DEVELOPMENT OF PHILOSOPHY OF EDUCATION

The Board's philosophy of education gives direction to the educational program and daily operations of the District.

Periodically, the policy committee of the Board and the Superintendent evaluates the philosophy of education. Suggestions from both staff and community are considered.

The committee revises or confirms the existing philosophy or writes a new statement of philosophy. The committee presents its recommendation regarding a philosophy of education to the Board for adoption or readoption.

All building and course of study philosophies reflect and extend the Board's philosophy.

SALARY SCHEDULES

Administrators

With the exception of the Superintendent and the Treasurer, who are hired by and report directly to the Board, administrators' compensation generally is determined by their position on the salary schedule and the length of their contract year. The salary schedule consists of a matrix encompassing job responsibility and experience. Administrators normally progress one step or level each year. There is a provision for increasing more than one step in a year based on a recommendation from the person's direct supervisor, with approval by the department director and the Superintendent.

Note: Individual salary information may be obtained by requesting a report from the Treasurer.

New Employees

New employees will be placed at the appropriate step on the salary schedule at the time of employment.

The Superintendent and the Chief Talent Officer will evaluate experience for salary placement.

Continuing Employees

Employees who work a minimum of one hundred twenty (120) days in any work year with satisfactory performance will be **eligible** for advancement on the salary schedule.

GRANTING DEFICIT SICK DAYS

A new employee who has not transferred any sick leave balances from another public employer and/or any employee who has used all of his/her accrued sick leave days may apply for and be advanced up to five days of sick leave annually.

Should an employee leave the employment of the Board while owing deficit sick leave days, the Board shall have the right to retain from the employee's last paycheck(s) the value of such paid sick leave days. In the event that the remaining paychecks are insufficient to permit the Board a full recovery, the employee shall be responsible for full reimbursement to the Board.

REPORTING ACCUMULATED SICK LEAVE

The Treasurer's Office shall include a report of the employee's sick leave accumulation on each payroll check stub (or direct deposit notification), with the accumulative one and one quarter (1¼) days being reflected on the first paycheck of each month. Unused personal days converted to sick days shall be reflected by the second paycheck in July of each year.

SICK LEAVE ACCUMULATION

The request is only valid for one year.

At the time of adoption, an employee may use sick leave for the purpose of initial care of their newly adopted child during any of the two (2) calendar weeks immediately following the first day of custody of the child.

PERSONAL LEAVE

Up to three (3) days of personal leave shall be granted within each work year (July 1st - June 30th). Personal days may only be used for personal business that cannot be conducted at a time other than on a regular workday and during regular work hours. These days may be taken as full or as half days.

Personal leave days do not accrue. Employees who end the work year with unused personal leave days shall have those days converted to sick leave on an equal basis. Employees can rollover personal days for the

following school year, to a maximum of five (5) days in which the five days can be used together no more than once every five (5) years.

An application for such leave shall be made to the immediate supervisor at least two (2) days in advance of the leave day or days. Emergency conditions may prevent the possibility of advance notice; in such instances appropriate forms will be completed upon return to duty.

Under extreme extenuating circumstances, and/or for religious observance, the Superintendent or designee may grant additional days of personal leave.

PROFESSIONAL LEAVE

Training and development are essential to the efficient and economical operation of the schools.

Therefore, all employees shall be encouraged to grow in job skills and to take additional training that will improve their skills on the job.

Absences to attend meetings, conventions, conferences, or workshops of local, state, or national associations which serve to advance the welfare of the district through the upgrading and strengthening of the classified service may be granted by the Superintendent.

When an employee attends a professional workshop or meeting that was pre-approved by his/her supervisor or by an administrator, the employee's approved expenses will be reimbursed in full upon presentation of detailed itemized receipts and documentation to the Treasurer.

This Professional Leave Policy does not apply to sessions required for an employee's job-specific recertification.

