

Dear Jericho Community,

Our Superintendent, Hank Grishman, will be retiring at the end of this school year. For thirty years, Jericho has benefited from Hank's innovative and supportive leadership and continuous dedication to our students, staff and families. Jericho is continually recognized as a leading school district in New York and Hank's influence will continue to shape our District's success for many years to come.

The Board has commenced the search for our next Superintendent. We appreciate the magnitude of this responsibility and are committed to conducting the most comprehensive and diligent process possible. We have partnered with the national recruiting firm Hazard, Young, Attea & Associates to assist in this undertaking.

The Board is focused on hiring a leader who aligns with our District's vision, shares our commitment to academic excellence, and possesses the qualities most important to our community. During the early stages of this search, stakeholders will have the opportunity to provide input on these salient characteristics.

Please understand that strict confidentiality is required to attract the best candidates. However, the Board will be as transparent as practical throughout the process and the District's website will be updated regularly to keep the community informed of our progress.

We anticipate having the new Superintendent in place by July 1 and appreciate your support and patience as we navigate this critical process.

Sincerely,

The Jericho Board of Education
