teachers, staff and administrators. All software installed on district computers must be installed by the Technology Department and only after the proper licenses or authorizations for use have been acquired and verified.
- Creating, uploading, or transmitting computer viruses, worms or other disruptive software code.
- Making any attempt to defeat computer or network security on the district network or any other client, server, or network on the Internet. Hacking or attempting to gain access to unauthorized areas of the district network or the Internet is prohibited.
- Invading the privacy of other individuals. Using another person's password or account or providing his/her password to another person. Trespassing in another's folder, work or files, in the attempt to use others' work to "cheat" on assignments, tests, or any class work.
- Intentionally wasting limited resources.
- Using the network or school computer for unauthorized commercial, private, personal purposes or political lobbying.
- Any activity harmful to or reflecting negatively on the HCSD community.

### ***Consequences of Policy Non-compliance***

Violation of this AUP (Acceptable Use Policy) may result in the denial, suspension or cancellation of the users' privileges as well as other disciplinary and/or legal action deemed appropriate and imposed by the school administration, district administration and/or local, state or federal law enforcement officials.

## ***Terms and Conditions for Use of the HCSD Network***

All users of the HCSD's network and Internet access are required to adhere to the district's Internet Acceptable Use Policy (AUP). The policy describes in detail the purpose of the district's network and the rules governing its use. If a parent does not want their child to have access to the Internet or Internet services provided by the district, they must obtain and complete a Refusal Form and return to your child's Principal. This form will have to be completed each school year. Please realize that this action will make enrollment in certain classes impossible. AUP forms will be given to PreK-12<sup>th</sup> grade students during registration. AUP forms must be signed by parents and students before registration is complete. All users, including faculty and staff, must be aware that misuse of the network facilities could result in disciplinary action by the HCSD officials including termination of employment or legal action by local, state and/or federal law enforcement officials.

It is, therefore, incumbent upon all who sign the Staff Internet Use Contract, the Student Internet Use Contract, or the INTERNET USE PARENT OR GUARDIAN SIGNATURE FORM, to carefully read this Acceptable Use Policy (AUP) and understand what is expected and the penalty for non-compliance.

Violation of the Acceptable Use Policy may result in disciplinary action.

Other action not specified above may include but are not limited to monetary restitution, expulsion, detention or any other action deemed appropriate by the administrative authorities.

In grades PreK-12, students in computer-based classes may be removed from the course for the duration of the semester or school year if found by administration to be intentionally in violation of the Acceptable Use Policy. Reinstatement procedures will be individually addressed.

Any disciplinary action that is a result of an alleged violation of this policy can be appealed through the normal channels provided by the disciplinary policy of the Hazelhurst City School District.

Signatures at the end of this document are legally binding and indicate the parties who have signed have read the terms and conditions carefully and understand their significance.

## **CARE OF SCHOOL PROPERTY (EBHA)**

Every student should refrain from defacing or destroying school property. Every student should take pride in keeping the building and school property in excellent condition.

If any pupil shall willfully destroy, cut, deface, or damage, any school building, equipment or other school property, the pupil shall be subject to suspension or expulsion and their parents or guardian shall be liable for all damages. The school will seek restitution in the form of money and/or labor through the judicial system and/or parents.

Visiting lockers and other unassigned areas between classes will not provide a legitimate excuse for students to be tardy to his/her next class. Students are expected to move promptly from class to class.

No decorations or stickers of any kind will be allowed on the inside or the outside of the lockers unless approved by the principal.

All buildings and whatever they contain in the way of equipment are provided at a great expense by parents, other citizens, and the taxpayers of Hazlehurst City Schools District. Pupils must pride themselves in doing everything possible to take care of school property and should encourage others to do so. If a student is found guilty of damaging property, he/she will be subject to paying a fine along with other disciplinary consequences.

### ***TEXTBOOKS***

Textbooks for students are furnished by Hazlehurst City School District. As soon as classes have organized, free textbooks are assigned to all pupils. Parents are required to sign the book card assuming full responsibility for the books and their proper care until they have been returned to school. Pupils should see that their books are not abused, as a fine will be charged for any school owned book that shows unnecessary wear. All fines collected for damages or lost books will be used to replace or repair books owned by the Hazlehurst City School District.

If a pupil loses a book and desires to pay for a lost book, arrangements must be made with the principal's office in order to get another book. At any time during the school year, the staff may conduct a check on all textbooks.

The fine and damage replacement schedule is as follows:

0-1 year	Full replacement value
1-2 years	80% of cost of new textbook
2-3 years	60% of cost of new textbook
3-4 years	40% of cost of new textbook
Over 4 years	20% of cost of new textbook

**Students will not be issued further textbooks if payment is not received for lost or damaged books.**

Any damage which makes the textbook unusable for the following term will result in a fine equal to the cost of the textbook. Examples are water damage, missing pages, obscene or vulgar writing or drawing, and profanity. A lost textbook will result in a fine equal to the cost of the textbook.

