NBHS is Proud to Recognize 16 AP Scholars

Each summer the College Board releases the results of AP exams taken in the spring to students and their schools. Student exams are graded and placed into a 5-point reporting scale. Various colleges across the state and country grant college credit to students that earn a qualifying score on their exams.

Qualifying scores are overall scores of 3, 4 or 5 on the AP exam. In addition to earning college credits, there are several levels of recognition for students that have truly excelled on these high stake's exams.

North Branch High School is proud to recognize 16 individuals that have earned recognition for their performance last spring. Ten of the 16 students recognized earned an AP Scholar Award, which means they have earned a score of 3 or higher on 3 or more AP exams. Four students earned an AP Scholar with Honor Award. These individuals earned an average score of at least 3.25 on all AP Exams taken, **and** scores of 3 or higher on four or more exams. Finally, we are proud to share that two students earned an AP Scholar with Distinction Award. They received an average score of at least 3.5 on all AP Exams taken, **and** scores of 3 or higher on five or more exams.