CHILD REARING LEAVE

Child rearing leave for a newly born or newly adopted child shall be granted for up to twelve (12) consecutive months without pay. Extensions may be granted at the discretion of the Board. The twelve (12) months shall commence immediately following the expiration of sick leave, in accordance with the statutory law of Ohio.

Pregnant employees shall submit written notice to the Chief Talent Officer on the approved Leave Request form no later than thirty (30) days prior to the anticipated date of the employee's last work day. The form may be obtained directly from the Human Resources Office.

The thirty (30) day notification will be waived in the case of adoption. However, the employee will provide a written notice, advising of the anticipated date of return.

Upon the return of the employee from an approved leave of absence, the employee shall return to a position for which the employee is qualified *within the same job classification*.

The Board recognizes that the granting of unpaid child rearing leave does not preclude an employee from also exercising his/her statutory rights to sick leave for maternity leave in accordance with the statutory law of Ohio.

The Board and the employee shall continue paying his/her shares of any insurance premiums in which the Board participates for the first twelve (12) weeks of child rearing leave per the Family and Medical Leave Act. If the employee's leave extends beyond twelve (12) weeks, he/she shall assume full premium payment for the remainder of the leave.

Maternity leave, child rearing leave, and leave taken under the Family and Medical Leave Act shall run concurrently.

FAMILY AND MEDICAL LEAVE ACT

The FMLA requires covered employers to provide up to twelve (12) weeks job-protected leave to "eligible" employees for certain family and medical reasons in a year.

The District's FMLA Plan Year is based on the school (fiscal) year (July 1st through June 30th). All FMLA time will be used concurrently with accrued leave (sick, personal and vacation).

Employees are eligible if they have worked for a covered employer for at least one year, for a minimum of 1,250 hours over the previous twelve months, and if there are at least fifty (50) employees within seventy-five (75) mile radius.

The following reasons are qualified examples of reasons staff may request FMLA leave:

- For incapacity due to pregnancy, prenatal medical care, or childbirth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- Under the provisions of the Family Medical Leave Act (FMLA), an eligible employee is allowed time off to care for their child due to a serious health condition. The Board may allow an employee to use sick leave, if available, to aid in the recovery of his/her child due to the birth of his/her grandchild should he/she meet the minimum qualifications of FMLA. The paid time allotted for said leave would be as follows: Up to seven (7) calendar days immediately following the day of birth if the birth is natural and up to ten (10) calendar days immediately following the day of birth if the birth is "C-section" assuming you have available paid leave.
- For a serious health condition that makes the employee unable to perform the employee's job; or
- Because of any qualifying exigency (as the US Department of Labor shall, by regulation, determine) arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on active duty (or

has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation; or

- To care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the covered service member.

Employees who wish to request FMLA must first fill out a Leave Request form (MCS-502) and return it to the Treasurer's Office. Upon receipt of this form the employee's supervisor will be notified and FMLA Rights and Responsibilities form will be sent to the employee.

ASSAULT LEAVE

The District may grant up to a maximum of ten (10) days assault leave to any employee who is absent due to physical disability from an assault which occurs in the course of District employment. Such employees will be maintained on full pay status during the period of such absence and such leave shall not be charged against the employee's earned or earnable sick leave.

The District shall require an employee to furnish a signed statement provided by the District to justify the use of assault leave. A certificate from a licensed physician, stating the nature of the disability and its duration, shall be submitted to the Chief Talent Officer before assault leave can be approved.

Under extremely unusual circumstances involving serious injury, the ten (10) day limitation may be extended with approval from the Chief Talent Officer.

Any employee applying for assault leave shall cooperate with the law enforcement agencies as requested. The District shall provide the employee with release time necessary to cooperate with said agencies.

