PRE-EMPLOYMENT PROCEDURES

All potential classified staff members will follow the procedures outlined below *prior* to their first day of employment:

1. Complete the Board-adopted, online application to be considered for employment.
2. Undergo a personal interview with the immediate supervisor, and possibly the building principal and/or Human Resources.
3. Provide written verification of criminal record, via the Ohio Bureau of Criminal Identification and Investigation's fingerprint process (BCI) and the Federal Bureau of Investigation (FBI).

You will submit to a background check at the point of hire. Background checks are processed in the Human Resources Talent Management Office. It is each employee's responsibility to pay for his/her background check. The cost for this service is \$50 and is payable by cash, check or credit card.

Subsequent FBI background checks are required every five years for employees of Mason City Schools.

Employment with the Mason City School District is contingent upon the recommendation of the Superintendent, and upon formal approval by the Board of Education based upon the results of the criminal background check.

4. Complete all required pre-employment forms as provided by the District.

CONFIDENTIAL STUDENT AND EMPLOYEE INFORMATION

The Board of Education of the Mason City School District is committed to protecting the confidential student and employee records and information that it maintains for the efficient and effective operation of the school district.

To this end, no employee, agent, contractor, or volunteer of the Board of Education shall disclose, divulge, release, transmit, or otherwise make public confidential student or employee records or information without legal authority or permission, which must be in accordance with state and federal law. Such confidential student and employee records or information includes, but is not limited to, the following: medical records, history or information; juvenile or other court records that are not public records; records pertaining to adoption, probation, or parole proceedings; social security numbers; Student IDs and State Student IDs (SSID); student education records and other personally identifiable student information as defined by Ohio law and the Family Educational Rights and Privacy Act ("FERPA"); BCI and/or FBI criminal background checks for employees, agents, contractors, or volunteers; confidential financial records (including, but not limited to, bank account and credit card information); retirement system documents; and any other student or employee records or information, the release of which is prohibited by state or federal law.

Nothing contained herein shall prohibit the disclosure of any record that is considered a public record under Ohio's Public Records Act. Likewise, nothing contained herein shall prohibit the disclosure of student records or personally identifiable student information in accordance with Ohio law and FERPA, including the use or disclosure of personally identifiable student information by an employee acting exclusively in his or her capacity as an employee for a legitimate educational or administrative use.

Access to all records, systems, databases, and data containing student and employee information is granted solely for the purpose of performing legitimate, authorized, and assigned responsibilities required for the necessary and proper administration of the school district. An employee may not access any record, system, or database containing confidential student or employee records or information unless such access is necessary to perform a legitimate, authorized, and assigned job responsibility. Employees may not alter, change, modify, add, or delete student or employee records unless appropriate authority has been granted by a supervisor, or it is a part of their specific assigned responsibilities to do so.

The disclosure of confidential student or employee records or information to others who do not have legal authority to receive such records or information may violate the Ohio Privacy Act, FERPA, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), and/or other federal and state laws. Misuse or improper disclosure of student or employee records or information and/or other conduct in violation of this Policy may subject you to disciplinary action, up to and including termination.

SAFESCHOOLS

SafeSchools is an online safety training and tracking system specifically designed for school employees.

- Every new employee is required to complete online training courses as assigned.

Each employee has 30 days within which to complete the assigned courses. Additional courses may be required for certain departments.

Subsequent refresher courses are required and will be assigned as needed.

BLOODBORNE PATHOGENS TRAINING

In compliance with Ohio House Bill 308 and the OSHA Bloodborne Pathogens Standard, 29CFR, Subpart Z, Section 1910.1030, an Exposure Control Plan has been developed for the Mason City Schools.

This Exposure Control Plan is a key component in the commitment of the Mason City Schools to control occupational exposure of our employees to bloodborne pathogens. This plan specifically addresses Hepatitis B Virus (HBV) and Human Immunodeficiency Virus (HIV).

The Plan is:

1. Available at all times to all employees as copies are kept in the front office of each building. Personal copies are available within 15 days of request
2. Further explained via on-line, required training of all employees
3. Explained during training for those employees who have occupational exposure
4. Updated to reflect modifications in tasks or procedures which may result in occupational exposure
5. Reviewed annually and revised as needed

Please refer to the up-to-date copy of the Exposure Control Plan, which is located in each building office, for further details regarding training and inoculations.

SMOKE FREE WORK ENVIRONMENT

Smoking in or on school property is prohibited. The district will advise all potential candidates prior to their employment that smoking is not permissible in or on school property.

PROBATIONARY PERIOD

Within the Mason City Schools, there will be a one year probationary period from the date of assignment during which time the principal or immediate supervisor should conduct a minimum of one appraisal conference during the first year on any person who has applied for and received a reassignment/promotion, and on any newly hired classified personnel. The appraisal conference may or may not result in a written performance appraisal.

Any appraisal shall:

- Summarize the performance of the individual from the time of hiring or reassignment to the point of appraisal
- Determine whether employment will continue for the newly hired individual or the promotion/reassignment for others

Employment with the Mason City School District is contingent upon the discretionary recommendation of the Superintendent, based upon the results of the criminal background check, and upon formal approval of the Board of Education.

If employment continues, future appraisals will occur in accordance with board policy.

SENIORITY

Seniority is determined by the date of employment (first paid day) for regular employees, either on a full-time or part-time basis.

Seniority shall be used for the purpose of determining the order in which transportation routes are bid or offered.

The order of seniority shall not necessarily be used solely as the basis for promotion or reduction in force.

Time paid as a substitute worker is not considered part of a worker's seniority.

Should an employee resign or retire, and then be re-employed, the date of employment for seniority purposes shall be the return date rather than the original date they were hired as they severed employment at the time they resigned or retired.

NONDISCRIMINATION/HARASSMENT GRIEVANCE PROCEDURES

The District is committed to having a school environment free from discrimination and harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status. Harassment of a student, staff member, or school visitor is contrary to Mason City Schools' pledge to provide a safe and inviting environment in which to work and learn.

The District prohibits discrimination and harassment in the work and school environment, including the school bus or other school-related vehicle, all academic, extracurricular and school sponsored activities or events whether or not held on school premises. Retaliation and making false accusations and statements in connection with the reporting or investigation of discrimination and harassment is also prohibited by this policy.

