Alignment across the continuum

Curriculum Model of the MYP

The MYP is a framework for international learning and teaching

Our curriculum is benchmarked to the UK National Curriculum.

FIS curriculum is enhanced with connections to our pillars.

ACADEMIC GROWTH & ACHIEVEMENT

With individualized learning and inquiry-based teaching methods, Fairgreen students set and achieve their educational goals, guided by dedicated and caring teachers and staff.

SUSTAINABILITY

Students, teachers, parents and the entire Fairgreen community are committed to living a sustainable lifestyle by treading mindfully on our planet, supporting sustainable businesses, and being ambassadors of sustainable living.

CHARACTER

Fairgreen students learn how to access the psychological, social, cultural and physical resources required to sustain their wellbeing, developing resilience and ethics, building essential life skills, and responding positively to adversity.

WELLBEING

The Fairgreen community takes a happy and healthy approach to physical, social, mental and emotional wellbeing by creating an environment where students feel safe and connected, learn good nutrition, and adopt fitness as a lifelong habit.

INNOVATION

From the early years, curiosity and imaginative thinking are cultivated as the building blocks to innovation, and Fairgreen's project-based approach encourages students to actively pursue creative solutions throughout their learning journey.

INTERNATIONAL MINDEDNESS

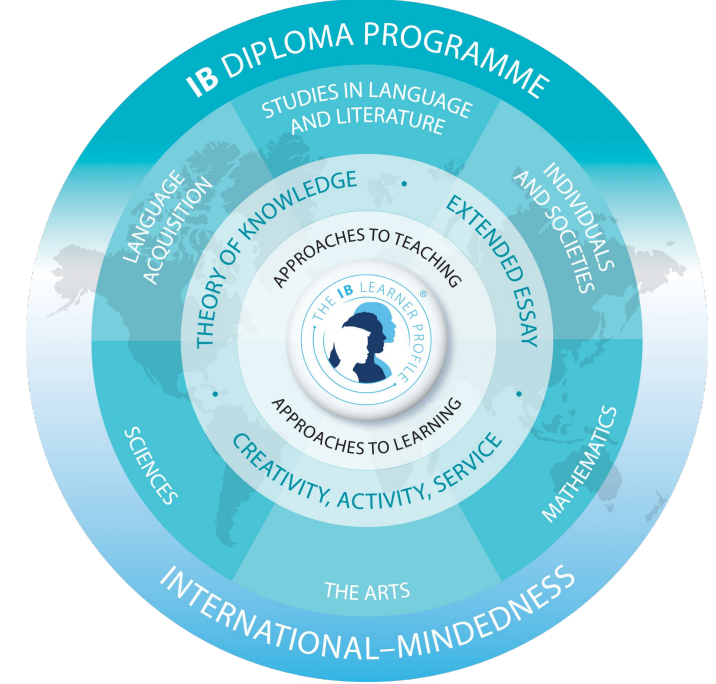

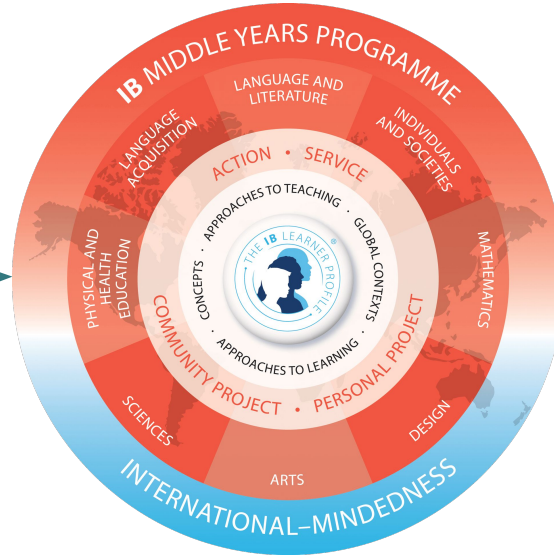

With local and global contexts integrated into learning opportunities, Fairgreen students appreciate their position in a global classroom, learning the values of tolerance, open-mindedness, acceptance and respectful dialogue.

SOCIAL RESPONSIBILITY

Fairgreen students are driven by their pledge to make the world a better, more peaceful place. Fairgreen offers a broad range of opportunities to make a meaningful impact, both locally and globally.

Students have a choice of programme in Grade 11 & 12

CP & DP continue to build on the MYP CORE:

- Service as Action (G6 - 10)
- Personal Project (G10)
- Community Project (G8)

Experiences include:

- Week Without Walls
- Eco Council
- Drama Production
- Leadership opportunities
- House competitions (Captains)

WHAT IS TOK?

Opinion
Climate crisis

🕒 This article is more than **4 months old**

I understand climate scientists' despair – but stubborn optimism may be our only hope

Christiana Figueres

Thu 9 May 2024 16.26 BST

 **Share**

Fighting spirit helped us achieve the Paris accords in 2015 – and we need it now the world is on course to overshoot 1.5C

- [‘Hopeless and broken’: why the world’s top climate scientists are in despair](#)
- Christiana Figueres was the head of the UN climate change convention from 2010 to 2016

Example ToK Exploration

Real Life Situation & Source

Guardian newspaper article by Christiana Figueres (former head of UNCCC), in which she argues that being “**stubbornly optimistic**” is our only way to approach the climate crisis.

Key Concepts

- Impact of optimism/pessimism on knowledge & understanding
- Agency & Empowerment
- Mis- and Dis-information
- Responsibility

Questions to Consider

What is ‘stubborn optimism’?
How does being optimistic/pessimistic change the way we understand and interact with the world?

Exit and Link to Other Real Life Situations

Is it beneficial to be more optimistic or more pessimistic in different situations?
Examples?
How do we balance optimism with any obligation to remain objective about real life events?

USE OF AI

**10 ROLES

INTELLIGENCE
IN EDUCATION**

IB Statement on Use of AI

Students should be aware that the IB does not regard any work produced – even only in part – by such tools, to be their own.

Therefore, as with any quote or material from another source, it must be clear that AI-generated text, image or graph included in a piece of work, has been copied from such software.

The software must be **credited in the body of the text** and appropriately **referenced in the bibliography**. As with current practice, an essay which is predominantly quotes will not get many, if any, marks with an IB mark scheme.

Dr Matt Glanville, Head of Assessment Principles and Practice at the IB

Fairgreen Guidance on Use of AI

AI is useful tool and can be ethically used for:

- Finding sources
- Shaping Research Questions
- Checking 'viability' of a topic

If students do use AI for one or more of the above, we will ask them to cite this in their bibliography/works cited.