LEAVE OF ABSENCE

Normally, granting of a leave of absence will be considered only for the following reasons:

- Major Illness or Disability
- Service in the Armed Forces

Except for service in the Armed Forces, a leave of absence will be granted for only one year upon recommendation of the Chief Talent Officer to the Superintendent and approval by the Board of Education. It may not be renewed unless, in the judgment of the Superintendent or HR Talent Management Officer, there are compelling reasons for such renewal and evidence that the interests of the school district will not suffer. Such renewal must be approved by the Board of Education.

When an employee has been absent due to serious personal illness or injury for a continuous period and sick leave is exhausted, the Superintendent shall investigate the case and make a recommendation to the Board of Education as to whether or not that employee should be given an unrequested leave of absence.

In such circumstances, the employee is entitled to a hearing before the Board of Education (ORC 3319.081).

If an employee has exhausted all paid leave and has a need to be out for an unpaid leave due to illness or disability of a person listed in "Use of Sick Leave" Section CC of this Handbook, up to an additional 5 days of unpaid leave will be made available. The following guidelines apply:

- The employee must be out of all available paid leave
- The requested additional time must align with Section CC of this Handbook
- The days requested must be approved by the Chief Talent Officer
- Up to 5 days are available per school year, which runs from July through June
- Days must be used continuously and cannot be used sporadically

JURY DUTY/COURT APPEARANCES

When an employee is called for jury duty, he/she must provide proper notice to the building principal or supervisor.

If an employee is subpoenaed as a witness as a result of his/her employment with the district, or is involved in court action as a result of his/her employment with the district (other than as a plaintiff), he/she must provide proper notice to the building principal or supervisor.

Should a continued absence for jury duty be required, the employee shall notify their direct supervisor of their status on a daily basis.

The District will pay the employee his/her regular per diem pay and will not charge his/her any type of leave.

The employee shall surrender to the Treasurer's Office any payment received as a result of such duty. It is the responsibility of the employee to collect for his/her court services.

Court responsibilities not a result of an employee's employment with the district or as a result of jury duty, will require the use of personal days or unpaid leave if no personal days are available.

RESIGNATIONS

Resignations must be submitted, *in writing*, to the Chief Talent Officer.

The resignation of any employee whose appointment was confirmed by the District shall be referred to the Board of Education for action.

In the event the employee is on spread pay, he/she will be advised of any salary adjustments, as well as vacation and sick leave balances.

If the employee is in possession of any Mason City Schools property, this property must be returned before final pay will be released.

RECRUITMENT, SELECTION & APPOINTMENT

Employment practices are established to give equal opportunity to any person with respect to hiring, tenure, terms, conditions, and privileges of employment. No inquiry in regard to sex, race, handicap, color, religion, national origin, or ancestry shall be made of any person proposed for or seeking employment in any capacity in the District, except as required or permitted by law.

Applications for positions will be completed online at masonohioschools.com.

Falsification of any statement in an application shall be considered dishonesty and sufficient cause for disqualification or removal from service.

4. No candidate is hired without an interview and a criminal record check.

The District is committed to having a school environment free from discrimination and harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age or military status. Harassment of a student, staff member, or school visitor is contrary to Mason City Schools' pledge to provide a safe and inviting environment in which to work and learn.

The District prohibits discrimination and harassment in the work and school environment, including the school bus or other school-related vehicle, all academic, extracurricular and school sponsored activities or events whether or not held on school premises. Retaliation and making false accusations and statements in connection with the reporting or investigation of discrimination and harassment is also prohibited by this policy.

The Board has created the following informal and formal discrimination and harassment grievance procedures for those members of the school community and third parties who believe they were unlawfully discriminated against or unlawfully harassed.

- Allegations of unlawful discrimination or harassment on the basis of sex will be promptly and impartially investigated pursuant to the grievance procedures set forth in Administrative Guideline ACA/ACAA-AG.
- Allegations of unlawful discrimination or harassment on the basis of disability will be promptly and impartially investigated pursuant to the grievance procedures set forth in Administrative Guideline ACB-AG.
- Allegations of unlawful discrimination or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status will be promptly and impartially investigated pursuant to the grievance procedures set forth in this Administrative Guideline AC-AG.