The Board has created the following informal and formal discrimination and harassment grievance procedures for those members of the school community and third parties who believe they were unlawfully discriminated against or unlawfully harassed.

- Allegations of unlawful discrimination or harassment on the basis of sex will be promptly and impartially investigated pursuant to the grievance procedures set forth in Administrative Guideline ACA/ACAA-AG.
- Allegations of unlawful discrimination or harassment on the basis of disability will be promptly and impartially investigated pursuant to the grievance procedures set forth in Administrative Guideline ACB-AG.
- Allegations of unlawful discrimination or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status will be promptly and impartially investigated pursuant to the grievance procedures set forth in this Administrative Guideline AC-AG.

Discrimination and/or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status occurs when unwelcome conduct (including physical, verbal, and non-verbal conduct) is unwanted and offensive/ humiliating to the person and has the purpose or effect of: (1) creating an intimidating, hostile, or offensive working/educational environment; (2) interfering with one's ability to participate in any District program or activity; (3) interfering with one's ability to benefit from any District program or activity; or (4) interfering with the individual's work and/or educational performance.

Examples of harassment include, but are not limited to:

- **Physical:** Intimidating gestures, physical violence, assault or threats of injury because of a person's race or ethnicity, culture, religion, etc.
- **Oral:** Derogatory remarks about a person's skin color or appearance based on race, ethnic background, nationality, language or cultural background; unwelcome remarks about a person's cultural or religious observances, offensive jokes and comments.

- **Written or graphic material:** Including graffiti, defacing notices or posters, cartoons, caricatures, written threats and derogatory statements.

The examples of harassing conduct apply to any complainant, including staff-to-student and peer-to-peer incidents.

Complaints of discrimination and/or harassment on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status must be filed within 180 calendar days of the alleged incident, as delays in filing complaints can make it difficult to investigate. Both the informal and formal grievance procedures are completed within 60 calendar days of the date the incident was reported to the Compliance Officer, unless extenuating circumstances exist. Periodic updates are made as appropriate during the investigation.

Reporting / Investigation Procedures

The District will investigate formal and informal reports/complaints of harassment. Any student (or parent/guardian of a student), staff member or other individual experiencing conduct which he or she believes to be discrimination or harassment should follow these procedures:

Informal Grievance Procedures

A person, including members of the school community and third parties, who believes he/she has been discriminated against on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status may discuss the grievance informally and on a verbal basis with the District's Compliance Officer. Upon receipt of an informal complaint, the Compliance Officer or designee shall perform an investigation into the allegation(s). At any time, the Complainant or Respondent may terminate the informal grievance procedure and proceed under the formal grievance procedures.

Following the Compliance Officer's investigation, he/she shall either (i) respond in writing to the complainant to convey that the investigation did not substantiate the complainant's allegation(s); or (ii) exercise his/her authority to attempt to resolve the substantiated aspects of the complainant's allegations. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint.

Formal Grievance Procedures

Step 1 – Compliance Officer's Investigation

A person, including a member of the school community and a third party, who believes he/she has been discriminated on the basis of race, color, national origin, ancestry, citizenship status, religion, economic status, age, or military status may file a formal grievance with the District's Compliance Officer, verbally or in writing. When filing a complaint, the Complainant should be clear that he/she wishes to pursue the formal grievance procedures, otherwise the Compliance Officer shall exercise discretion to determine whether to investigate the grievance under the informal or formal procedure.

Whether a formal grievance is filed in writing or verbally, it should include the following information to the extent possible:

- a detailed description of the alleged discrimination;
- the date(s) and time(s) upon which the alleged discrimination occurred;
- the identity of the individual(s) who allegedly engaged in discrimination;
- the identities of any individuals who may have witnessed the alleged discrimination;
- and the resolution sought by the complainant.

Staff shall report any incident of alleged harassment of any form, whether such incident is actually witnessed by the staff member or reported. Administrative staff receiving reports of harassment will promptly notify the Compliance Officer.

The Compliance Officer or designee shall initiate an investigation within two calendar days of receiving a formal grievance. Each complaint of harassment shall be investigated in a way that respects the privacy of all parties concerned to the extent permitted by law and to the extent practical and appropriate under the circumstances.

The Compliance Officer's/designee's investigation shall include an interview with the Complainant – which could be satisfied at the time a formal grievance is filed. At the interview, the Complainant shall have the opportunity to identify/present witnesses and identify/present evidence supporting the Complainant's allegation(s). The investigation shall also include an interview with the person(s) who allegedly engaged in discrimination ("Respondent"). At the interview, the Respondent(s) shall have the opportunity to identify/present witnesses and identify/present evidence refuting the Complainant's allegation(s). The investigation shall also include an interview with all other individuals who have a reasonable likelihood of knowing non-superfluous information relevant to the allegation(s). The investigation shall also include the collection and thorough review of any documentation or other evidence that is reasonably believed to support or refute the allegation(s). If the formal grievance was initiated as an informal grievance, the Compliance Officer/designee may rely on the investigation that occurred through the informal grievance process to fulfill any required aspect of the formal investigation.

Step 2 – Compliance Officer's Written Report

Upon the completion of the investigation, the Compliance Officer or designee shall prepare a written report summarizing the initial allegation(s), the details of the investigation, and the Compliance Officer's decision as to whether the allegation(s) of discrimination is substantiated.

If the report is prepared by the Compliance Officer's designee, the designee shall consult with the Compliance Officer to determine whether the allegation of discrimination is substantiated. Even where the written report is prepared by a designee, the Compliance Officer is responsible for determining whether the allegation of discrimination is substantiated.

If the Compliance Officer substantiates the Complainant's allegation(s), then the Compliance Officer's/designee's written report shall include recommended corrective action aimed at immediately ending the discrimination/harassment, remediating its effects, and preventing it from

occurring in the future. District administrators may provide individual or group counseling, training and/or other interventions to restore a nondiscriminatory environment.

Unless a formal grievance presents complications that require additional time, the Compliance Officer/designee shall complete his/her investigation into the alleged discrimination and transmit his/her written report to the Superintendent within sixty calendar days of receiving the formal complaint. Immediately after transmitting his/her written report to the Superintendent, the Compliance Officer/designee shall notify the Complainant and Respondent in writing as to whether the allegation of discrimination was substantiated.

The Compliance Officer determines whether or not, by "a preponderance of the evidence," the Complainant's allegations are substantiated. "A preponderance of the evidence" means that evidence must show the alleged discrimination was more likely than not to have occurred.

