Greetings from Havre Public Schools 😊

As we move into the fall, I would like to remind everyone of all the opportunities to watch our Blue Ponies in action. The Golf and Cross-Country programs are progressing rapidly through their seasons. We have many great student athletes representing our community in these events, please check out our <https://www.blueponyk12.com/> website for details regarding tournament times and locations. FFA and Choir are also in full swing with kids participating in multiple events throughout our state. On Fridays there are opportunities to watch football at the Blue Pony Stadium at 7 pm or on Saturdays there is volleyball in the HHS gymnasium starting at 1 pm. Finally, I would like to remind everyone that our amazing band, cheer, and color guard teams will perform at halftime during these home events!

Havre School District wrapped up many projects over the summer including control replacements and upgrades, which increase temperature regulation within the buildings. Havre Public Schools also improved safety through the update of bells and paging systems within all buildings. The safety and security of our schools is always a top priority, so making sure this project was completed in a timely manner was at the top of our list. In the high school auditorium, the stage floor was replaced over the summer. As you are aware, the Havre High School Auditorium hosts schoolwide and community-based events, so the safety of this stage quickly became a top priority for the Havre School Board. Finally, the new cafeteria tables will be installed at Highland Park by the end of October.

Fall benchmark testing is occurring at all our buildings with Holly Bitz and Lisa Passon making sure this process goes as smoothly as possible. The goal of our fall testing window is to make sure all our students are acquiring the skills they need to succeed in their grade levels. Havre Public Schools has worked diligently with our Multi-Tiered Systems of Support to ensure our students are not only progressing towards benchmark performance in all grade levels, but receiving the intervention support necessary if they are not.

Finally, this year I am hosting a monthly radio show, along with posting updates regarding the latest information about Havre Public Schools on our district website. If you go to the home page and click on the link Pony Posts, you will be able to access each monthly update. If you have any questions, please don't hesitate to reach out to me. I can be reached at (406)-395-8550 or you can email me directly at: gumb@blueponyk12.com.

Go Ponies,

Brian Gum

Superintendent

Havre Public Schools
