Mrs. Melissa Summers, Superintendent

DISD: Preparing students for tomorrow's world by building a stronger community today

Dear Parents,

The 2024-2025 Dublin ISD COVID-19 protocol has been revised.

State agencies, including Texas Education Agency (TEA), have deferred to the CDC COVID-19 guidelines. Quarantine and isolation procedures have been eliminated.

Dublin ISD will resume TEA recommendations for temperatures of 100.4 or greater:

Individuals will need to be fever free for 24 hours, without any fever reducing medication, before returning to campus.

However, individuals with respiratory symptoms are encouraged to take preventative measures to curb the spread of the disease. These include: increase hygiene practices, keep your cough covered, and/or being tested for a respiratory virus by a health care professional

Dublin ISD will continue to offer COVID-19 testing to students and staff free of charge this year.

We will also have Telehealth available at each campus Nurses Office. Through our Telehealth, we offer Covid-19, Flu A and B, Strep and Urinalysis testing. If you are interested in a Telehealth appointment with a health care provider, please reach out to your school nurse. You can also find additional information online at healthoncampusccmc.com.

Our student's health and safety are very important to us at Dublin ISD. Please feel free to call with any questions.

Thank you,
Crystal Garcia LVN
Medical Response Coordinator
(254)445-3341 ext. 1188