Appeal to the Superintendent

If the Complainant is not satisfied with the decision reached in the Compliance Officer's/designee's written report, he/she may appeal the Compliance Officer's decision to the Superintendent. Any such appeal must be made in writing, directed to the Superintendent, within ten calendar days following the transmission of the Compliance Officer's written report. Upon appeal, the Superintendent will review the Compliance Officer's written report, may conduct (or have a designee other than the Compliance office conduct) a further investigation, and may also conduct an informal hearing. Unless an appeal presents complications that require additional time, the Superintendent shall notify the Complainant and the Respondent, in writing, of his/her decision within ten calendar days of receiving the appeal.

Harassment Consequences

Any student who engages in the harassment of another student or adult in the school setting may be subject to corrective or disciplinary action, including but not limited to meeting with school counselor, training, referral to community resources; and suspension/expulsion consistent with special education laws and regulations.

Any staff member who permits or engages in the harassment of a student or another adult shall be subject to disciplinary action up to and including dismissal. Further, any staff member who receives a report of harassment or witnessed harassment of a student, in any form, and who does not act promptly to forward the report to the Principal and/or the Compliance Officer shall be subject to disciplinary action. Remedial action such as individual or group counseling and/ or other interventions may also be provided.

Retaliation Prohibited

The District prohibits retaliation against any individual who has brought a report/complaint charging harassment, opposed harassment and/or participated in the reporting or investigation process. Any charge of retaliatory behavior received by the District will be investigated according to the reporting procedure/investigation process established for harassment. Further, any

individual found to have engaged in such retaliatory behavior will be subject to disciplinary action consistent with harassment violations.

Title IX

The Title IX Coordinators serve as the grievance officers and coordinate the District's efforts to comply with and carry out responsibilities under Title IX, including any complaint under Title IX. He/She They are vested with the authority and responsibility for investigating all sexual harassment complaints in accordance with the procedures set forth in the accompanying regulation and staff and student handbooks. SALARY SCHEDULE PLACEMENT

New Employees

New employees will be placed at the appropriate step on the salary schedule at the time of employment.

The Chief Talent Officer will evaluate experience for salary placement.

Continuing Employees

Employees who work a minimum of one hundred twenty (120) days in any work year with satisfactory performance will be **eligible** for advancement on the salary schedule.

The Board of Education has given any administrator the option of freezing employees at their current salary step when job performance is substandard.

Freezing of the level of wages may be done for one year, with written direction to the employee for improvement. The employee will also be notified that termination will result if standards are not met within a specified period of time (usually within the next work year).

Administrators may recommend an alternative placement on the salary schedule for a given employee based on competitive market conditions for the position. The Chief Talent Officer will approve or deny the recommendation.

SCHEDULE OF WORK DAYS

Each employee shall be assigned a schedule of working hours and workdays for the work year.

A calendar of the work year will be provided by the Treasurer's Office, indicating the designated work days.

PAYROLL DEDUCTIONS

In accordance with federal, state, and local laws, applicable deductions will be made from all employees' paychecks:

Each newly hired employee shall meet with the Chief Talent Officer or designee to review the new hire packet prior to beginning his/her first day of work.

Payroll deductions may occur according to the eligibility of the employee for particular benefits and programs. Some of these include:

1. Health Insurance
2. Dental Insurance
3. Vision Insurance
4. Credit Union
5. Voluntary Insurance
6. Tax Sheltered Annuities

All necessary paperwork for withholding taxes and retirement contributions must be on file before the first paycheck can be issued.

Completed, signed withholding forms and/or enrollment paperwork must be submitted to the Treasurer's Office for review before deductions and/or coverage may begin. Forms need to be submitted in a timely manner in order to assure insurance coverage and/or no delay in receiving pay.

Sufficient enrollment among employees of the District must exist with a company for tax sheltered annuity (TSA) deductions to occur. The Treasurer's Office may provide more information regarding TSAs.

Changes in health insurance, dental, vision, and life insurance may be made in the Treasurer's Office. Changes to coverage may be made during the district's open enrollment period each year or at the time of a qualifying event. It is the employee's responsibility to notify the Treasurer's office of a qualifying event within 30 days of said event. To determine if you meet the rules as defined for a qualifying event, you should contact the Benefits Supervisor.

Report any changes relative to name, marital status, address, phone number, and/or the birth/adoption of a child.

FEDERAL WITHHOLDING

Federal income tax shall be withheld from each employee's earnings in accordance with rates established by the Department of the Treasury-Internal Revenue Service.

Payroll deductions will be based on the employee's W-4 form, which indicates status and number of exemptions claimed and must be completed at the time of employment, prior to receiving the first paycheck.

Each year on or before January 31st, the Treasurer's Office shall issue a W-2 form with earnings and withholding information for the employee's use in preparing federal, state, and local tax returns. **Changes in federal withholding must be made in writing and the form must be provided to the Treasurer's Office.**

STATE WITHHOLDING

Ohio State income tax shall be withheld from each employee's earnings in accordance with rates established by the Ohio Department of Taxation.

Payroll deductions will be based on the employee's Form IT-4, which indicates status and number of exemptions claimed and must be completed at the time of employment, prior to receiving the first paycheck.

Each year on or before January 31st, the Treasurer's Office shall issue a W-2 form with earnings and withholding information for the employee's use in preparing his/her state tax return. **Changes in state withholding must be made in writing and the form must be provided to the Treasurer's Office.**

RETIREMENT DEDUCTIONS & BENEFITS

School Employees Retirement System of Ohio (SERS)

The following information is subject to legislative changes.

All employees of the District are required to contribute to SERS at the rate of ten percent (10%) of their total salary.

The Board of Education contributes fourteen percent (14%) of total classified salaries to the retirement system.

The Board of Education makes the retirement deductions on a pre-tax basis. This results in a ten percent (10%) reduction of an employee's taxable income for federal and state purposes.

Employees who leave the program prior to retirement age may withdraw the amount which has been deducted from wages per SERS guidelines.

MEDICARE

All employees hired after April 1, 1986, are required to contribute 1.45% of their gross earnings to Medicare. This is in accordance with Section 13205 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

The Board of Education is also required to contribute 1.45% on the earnings of all employees (both regular and substitute).

Should an employee who was originally hired before April 1, 1986 resign and then become re-employed by the District, or take a leave of absence during which no wages are earned, such employee would then be required to contribute to Medicare.

