Student-Athlete Participation

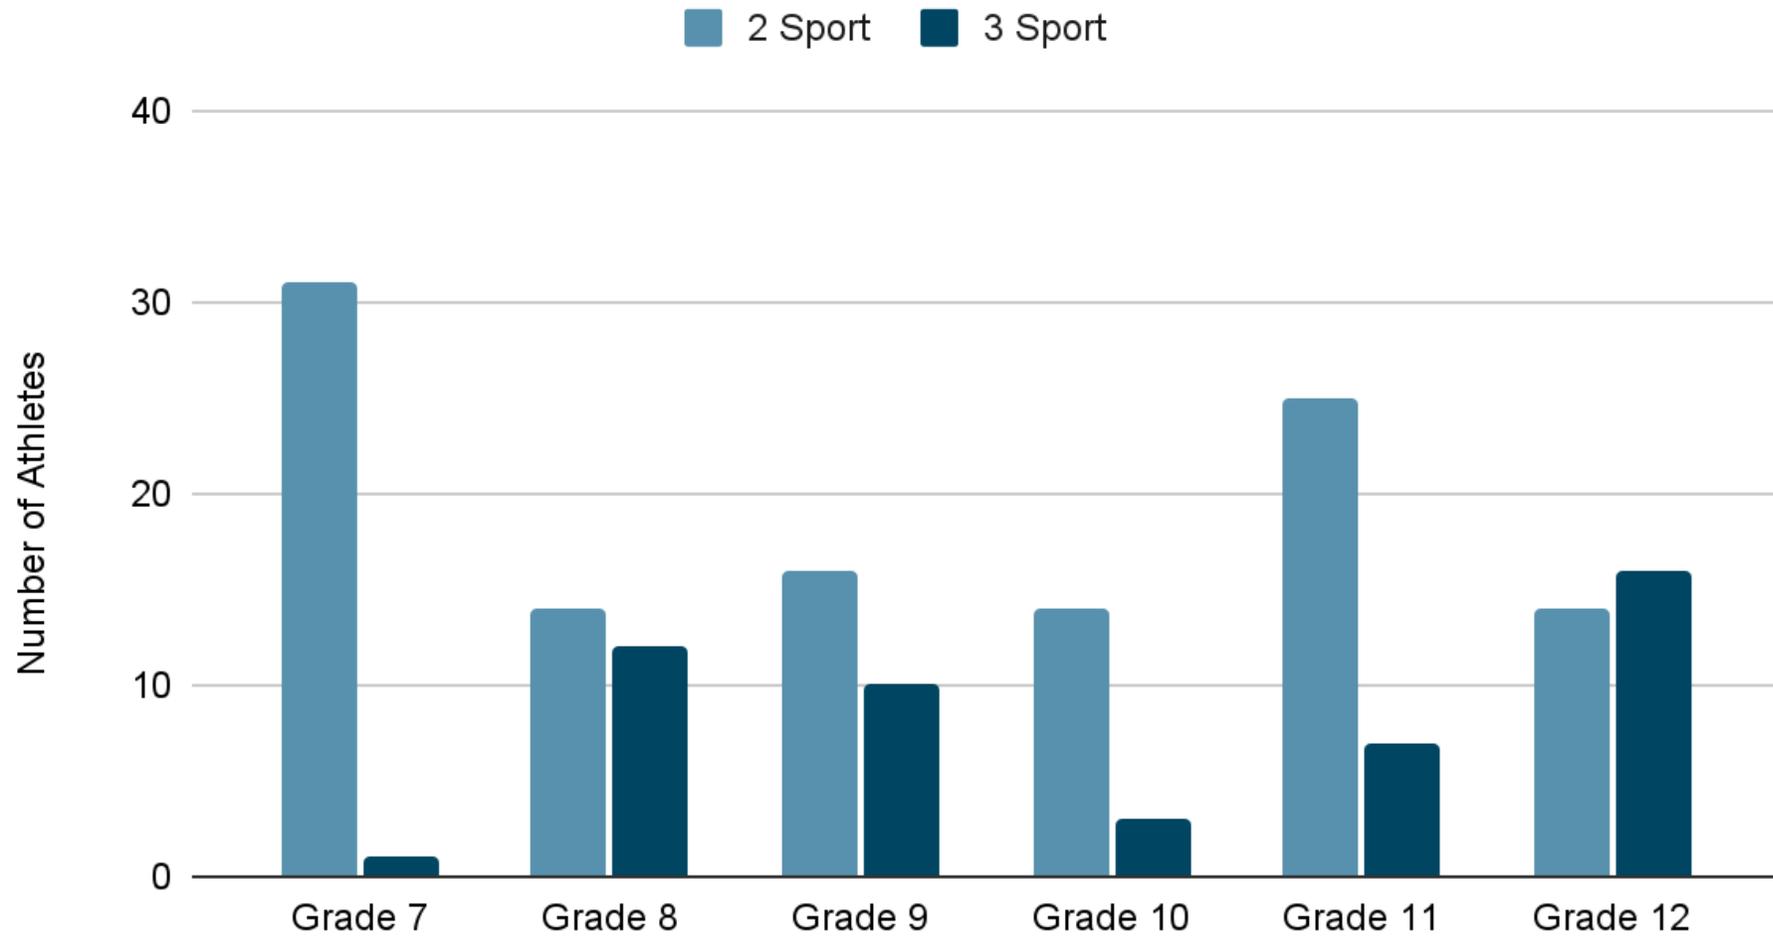

2022-2023 Multi-Sport Athletes

Multi-Sport Athletes

Unified Bowling and Basketball- Special Olympics

Unified Sports joins people with and without intellectual disabilities on the same team. It was inspired by a simple principle: training together and playing together is a quick path to friendship and understanding. Unified Sports are recognized as an official program of New York State Public High School Athletic Association (NYSPHSAA).

Special Olympics New York and NYSPHSAA have a shared philosophy that authentic and credible athletics have the greatest impact on the student athlete and serve the greater purpose of destroying stigma and stereotypes of people with Intellectual Disabilities. Rule modifications are minimal to ensure integrity and a true interscholastic sports experience.
