

## Highland PTSA is Shifting Gears!

This year all SPPS schools will have a site council whose purpose is to create a climate in the schools where the educators, parents, administration, students (at the high school level), and other community participants work together to share the responsibility and accountability for school improvement, better student performance, increased satisfaction among professional educators, greater involvement by and with parents, and stronger support from the community.

**Because of this, we are reducing the number of PTSA meetings, and focusing on fundraising and providing funds to students, teachers, coaches and club advisors through grants, programming and support requested by counselors.**

### 2024-25 School Year Programming

**Thursday, October 10, 4:00-8:00 PM, at school, in lobby**