OTHER DEDUCTIONS

Employees of the Mason City Schools have the option of having other deductions taken from their paychecks.

All employees may choose:

- Credit Union Deductions
- Voluntary Insurance
- Tax Sheltered Annuities (dependent upon participating, eligible companies)

Eligible, participating employees will have the following deducted from their paychecks:

- Health Insurance, if applicable, and HSA deposits and/or premiums
- Dental Insurance Premiums, if applicable
- Vision Insurance Premiums, if applicable
- Voluntary Insurance Premiums, if applicable

Court-ordered or Internal Revenue Service deductions will occur.

Questions or concerns about payroll deductions should be addressed to the Treasurer's Office.

PAY PERIODS

District employees are paid every other Tuesday. Salary changes occur on the following dates each work year:

- July 1st Employees working 250-260 days
- August 1st Employees working 217-249 days
- September 1st Employees working 187-216 days

Annual salary is calculated as follows:

- Number of days in Work Year times the Number of Hours per Day = Annual Hours
- Annual Hours times Hourly Rate = Annual Wages
- Annual Wages divided by Number of Pay Days in Employee's Work Year = Gross Pay (each payday)

Time cards/time sheets will be utilized in reporting overtime or extra days worked. All overtime and/or extra days worked must be **preapproved** by the employee's immediate supervisor, who will sign the time card/sheet, initialing any overtime or extra hours, and approving any comp time.

TIME CARDS/TIME SHEETS PROCEDURE

Time Cards/Time Sheets

Time cards/time sheets will be completed by all regular employees paid on an hourly basis. At the conclusion of a two week period (usually Friday - or the last day worked before holidays or vacation), the completed time card/time sheet must be submitted to the employee's building principal or direct supervisor for approval.

The building principal or supervisor will review all time cards/time sheets for accuracy, initial approved overtime, extra days, or comp time, and will then sign. The building principal or supervisor shall be accountable for time cards/time sheets of all employees in their building or under their supervision, the correct completion of such cards, signature of approval, and attachments such as Absence from Duty forms.

The building principal or supervisor will forward completed time cards/time sheets and attachments to the Treasurer's Office. Where applicable, a payroll summary sheet will accompany the time cards/time sheets and attachments.

COMPENSATORY (COMP) TIME AND WORK EXCHANGE DAYS

The District recognizes that the workload for many employees varies throughout the year. There may be times during the year when it is necessary for an employee to work extra hours that are above the normal work schedule. Comp time accumulated during excessively busy times of the year may be used later as vacation time. All additional hours/days worked must be pre-approved by the employee's direct supervisor/principal.

Compensatory (Comp) Time

1. All time worked must be reported on each employee's time card. All time not worked that is requested to be paid (paid leave) must also be reported, with the reason for the paid leave reported and approved by a supervisor.
2. Any time worked over the standard number of hours per day will be performed only with the prior approval of the employee's supervisor, and only with the prior understanding of whether it is to be paid, or reported as comp time.
3. Additional time worked that is not requested to be paid (comp time) will be added to the employee's vacation balance so the employee may take that time off at a later date.
4. Time worked in excess of the regular hours per day will be reported in the "Extra Hours" columns of the time card. The Treasurer's Office will determine if these hours are eligible for overtime premium.
5. If the employee, with the supervisor's approval, wants the additional time added to vacation time (comp time), it is to be noted at the bottom of the time card in the space provided for comp time.
6. Once accrued and added to the vacation balance, comp time will not need to be requested separately. It is merely additional vacation time and should be requested as vacation time. Comp time hours will be reported as additional vacation time available, and will be subject to the same one-half day minimum use requirement.
7. All vacation leave balances will be subject to the statutory limitations (ORC 3319.084) on balances that may be carried over from one year to the next.
8. Employees are limited to adding no more than 40 hours (including any overtime premium) in one fiscal year (7/1 – 6/30) of comp time to vacation.

Exchange Days/Hours

Employees may request exchange hours or an exchange day in lieu of taking personal days or sick leave days. Exchange hours or an exchange day would be worked in order to accomplish required tasks, making up hours lost during the employee's absence. Exchange time **must** be worked within the **same pay period** that it is to be used. All exchange hours earned and used during the pay period must be reported in the "Extra Hours" column on the time card on the days it is earned and used. All additional hours/days worked must be pre-approved by the employee's direct supervisor/principal.

OVERTIME PAY

An overtime pay rate of one and one half times the hourly wage of an employee shall be paid for time worked in excess of forty hours during a given work week unless an employee elects to take comp time and his/her supervisor approves this request.

All overtime hours must be pre-approved by the Superintendent or his/her designee, and must be placed in the additional hours column on the time card.

Holiday pay will be counted as hours worked. No other kind of leave pay, including vacation, personal, or sick leave pay, will be considered as hours worked when calculating overtime pay. Except for Holiday pay, overtime pay is based upon additional hours beyond forty (40) hours *actually* worked.

When an employee works in two or more pay classifications, a blended rate of overtime pay will be utilized. The rate will be weighted based on the amount of time spent in each classification.

EMERGENCY OVERTIME PAY

An emergency overtime pay rate of one and one half times the hourly wage for employees requested to work outside of their normal assignment during a District Declared Emergency (formally declared by the Superintendent) shall be paid for any time paid in excess of forty hours during a given work week. Holiday, vacation, personal, sick leave pay, or any other kind of leave pay will be considered as hours paid when calculating emergency overtime pay.

When an employee works in two or more pay classifications, a blended rate of overtime pay will be utilized. The rate will be weighted based on the amount of time spent in each classification.

DIRECT DEPOSIT & PAYCHECKS

Classified Employees will receive their payroll via direct deposit with electronic pay stubs sent to the employee via the employee's selected email account. If an employee is to receive a hard paycheck, it will be available for pick up in the Treasurer's Office.

An employee's earnings may be directly deposited into the employee's checking or savings account at any qualified bank or financial institution each pay period. Any change to an employee's direct deposit will result in the employee receiving a paycheck for the next pay period, with the direct deposit beginning with the pay period following that check.

A direct deposit form is included in each packet of information given to new employees. The completed direct deposit form should be returned with withholding forms prior to the first paycheck.

It is the immediate supervisor's responsibility to ensure that vacations are scheduled to least interfere with the operation of schools. Requests of two (2) or more consecutive weeks may be denied.