Discrimination and/or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status occurs when unwelcome conduct (including physical, verbal, and non-verbal conduct) is unwanted and offensive/ humiliating to the person and has the purpose or effect of: (1) creating an intimidating, hostile, or offensive working/educational environment; (2) interfering with one's ability to participate in any District program or activity; (3) interfering with one's ability to benefit from any District program or activity; or (4) interfering with the individual's work and/or educational performance.

- Examples of harassment include, but are not limited to:
 - **Physical:** Intimidating gestures, physical violence, assault or threats of injury because of a person's race or ethnicity, culture, religion, etc.
 - **Oral:** Derogatory remarks about a person's skin color or appearance based on race, ethnic background, nationality, language or cultural background; unwelcome remarks about a person's cultural or religious observances, offensive jokes and comments.

- **Written or graphic material:** Including graffiti, defacing notices or posters, cartoons, caricatures, written threats and derogatory statements.

The examples of harassing conduct apply to any complainant, including staff-to-student and peer-to-peer incidents.

Complaints of discrimination and/or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status must be filed within 180 calendar days of the alleged incident, as delays in filing complaints can make it difficult to investigate. Both the informal and formal grievance procedures are completed within 60 calendar days of the date the incident was reported to the Compliance Officer, unless extenuating circumstances exist. Periodic updates are made as appropriate during the investigation.

Reporting / Investigation Procedures

The District will investigate formal and informal reports/complaints of harassment. Any student (or parent/guardian of a student), staff member or other individual experiencing conduct which he or she believes to be discrimination or harassment should follow these procedures:

Informal Grievance Procedures

A person, including members of the school community and third parties, who believes he/she has been discriminated against on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status may discuss the grievance informally and on a verbal basis with the District's Compliance Officer. Upon receipt of an informal complaint, the Compliance Officer or designee shall perform an investigation into the allegation(s). At any time, the Complainant or Respondent may terminate the informal grievance procedure and proceed under the formal grievance procedures.

Following the Compliance Officer's investigation, he/she shall either (i) respond in writing to the complainant to convey that the investigation did not substantiate the complainant's allegation(s); or (ii) exercise his/her authority to attempt to resolve the substantiated aspects of the complainant's allegations. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint.

Formal Grievance Procedures

Step 1 – Compliance Officer's Investigation

A person, including a member of the school community and a third party, who believes he/she has been discriminated on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status may file a formal grievance with the District's Compliance Officer, verbally or in writing. When filing a complaint, the Complainant should be clear that he/she wishes to pursue the formal grievance procedures, otherwise the Compliance Officer shall exercise discretion to determine whether to investigate the grievance under the informal or formal procedure.

Whether a formal grievance is filed in writing or verbally, it should include the following information to the extent possible:

- a detailed description of the alleged discrimination;
- the date(s) and time(s) upon which the alleged discrimination occurred;
- the identity of the individual(s) who allegedly engaged in discrimination;
- the identities of any individuals who may have witnessed the alleged discrimination;
- and the resolution sought by the complainant.

Staff shall report any incident of alleged harassment of any form, whether such incident is actually witnessed by the staff member or reported. Administrative staff receiving reports of harassment will promptly notify the Compliance Officer.

The Compliance Officer or designee shall initiate an investigation within two calendar days of receiving a formal grievance. Each complaint of harassment shall be investigated in a way that respects the privacy of all parties concerned to the extent permitted by law and to the extent practical and appropriate under the circumstances.

