

September 10, 2024

Dear Manhasset School Community,

The District has been made aware of police activity near the Munsey Park school. As a precautionary measure, we have placed our buildings in Lockout. A lockout is used to secure school buildings and grounds during incidents that pose an imminent concern outside of the school. During a lockout, classroom instruction, and interior activities continue as typical. However, external doors are locked and secured, and no students, staff members, or visitors are permitted to enter or leave the building.

We will let you know once the police activity has cleared and the lockout has been lifted.

Sincerely,
Gaurav Passi, Ed.D.

Superintendent of Schools