Every attempt shall be made to meet the needs of the employee; however, it is necessary for all preparations to be completed before the opening or closing of school.

Administrators reserve the right to postpone vacations when the time scheduled interferes with the welfare of the district.

Should an employee leave the employment of the Board while owing deficit sick leave days, the Board shall have the right to retain from the employee's last paycheck(s) the value of such paid sick leave days. In the event that the remaining paychecks are insufficient to permit the Board a full recovery, the employee shall be responsible for full reimbursement to the Board.

REPORTING ACCUMULATED SICK LEAVE

The Treasurer's Office shall include a report of the employee's sick leave accumulation on each payroll check stub (or direct deposit notification), with the accumulative one and one quarter (1¼) days being reflected on the first paycheck of each month. Unused personal days converted to sick days shall be reflected by the second paycheck in July of each year.

All classified employees shall be entitled to fifteen (15) days of sick leave annually to be credited at the rate of 1¼ days per month.

PERSONAL LEAVE

Up to three (3) days of personal leave shall be granted within each work year (July 1st - June 30th). Under extreme extenuating circumstances, and/or for religious observance, the Superintendent or designee may grant additional days of personal leave.

PROFESSIONAL LEAVE

Classified staff employees are an integral part of the District's total staff. Training and development are essential to the efficient and economical operation of the schools.

Therefore, all classified staff employees shall be encouraged to grow in job skills and to take additional training that will improve their skills on the job.

It shall be the responsibility of all building principals and supervisors to assist to the maximum degree in the training of classified staff assigned to their buildings.

Absences to attend meetings, conventions, conferences, or workshops of local, state, or national associations which serve to advance the welfare of the district through the upgrading and strengthening of the classified service may be granted by the Superintendent without loss of pay to the employee.

When an employee attends a professional workshop or meeting that was pre-approved by his/her supervisor or by an administrator, the employee's approved expenses will be reimbursed in full upon presentation of detailed itemized receipts and documentation to the Treasurer.

This Professional Leave Policy does not apply to sessions required for an employee's job-specific recertification.

CHILD REARING LEAVE

Child rearing leave for a newly born or newly adopted child shall be granted for up to twelve (12) consecutive months without pay. Extensions may be granted at the discretion of the Board. The twelve (12) months shall commence immediately following the expiration of sick leave, in accordance with the statutory law of Ohio.

Pregnant employees shall submit written notice to the Chief Talent Officer on the approved Leave Request form no later than thirty (30) days prior to the anticipated date of the employee's last work day. The form may be obtained directly from the Human Resources Office.

The thirty (30) day notification will be waived in the case of adoption. However, the employee will provide a written notice, advising of the anticipated date of return.

Upon the return of the employee from an approved leave of absence, the employee shall return to a position for which the employee is qualified *within the same job classification*.

The Board recognizes that the granting of unpaid child rearing leave does not preclude an employee from also exercising his/her statutory rights to sick leave for maternity leave in accordance with the statutory law of Ohio.

The Board and the employee shall continue paying his/her shares of any insurance premiums in which the Board participates for the first twelve (12) weeks of child rearing leave per the Family and Medical Leave Act. If the employee's leave extends beyond twelve (12) weeks, he/she shall assume full premium payment for the remainder of the leave.

Maternity leave, child rearing leave, and leave taken under the Family and Medical Leave Act shall run concurrently.

FAMILY AND MEDICAL LEAVE ACT

The FMLA requires covered employers to provide up to twelve (12) weeks job-protected leave to “eligible” employees for certain family and medical reasons in a year.

The District’s FMLA Plan Year is based on the school (fiscal) year (July 1st through June 30th). All FMLA time will be used concurrently with accrued leave (sick, personal and vacation).

Employees are eligible if they have worked for a covered employer for at least one year, for a minimum of 1,250 hours over the previous twelve months, and if there are at least fifty (50) employees within seventy-five (75) mile radius.

The following reasons are qualified examples of reasons staff may request FMLA leave:

- For incapacity due to pregnancy, prenatal medical care, or childbirth;
- To care for the employee’s child after birth, or placement for adoption or foster care;
- To care for the employee’s spouse, son or daughter, or parent, who has a serious health condition; or
- Under the provisions of the Family Medical Leave Act (FMLA), an eligible employee is allowed time off to care for their child due to a serious health condition. The Board may allow an employee to use sick leave, if available, to aid in the recovery of his/her child due to the birth of his/her grandchild should he/she meet the minimum qualifications of FMLA. The paid time allotted for said leave would be as follows: Up to seven (7) calendar days immediately following the day of birth if the birth is natural and up to ten (10) calendar days immediately following the day of birth if the birth is “C-section” assuming you have available paid leave.
- For a serious health condition that makes the employee unable to perform the employee’s job; or
- Because of any qualifying exigency (as the US Department of Labor shall, by regulation, determine) arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation; or
- To care for a covered service member with a serious injury or illness if the employee is the spouse, son, daughter, parent, or next of kin of the covered service member.

Employees who wish to request FMLA must first fill out a Leave Request form (MCS-502) and return it to the Treasurer’s Office. Upon receipt of this form the employee’s supervisor will be notified and FMLA Rights and Responsibilities form will be sent to the employee.

The District may grant up to a maximum of ten (10) days assault leave to any employee who is absent due to physical disability from an assault which occurs in the course of District employment. Such employees will be maintained on full pay status during the period of such absence and such leave shall not be charged against the employee's earned or earnable sick leave.

The District shall require an employee to furnish a signed statement provided by the District to justify the use of assault leave. A certificate from a licensed physician, stating the nature of the disability and its duration, shall be submitted to the Chief Talent Officer before assault leave can be approved.

Under extremely unusual circumstances involving serious injury, the ten (10) day limitation may be extended with approval from the Chief Talent Officer.

Any employee applying for assault leave shall cooperate with the law enforcement agencies as requested. The District shall provide the employee with release time necessary to cooperate with said agencies.

LEAVE OF ABSENCE

Normally, granting of a leave of absence will be considered only for the following reasons:

- Major Illness or Disability
- Service in the Armed Forces

Except for service in the Armed Forces, a leave of absence will be granted for only one year upon recommendation of the Chief Talent Officer to the Superintendent and approval by the Board of Education. It may not be renewed unless, in the judgment of the Superintendent or Chief Talent Officer, there are compelling reasons for such renewal and evidence that the interests of the school district will not suffer. Such renewal must be approved by the Board of Education.

