UNITED NATIONS DAY

For over 70 years, Jakarta Intercultural School (JIS) has prepared students from across the globe to be best in what they aspire to and at the same time, be best *for* the world they live in.

It is important for students to be well rounded and give back to their community. All students are required to complete Creativity, Activity and Service activities throughout High School. With service learning built into the curriculum, our students develop into confident, creative, respectful, empathetic, and environmentally responsible people. The academic growth they achieve at JIS ensures their ongoing contribution to the world community will be significant.

UPDATES

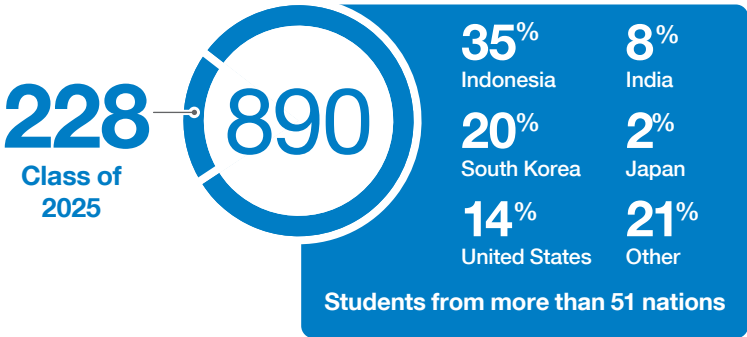

As we see the value in providing leadership opportunities for all students, we have restructured co-curricular activities to allow for equitable leadership opportunities and to maximize community impact. JIS students may hold no more than one campus-wide leadership role.

UNIVERSITY APPLICATION POLICIES

An application from a JIS student is a well-considered one. JIS students are limited to ten (10) applications globally.

JIS reports external suspensions from school where the university application allows or asks for this information.

COUNSELING PROGRAM

Our JIS High School Counseling team believes in a student-centered counseling approach within a strengths-based, comprehensive grade 9-12 program, which is grounded in best practice.

GEORGETOWN UNIVERSITY

Map of the Modern World

JIS is proud to partner with Georgetown University's School of Foreign Service (SFS) and offer this blended online and face-to-face course developed more than a quarter century ago to "banish geographic illiteracy". This course provides students with a better understanding of physical and political geography of the contemporary world map and helps them understand current world issues and coming change. This is a required course for all Georgetown SFS students, and JIS is proud to be the first international school to offer it to high school students.
