

At Remsen Central School we use a data management system called SchoolTool. This system keeps careful data about our students, including attendance, grades, discipline and family contact information. The program has a portion called Parent Portal. This portal allows parents to access information about their student(s). You can catch up on class assignments, grades, attendance and homework/work due. **If your student is absent you can log into Parent Portal to get work/homework.** Report cards, progress reports, assessment/Regents scores, and schedules may be accessed through Parent Portal as well.

We encourage parents/guardians/students to use the Parent Portal. Once this form is returned, please look for an e – mail with instructions and a password to get started. If you have any issues, concerns or problems, please call Mrs. Hajdasz in the guidance office, 315-205-4300 ext. 5213. We look forward to partnering with you as your student learns great things!

Sincerely,
Mrs. Kristy W. McGrath
Principal

PLEASE COMPLETE AND RETURN TO THE GUIDANCE OFFICE.