When an employee has been absent due to serious personal illness or injury for a continuous period and sick leave is exhausted, the Superintendent shall investigate the case and make a recommendation to the Board of Education as to whether or not that employee should be given an unrequested leave of absence.

In such circumstances, the employee is entitled to a hearing before the Board of Education (ORC 3319.081).

If an employee has exhausted all paid leave and has a need to be out for an unpaid leave due to illness or disability of a person listed in "Use of Sick Leave" Section CC of this Handbook, up to an additional 5 days of unpaid leave will be made available. The following guidelines apply:

- The employee must be out of all available paid leave
- The requested additional time must align with Section CC of this Handbook
- The days requested must be approved by the Chief Talent Officer
- Up to 5 days are available per school year, which runs from July through June
- Days must be used continuously and cannot be used sporadically

JURY DUTY/COURT APPEARANCES

When an employee is called for jury duty, he/she must provide proper notice to the building principal or supervisor. (Please refer to **CD Personal Leave**)

If an employee is subpoenaed as a witness as a result of his/her employment with the district, or is involved in court action as a result of his/her employment with the district (other than as a plaintiff), he/she must provide proper notice to the building principal or supervisor. (Please refer to **CD Personal Leave**)

Should a continued absence for jury duty be required, the employee shall notify their direct supervisor of their status on a daily basis.

The District will pay the employee his/her regular per diem pay and will not charge his/her any type of leave.

The employee shall surrender to the Treasurer's Office any payment received as a result of such duty. It is the responsibility of the employee to collect for his/her court services.

Court responsibilities not a result of an employee's employment with the district or as a result of jury duty, will require the use of personal days or unpaid leave if no personal days are available.

LOSS OF SALARY FOR ABSENCE

Unexcused absence on the part of any employee shall result in the loss of salary. A day's salary shall be calculated by dividing the annual wages by the number of days in the employee's work year.

Such unexcused absence by an employee will be cause for disciplinary action which may include a suspension of one (1) to ten (10) days and/or may lead to termination of employment.

Written notification of the District's action to terminate employment must be provided by certified mail. Under Ohio law and Section 6.11 of the City Charter, the employee has ten (10) days after the receipt of the notice to file a written appeal with the Personnel Review Board of the City of Mason.

RESIGNATIONS

Resignations must be submitted, *in writing*, to the Chief Talent Officer.

The resignation of any employee whose appointment was confirmed by the District shall be referred to the Board of Education for action.

In the event the employee is on spread pay, he/she will be advised of any salary adjustments, as well as vacation and sick leave balances.

If the employee is in possession of a uniform or any other Mason City Schools property, this property must be returned before final pay will be released.

Although the purpose of the school is instruction, it is readily recognized that instruction is impossible without the assistance and cooperation of many people. The operation of a school system is an intricate and complicated proposition, and no part of the system can operate effectively unless each of the other facets is functioning properly. Each job in a school system is important because the entire system is affected by it and depends upon it.

The Superintendent/designee(s) shall be responsible for the selection and evaluation of all employees and for making recommendations to the Board of Education for their appointment, reemployment, or dismissal.

The non-union employees of the district shall be employed in accordance with Sections 124 and 3319 of the Ohio Revised Code (ORC). Section 7.07 of the Charter of the City of Mason creates and establishes the Personnel Review Board. In accordance with law, the Personnel Review Board shall act in the role of Civil Service Commission for the District. The Personnel Review Board is the third step in the review process of an appeal made by non-union employees.

Employee job classifications have been established by the District for non-union employees as follows:

- Administrative Assistants
- Aides
- Accounting Clerks
- Technology
- Health Services – Registered Nurse
- Child Nutrition
- Transportation
- Daycare/Extended Care
- Salaried Employees
- Facility Rental
- Homework/Enrichment Program Club
- Other

RECRUITMENT, SELECTION & APPOINTMENT

Employment practices are established to give equal opportunity to any person with respect to hiring, tenure, terms, conditions, and privileges of employment. No inquiry in regard to sex, race, handicap, color, religion, national origin, or ancestry shall be made of any person proposed for or seeking employment in any capacity in the District, except as required or permitted by law.

Applications for classified positions will be completed online at masonohioschools.com.

Falsification of any statement in an application shall be considered dishonesty and sufficient cause for disqualification or removal from service.

The Superintendent/designee(s) shall recommend to the Board persons for:

- Initial Employment
- Reinstatements
- Suspensions
- Removals
- Layoffs
- Reductions in Force

Those recommendations shall be in accordance with the Administrative Rules and Regulations of the Personnel Review Board of the City of Mason and/or the Policy Manual of the Mason Board of Education.

Whenever a vacancy occurs, the building principal or department supervisor shall make a request to the Chief Talent Officer for either a replacement of an existing position or for a new position. The request must include the proposed job title and other data describing the duties and responsibilities of the position, location, immediate supervisor, qualifications as required to perform the job, and whether the position is to be filled permanently or temporarily on a full-time or part-time basis.

Appointments to positions will be filled with the most qualified applicants.

Temporary appointments are made to fill vacancies when regular employees are ill for a prolonged period of time or off duty on an approved leave of absence. Persons are selected on an "as needed" basis to serve as substitute workers or as extra help to relieve heavy workloads.

Seasonal positions will be filled by appointments based upon the recommendation of the supervisor or director in whose department the need exists.

PERSONNEL RECORDS

The Chief Talent Officer's Office shall maintain a personnel file for each classified employee, active and inactive. The file may include, but shall not be limited to:

- Application
- Pre-Employment Physical Examination Form (as applicable)
- Salary Information
- Work Hours
- Work Schedule
- Location
- Contracts (as applicable)
- Salary Notice (as applicable)
- Probationary & Evaluation Forms
- Transcripts, Certificates, Permits, Licenses (as applicable to the position held)
- Attendance Records
- Commendations
- Complaints
- Discipline Letters

- Termination Letters

EXAMINATION OF PERSONNEL RECORDS

Upon advance request, employees shall have the right to view the contents of their personnel file. All contents of the file shall be available for viewing, except pre-employment information.

The District reserves the right to charge for copies of materials in the file (with the exception of pre-employment information). The Chief Talent Officer, his/her designee(s), or the principal must be present during the viewing of the personnel file.

