

Head of School Search Update September 2024

Dear Linden Hall Community,

I am delighted to share an update on the ongoing search for our next Head of School. Over the past few weeks, the Search Committee has been hard at work reviewing the impressive pool of resumes submitted by candidates from across the country. Each application reflected a deep interest in the unique and exceptional learning environment we cherish at Linden Hall.

As part of this careful and thoughtful process, the committee conducted a paper screening to assess the qualifications and alignment of each candidate with the vision and mission of our school. After extensive discussion, we selected six outstanding individuals for initial Zoom interviews. These conversations were inspiring, revealing strong leaders who are not only highly qualified but also share our passion for educational excellence and student-centered learning.

Looking ahead, we are excited to take the next step. In the coming weeks, the committee will work to narrow the candidate pool to four or fewer exceptional finalists. These individuals will be invited to visit our campus, where they will have the opportunity to experience firsthand the incredible energy of our community and get to know Linden Hall on a deeper level. It will be an invaluable chance for both our community and the candidates to connect and envision the future together.

We are confident that we are on the right path to finding a visionary leader who will continue to build on the success of Linden Hall, fostering growth and innovation while staying true to our cherished values. The process so far has filled us with optimism and excitement for what lies ahead, and we look forward to introducing the final candidates to you all soon.

Thank you for your ongoing support and engagement during this important process. We are incredibly fortunate to have such a strong community, and we are confident that the best is yet to come for Linden Hall!

Warm regards,
