

September 6, 2024

Dear Manhasset School Community,

As we begin the new school year, I want to take a moment to reassure you that the safety and well-being of our students and staff remain our top priority. We are fortunate to have a strong partnership with the Nassau County Police Department, who continue to provide a visible and supportive presence at our schools. Together, we work diligently to enhance our safety infrastructure, technology, emergency response protocols, and professional development efforts.

At the start of each school year, principals review safety protocols with their staff, and we will soon begin our scheduled safety drills. In addition, we proactively collaborate with the Nassau County Police Department and Homeland Security to review and enhance our safety plans, ensuring our schools remain safe environments for learning.

Attached is an Emergency Planning Guide for parents, which outlines how we prepare for various emergencies. The guide includes a link to the Districtwide school safety plan which is posted on our website.

If you have any questions about the safety protocols at your child's school, don't hesitate to contact the building's principal.

Thank you for your continued support as we work to keep our schools safe.

Sincerely,

Dr. Gaurav Passi  
Superintendent of Schools