SUPERVISION AND EVALUATION OF JOB PERFORMANCE

The primary purpose of an effective evaluation program is to improve job performance by identifying the strengths and weaknesses of each employee and to provide a basis for administrative decisions concerning the retention, promotion, or demotion of each employee.

The Chief Talent Officer shall plan and implement the evaluation program for the classified staff. This evaluation plan shall be approved by the Superintendent.

Written observations and recommendations will provide the basis for an informal and formal interview with the employee being evaluated. Employee evaluations will be filed in the personnel file in the Human Resources Talent Management Office.

Employees shall be retained on the basis of a satisfactory job performance. Written recommendations to improve an unsatisfactory job performance will be made by the building principal or the immediate supervisor. Probationary and regular employees who cannot or will not improve an unsatisfactory job performance will be subject to disciplinary suspension, including removal.

Types of Evaluation

The performance evaluation will be used for three different types of evaluations: probationary, annual, and special.

1. **Probationary** - Each classified employee shall serve a probationary period of one year following the original appointment. During this probationary period each employee may be evaluated at any time. During an employee's probationary period, the immediate supervisor should conduct a minimum of one appraisal conference during the first six (6) months. This appraisal conference may or may not result in a written performance appraisal. At the end of the probationary period, the building principal or supervisor will make a recommendation for continued employment or to discontinue employment.
2. **Annual** - Classified employees are evaluated during each of their first two years in the district. Thereafter, classified employees are to be evaluated a minimum of once every three years. Supervisors, however, may evaluate employees annually.
3. **Special** - A formal evaluation should be held immediately if an employee's performance warrants discipline or dismissal, and this should be documented on the evaluation form. The evaluation will be shared with the employee during a conference. A written recommendation to terminate their employment should be attached to the original evaluation form, then forwarded to the Superintendent. The procedure can take place any time during the school year.

SUPERVISION AND EVALUATION OF JOB PERFORMANCE (Concluded)

Evaluation Procedures

The following procedures are in accordance with Policy GDN and GDN-R of the Board Policy Manual. These policies refer to the "continuing program of performance evaluation for the classified staff." The program will include written evaluations and a means of making the results of such evaluations known to the employees.

This "continuing program" is outlined below:

1. All regular classified employees will be evaluated annually during their first two years of employment; once every three years, thereafter.
2. The supervisor will assess the employee on the basis of work performance and abilities.
3. Evaluation forms used shall be appropriate to the employee's position.
4. Evaluation forms shall be written in ink, typewritten, or computer generated. (No pencil).
5. An additional narrative report may be written if the building principal or supervisor feels it is warranted.
6. The building principal or supervisor shall also submit his/her recommendation regarding continued employment of the employee.
7. After completing the evaluation form, the building principal or supervisor will conduct a conference with the employee to discuss:
 - A. the reasons for the performance evaluation; and
 - B. the areas in which work performance should be improved.
8. The building principal or supervisor and employee shall sign the evaluation form at the close of the conference and distribute copies to the following:
 - Human Resources Talent Management Office/Personnel File
 - Employee
 - Principal's or Supervisor's File
9. Original evaluation forms are sent to the Chief Talent Officer at the Central Office no later than May 30th for review and placement in the employee's personnel file.

PROCESS OF EVALUATION

The administrator, building principal, director, supervisor, or designee has the primary responsibility for evaluating all classified employees under his/her supervision. Those responsibilities include:

- Observations
- Documentation
- Evaluation Conference

Each employee shall be advised of the purpose of the evaluation and how their names fit into the evaluation schedule.

Evaluation of personnel is an on-going, day-to-day process which should enable the administrator, building principal, directors, or supervisors to make factual observations and recommendations.

Observations of the employee's job performance should be included in the formal written evaluation. The formal evaluation should include all aspects of the employee's job performance with appropriate indications on the form; and contain recommendations, as well as factual statements that present an accurate description of the employee's job performance.

The evaluation conference shall be set at a convenient place and time, allowing adequate discussion of the employee's job performance. The conference should also allow the employee to explain his/her position relative to his/her job assignment. A friendly and honest interchange between the employee and the evaluator is essential to reach a mutual understanding of his/her job performance. This is the time to share preventive or corrective measures to assist in the improvement of job performance. Reinforcement of good behavior and recognition of good work provide positive feedback in the evaluation process.

Facts that affect the job assignment will be discussed in the conference in an effort to assist the employee in a continual pattern of growth and improvement. The evaluation conference shall also serve as a time to explain the overall goals of the district and how such goals relate to the employee. Classified employees are a contributing part of an outstanding school system.

The evaluation conference provides the employee the occasion to discuss any problems concerning day-to-day duties or activities as well as his/her personal growth or career opportunities.

The conference shall conclude with the evaluator and the employee signing the evaluation form, signifying that the documents have been read and the conference held. The employee has the right and must be given the opportunity to react to the report either orally or in writing within fourteen (14) calendar days. The employee's written statement will be attached to all copies of the evaluation.

Following the evaluation conference, the employee will receive a copy of the completed, signed form. A copy will be retained by the supervisor. The signed original will be sent to the Chief Talent Officer for review and then filed in the employee's personnel file.

ASSIGNED UNIFORMS & EQUIPMENT

Since employees are representatives of the school district, certain classified job assignments require wearing specific uniforms. Employees are expected to wear their uniforms at all times when performing their duties, including weekends, holidays, or any other additional hours worked.

Each regular employee who is required to do so will be provided five (5) changes of uniform, by the school district at no charge. Laundry and maintenance are the responsibility of the employee.

- Child Nutrition – Shirts, Pants, and Caps or Hair Nets
- Transportation Mechanics – Shirts, Pants, and Jacket

A photo ID/name badge will be worn during working hours.

Footwear shall conform to OSHA standards.

Other specialized uniform components (jackets, aprons, promotional wear, etc.) or small equipment (masks, goggles, and latex gloves) shall be worn at the direction of the employee's direct supervisor or manager.