### ***LIBRARY BOOKS (IFBD)***

Our library books belong to all the students, and pride must be taken in their preservation. If they are willfully marred or defaced, damages will be charged. Full price will be charged for any lost library books. Librarians will charge a fine for overdue books.

## **EMERGENCY DRILLS/SCHOOL SECURITY (EBBC & EBBA)**

School security is one of the nation's top priorities and remains a top priority in our district as well. Emergency drills are conducted periodically on each campus within the Hazlehurst City School District. Emergency procedures, unique to each individual campus, are in place and the principal and all staff is knowledgeable in the implementation of all of these procedures.

## ***ASBESTOS INSPECTION OF SCHOOL SITES***

The HCSD remains in compliance with the U.S. Environmental Protection Act (EPA) and the Asbestos Hazard Emergency Response Act (AHERA) in the identification and assessment of all Asbestos Containing Building Materials (ACBM). A management plan has been developed to establish guidelines for managing the ACBM. The EPA requires re-inspection of any asbestos materials every three years with continued surveillance reports and documentation of any and all activities involving the disturbance of asbestos materials to include: abatement, repairs, cleanup, etc. Management plans containing documentation of all activities involving ACBM are on file at the office of superintendent of schools.

## **VISITOR AND VOLUNTEER POLICY**

## SECONDARY POLICY AND PROCEDURES

### ***HONOR ROLL FOR GRADES 9 - 12***

Students enrolled in Hazlehurst City School District who exhibit high academic success will be recognized after each nine-week term in the following way:

<b><u>Grades 9 – 12</u></b>	
Superintendent’s Scholar	4.00 GPA
Principal's Scholar	3.50 - 3.99 GPA
Honor Roll	3.00 - 3.49 GPA

In order to be considered for honor roll each term, a student must have taken three courses, all of which must have been academic courses.

### ***HONOR GRADUATES***

Students with an Academic GPA of 3.0 or higher will be designated as Honor Graduates.

### ***Co-and Multiple Valedictorians and Salutatorians***

In selecting the valedictorian, if the GPA of the top graduates is the same or is a difference of less than .03, the co-valedictorians or multiple valedictorians may be named.

In selecting the salutatorian, if the second highest GPA - after the valedictorian's GPA is determined - is the same or is a difference of less than .03, then co-salutatorians or multiple salutatorians may be named.

When co-valedictorians and co-salutatorians are named, they will be honored in alphabetical order.

### ***Star Student***

The senior with the highest ACT (minimum of 25) and the highest scholastic average in the 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup> grades (minimum average of 93) for the subject areas of English, foreign language, math, science and social studies. In the event of a tie on the ACT score:

1. Total ACT score (English, Math, Reading, and Science Reasoning) for each student in the tie. Select the student having the highest sum of these test scores **and** the minimum 93 average on designated courses.
2. If the tie still exists, name as STAR student that senior with the highest overall scholastic average on selected subjects in specified years.
3. If the tie is unbroken, use the first semester senior year scholastic average as the deciding factor.

**NOTE:** To determine which senior has the highest score on the ACT for STAR student status, the Mississippi Economic Council and its M.B. Swayze Educational Foundation require students to take the ACT before December 31<sup>st</sup> of each year.

## REQUIREMENTS FOR VALEDICTORIAN AND SALUTATORIAN

To be a candidate for valedictorian or salutatorian, a student must complete courses with the following requirements:

### Valedictorian, Salutatorian, and Class Ranking

The student(s) having attained the highest and second highest grade point average during his/her high school period, excluding grades acquired in physical education, driver's education, band, and chorus, shall be recognized as Valedictorian and Salutatorian respectively.

The students named Valedictorian and Salutatorian must have attended that particular high school the final four consecutive semesters.

The Valedictorian and Salutatorian will be chosen based on the highest grade Point Average through the third (3rd) nine weeks of the senior year.

The GPA Point System will be utilized to compute and determine the rank-in-class of graduating seniors. Rank-in-class is defined as the comparison of a student's academic performance with those of the members of his/her graduating class. Class rank computed on the basis of quality points, rather than on grade-point average, projects a more accurate profile of academic performance. It is also designed to encourage students to enroll in more challenging courses. Students in advanced courses earn additional quality points directly proportionate to regular courses.

Students with a grade point average of 3.0 to 3.49 will graduate with honors. Students with a grade point average of 3.5 to 4.0 will graduate with special honors.

The Grade Point Weighted Scale is separated into courses which are identified as regular academic classes and advanced/accelerated classes.