The Compliance Officer's/designee's investigation shall include an interview with the Complainant – which could be satisfied at the time a formal grievance is filed. At the interview, the Complainant shall have the opportunity to identify/present witnesses and identify/present evidence supporting the Complainant's allegation(s). The investigation shall also include an interview with the person(s) who allegedly engaged in discrimination ("Respondent"). At the interview, the Respondent(s) shall have the opportunity to identify/present witnesses and identify/present evidence refuting the Complainant's allegation(s). The investigation shall also include an interview with all other individuals who have a reasonable likelihood of knowing non-superfluous information relevant to the allegation(s). The investigation shall also include the collection and thorough review of any documentation or other evidence that is reasonably believed to support or refute the allegation(s). If the formal grievance was initiated as an informal grievance, the Compliance Officer/designee may rely on the investigation that occurred through the informal grievance process to fulfill any required aspect of the formal investigation.

Step 2 – Compliance Officer's Written Report

Upon the completion of the investigation, the Compliance Officer or designee shall prepare a written report summarizing the initial allegation(s), the details of the investigation, and the Compliance Officer's decision as to whether the allegation(s) of discrimination is substantiated. If the report is prepared by the Compliance Officer's designee, the designee shall consult with the Compliance Officer to determine whether the allegation of discrimination is substantiated. Even where the written report is prepared by a designee, the Compliance Officer is responsible for determining whether the allegation of discrimination is substantiated.

If the Compliance Officer substantiates the Complainant's allegation(s), then the Compliance Officer's/designee's written report shall include recommended corrective action aimed at immediately ending the discrimination/harassment, remediating its effects, and preventing it from occurring in the future.

District administrators may provide individual or group counseling, training and/or other interventions to restore a nondiscriminatory environment.

Unless a formal grievance presents complications that require additional time, the Compliance Officer/designee shall complete his/her investigation into the alleged discrimination and transmit his/her written report to the Superintendent within sixty calendar days of receiving the formal complaint. Immediately after transmitting his/her written report to the Superintendent, the Compliance Officer/designee shall notify the Complainant and Respondent in writing as to whether the allegation of discrimination was substantiated.

The Compliance Officer determines whether or not, by "a preponderance of the evidence," the Complainant's allegations are substantiated. "A preponderance of the evidence" means that evidence must show the alleged discrimination was more likely than not to have occurred.

Appeal to the Superintendent

If the Complainant is not satisfied with the decision reached in the Compliance Officer's/designee's written report, he/she may appeal the Compliance Officer's decision to the Superintendent. Any such appeal must be made in writing, directed to the Superintendent, within ten calendar days following the transmission of the Compliance Officer's written report. Upon appeal, the Superintendent will review the Compliance Officer's written report, may conduct (or have a designee other than the Compliance office conduct) a further investigation, and may also conduct an informal hearing. Unless an appeal presents complications that require additional time, the Superintendent shall notify the Complainant and the Respondent, in writing, of his/her decision within ten calendar days of receiving the appeal.

Harassment Consequences

Any student who engages in the harassment of another student or adult in the school setting may be subject to corrective or disciplinary action, including but not limited to meeting with school counselor, training, referral to community resources; and suspension/expulsion consistent with special education laws and regulations.

Any staff member who permits or engages in the harassment of a student or another adult shall be subject to disciplinary action up to and including dismissal. Further, any staff member who receives a report of harassment or witnessed harassment of a student, in any form, and who does not act promptly to forward the report to the Principal and/or the Compliance Officer shall be subject to disciplinary action. Remedial action such as individual or group counseling and/ or other interventions may also be provided.

Retaliation Prohibited

The District prohibits retaliation against any individual who has brought a report/complaint charging harassment, opposed harassment and/or participated in the reporting or investigation process. Any charge of retaliatory behavior received by the District will be investigated according to the reporting

procedure/investigation process established for harassment. Further, any individual found to have engaged in such retaliatory behavior will be subject to disciplinary action consistent with harassment violations.

EVALUATION OF PROFESSIONAL STAFF (Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1st and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated, under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective.

Principals and assistant principals are evaluated via two formal observations and periodic building walkthroughs. The principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walkthroughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.