Failure to conform to the uniform requirement could result in the following disciplinary action being taken:

- First Violation - Verbal/Written Warning
- Second Violation - One Hour Off *without pay* to go home and change into uniform
- Third Violation - Four Hours Off *without pay* to go home and change into uniform
- Fourth Violation - Sent Home during Employee's Entire Assigned Shift *without pay*
- Fifth Violation - Dismissal

UNSATISFACTORY JOB PERFORMANCE

In the event an employee's job performance is unsatisfactory, such employee will be notified and written recommendations to improve the employee's job performance shall be made by the building principal, immediate supervisor or other administrator. Such written recommendations need not be given in instances where it is determined that such recommendations are unlikely to raise the employee's performance to a satisfactory level. Probationary or regular employees who cannot or will not improve an unsatisfactory job performance will be subject to disciplinary action, up to and including suspension and removal.

WRITTEN NOTICE

The tenure of each employee of the District is incumbent upon his/her good behavior and efficient service. No such employee shall be reduced in pay or position, suspended, or removed, except for incompetency, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, violation of the Personnel Review Board, or any other failure of good behavior, or any other acts of misfeasance, malfeasance, or nonfeasance in office.

This does not limit the District's right to layoff or reduce employees in pay or position due to lack of work, lack of funds, abolishment of positions, or other valid reasons as determined by the District.

Before reducing an employee, suspending him/her for more than five (5) days, or removal, the Superintendent/designee shall give the employee written notice of the Superintendent's intention to recommend such action to the Board, the grounds for the intention, a summary of the allegations against the employee, and an opportunity for the employee to appear before the Superintendent/designee to rebut or refute the allegations or to otherwise explain his/her conduct. The Superintendent after such an opportunity may make her/his recommendation to the Board, which will not hold a hearing.

In the case of reduction or suspension for more than five (5) days, or removal, the Superintendent/designee shall furnish such employee with a copy of the order of reduction, suspension, or removal which shall state the reason(s) for action.

DISCIPLINARY SUSPENSION

A classified employee may be suspended without the right of appeal, and without pay, for a period not to exceed five (5) working days for disciplinary purposes.

Notice of disciplinary suspension must be in writing with reasons stated for the suspension and will become a part of the employee's personnel record.

REMOVAL OR DISCHARGE

A discharged employee of the District shall be served within a reasonable time with a written order of removal.

1. The order shall contain one or more statutory reasons for grounds for removal together with such specifications of facts as shall place the person fairly upon defense.
2. A copy of such order of removal must be filed with the Superintendent/designee.

PROCEDURE FOR DISCIPLINARY ACTION, SUSPENSION, OR REMOVAL OF AN UNSATISFACTORY EMPLOYEE

All employees are members of a team working together for the education of our youth. By accepting the position, they accept the responsibilities to carry out the duties in an efficient manner.

No employee will be reduced in pay or position, suspended, or removed, except for incompetence, inefficiency, dishonesty, drunkenness, immoral conduct, insubordination, discourteous treatment of the public, neglect of duty, or any failure of good behavior, or any other acts of misfeasance, malfeasance, or nonfeasance in office.

Procedures used are to aid the school administrator, director, or supervisor in carrying out his/her duties and responsibilities. The process allows for ***due process*** for the employee and is in keeping with Board policy, as well as the rules and regulations of the Personnel Review Board of the City of Mason.

The authority to initiate or take disciplinary action, short of suspension and termination, is designated to the Superintendent or designee.

The Superintendent, and Treasurer shall have the sole authority to suspend an employee.

The Board of Education shall have the sole authority to terminate an employee.

REDUCTION IN FORCE

Reduction in the number of classified staff members in the District shall be accomplished in accordance with Board policy.

1. Methods of Reduction

- A. **Attrition** - Employees who retire or resign may make further reductions unnecessary.
- B. **Layoff** - If the need to reduce classified staff cannot be met by attrition, seasonal employees shall be laid off first, and probationary (within the first 12 months of employment) shall be next to be laid off.

Thereafter, the least efficient of the regular employees, in the opinion of the administrator, director, or supervisor, shall be laid off after due consideration of merit ratings.

LAYOFF

1. **Layoff Process**

Layoffs shall occur in the following order:

- A. Seasonal employees
- B. Probationary employees (within the first 12 months of employment)
- C. Least efficient of the regular employees
(in the opinion of the administrator, director, or supervisor, based upon merit ratings)

2. **Layoffs May Occur Due to:**

- A. Lack of work
- B. Lack of funds
- C. Abolishment of position(s)

3. **Notification of Intent to Reduce Staff**

When staff reduction is necessary, the Superintendent shall give written notice to the affected employees as soon as possible. Such notification shall include:

- A. The reasons for the reduction/layoff;
- B. A list of the positions to be eliminated;
- C. A list of employees affected.

4. **Recall List - Establishment of Layoff Lists**

The names of persons holding classified positions which have been abolished or made unnecessary shall be placed on an appropriate "layoff" list in order of their original date of employment for a period not to exceed one (1) year. When discontinued positions are reestablished by the District, former employees of the departments in question who have been laid off and whose names appear on the "layoff" list shall be first to be considered for employment.

TRANSFERS

The Superintendent or designee has full authority to assign or reassign classified employees as he/she deems appropriate.

There are two types of transfers of classified employees:

- Voluntary
- Involuntary

Voluntary Transfers

Requests for transfers shall be made in writing to the Superintendent/designee. The request shall state the reason for the requested transfer, the position sought, and any other supporting information that would help in making a decision.

Should an employee apply for and receive a new position, that employee is not eligible to apply for another position for 12 months from the acceptance date, unless extenuating circumstances warrant approval of the request or the Superintendent or designee agree to allow the transfer.

The Superintendent/designee(s) will give full consideration to employees who apply for said positions. Candidates will be chosen on the basis of meritorious performance, potential for effectiveness, and experience. Seniority shall not be used solely as the basis for promotions or transfers.

Involuntary Transfers

Administration may initiate a change in job assignment when it is deemed appropriate for the welfare of the school district.

The immediate supervisor will meet with the classified employee being transferred involuntarily to discuss the reasons for the transfer.

REINSTATEMENT

Any regular employee who has resigned without delinquency may be reinstated by the District at any time provided there are no former employees of the department who have been laid off and whose names appear on the eligibility list for the classification or department.

If in the event an employee is reinstated, he/she shall forfeit any and all seniority privileges which may have accrued as a result of the prior period of service. Such seniority privileges may include, but are not limited to, vacations, longevity pay, bumping privileges, or any other privilege.

Any exception to this rule shall be made only with the approval of the Superintendent upon a determination that there exists a particular need for such exception. Any exceptions made shall be on a case by case basis.
