"Making the time to grow together"

It can be very difficult at times to find the time to get together for professional development. In the Elementary we have started what we are calling 'speedy pd'. Our Speedy PD sessions are quick sessions on topics that staff have asked for. These sessions are being provided in the brief period of time after students are dismissed before staff leave for the school day. The sessions are planned by our staff for our staff, with Ms. Martin playing a major role in planning and coordinating these sessions.

Cool to Be Kind

On Wednesday, October 11th, members of the Utica Comets Hockey team will be visiting Remsen to speak with our students in grades 4-6. The topic of their presentation will be kindness. The players will speak to students, answer questions, and sign autographs for students.

Elementary Family @ Nights

We are planning to host three elementary family nights this school year. The first is scheduled for Wednesday, October 25th, This year, we will be partnering with Cornell Cooperative Extension. Cornell will be providing some of the programming, activities for families, as well as a meal for those who attend. Some of the topics that we plan to cover include Internet and social media safety, helping with homework and other strategies for helping at home, and self-regulation and calming strategies.

Around the School

Assessments and Routines

Much of the first month of school is used to establish classroom and school-wide routines and procedures. This requires a good deal of repetition and reminders, but is very important in laying the foundation for the remainder of the school year. There are also universal assessments (reading records, DIBELS, math fluency, etc.) that are given to all students at each grade level in order to determine students academic ability in reading, writing and math. This information is used to make instructional decisions about reading groups, need for intervention, and more.

The Halls are Alive with the Sound of Music

Ms. Dornburgh has already got our halls filled with music each day whether it is the sound of the Boom Whackers during general music or the sound of our Elementary Band, you can hear music coming from the music room. On September 20th, Ms. Dornburgh held our annual band recruitment night. We had an excellent turn out of students and families. These students have already begun taking lessons and by mid year will be playing together in the beginner band and will be ready to perform at elementary concerts.

Team Workshop

October Team Workshop was focused on curriculum mapping. Staff had time to collaborate with their peers on this district-wide initiative. We also began our positivity blast where staff sends personalized notes to students acknowledging and appreciating them.

Instructional Focus

The Instructional Committee is scheduled to meet on October 12. As I did last year, I will ask for their input and feedback regarding plans for future Team Workshops and other instructional opportunities.

Culture and Climate

- The Culture and Climate Committee met on September 27 to discuss how we can continue to improve upon experiences from last year. We will be working with Student Council to add an opportunity for giving which will start at our annual Thanksgiving Breakfast. We are also collecting donations for the Ram Ticket program to recognize and reward our students for positive behaviors such as kindness, perseverance, and other small wins. We will be meeting again this month to plan for upcoming events.
- For the third year, I enjoyed treating all of the seniors to the Remsen Corn Maze. We participated on October 5. It was a beautiful day and a great time.

Clubs and Activities

- The 12th grade class raised \$2300 at Barn Fest. They are in the final stages of drafting the plan for their class trip. They have also held class elections and enjoyed a hiking field trip.
- The 11th grade class participated in Barn Fest as their fundraiser and are working on planing future events.
- The 10th grade class is in the process of electing officers and are discussing hosting a Valentine's Dance this year.

The summit's focus is to give students a voice in their community and create collaboration with diverse students within the OHM BOCES District. Student facilitators will attend a workshop at BOCES on Oct. 25 to be trained on facilitating discussions with their peers. Diversity Club facilitators will be Isabella Colon and Cali Rios. Currently, 7 other districts are participating in Elevating Students Voices. Mrs. Taylor attended the advisors' planning meeting on Sept. 19 and will accompany Diversity Club members in grades 9 12 to the workshops and attend the pre-workshop virtual meetings. The summit will have 4 workshops for students and the advisor and 4 virtual pre-workshop meetings for the advisor. After completing the workshops, there will be an all-day youth summit on May 24, where students will share what they learned with stakeholders in the community.

FACILITIES REPORT

10/10/2023 BOE Meeting

2023 Capital Outlay Project

New Elementary Lockers. Majority of final inspection punch list completed. Contractor scheduled to be onsite Friday 10/6 to hopefully complete the remainder of the punchlist

2024 Capital Outlay Project

Scope of work involves security measures including lockdown blue lights, 911 dialers, and adding remaining exterior doors to the doors ajar program. Day Automation will head up this job and will not require bidding as these services are already on NYS Contract. Project has been approved by SED. We had a Construction Kick-Off meeting on September 13th. Updated some items on drawings and received the new drawings last week.

ENC5.4

Next Capital Improvement Project:

Scope of work has been completed to fit our financial goals. Approx. \$9.9 million project. Facilities Committee met on 9/28 to discuss timeline to proceed. Looking at a December 5th vote with construction to begin in the spring of 2025. We are starting the process to secure a Construction Management Firm and onsite rep at this time.

Lead In Drinking Water Testing:

No new updates......The NYSDOH has lowered the threshold for lead in applicable water outlets from 15ppm to 5 ppm. This new round of testing must be completed between 1/1/2023 to 12/31/2025. All of the data and necessary information have been collected from all of the participating BOCES component school districts. The next step is where CiTi BOCES will be putting this information out to the public for bid. Once they have a date of when the bid is awarded and who it is awarded to, they will provide that information to us so that scheduling of testing can begin in the fall 2023.

Easter Sunday 2023 Power Brownout:

We are still experiencing fallout from the power grid brownout on Easter Sunday last spring. The latest breakdown being a motor on a boiler recirculating pump at the elementary building. Motor was specifically built for this application and is not feasible to have the factory build a special motor. Working with Schmaltz Mechanical Co. to retrofit a whole new updated pump assembly, which will be more cost effective and more eficient

General Updates

We are still struggling to keep pace with the work load. Groundsworker Craig Gallant and Cleaner Lisa Gregory still out with injuries. Have Joe Griswold out on grounds with retiree Dave Buhite covering high school building as much as he can. Barney Sweeney also helping on grounds when his bus schedule allows. Eugene Doerr was hired as a sub cleaner and is filling in for Lisda Gregory at the elementary as much as possible.

Building maintenance work list is getting longer and longer and we can't keep up with scheduled

preventative maintenance tasks at this time. Setting priorities and doing the best we can.
