The PSAT  
isn't rocket  
science

But you still  
need to study

# Grab your laptop. It's time for PSAT!

The PSAT is coming to TABS. Ninth-graders will take the PSAT 8/9 on Oct. 15, and students in grades 10 and 11 will take the PSAT/NMSQT on Oct. 16. This is a free opportunity, and it's the best-possible practice for the SAT, which students take during 11th grade. Students in Grade 11 can also qualify for National Merit scholarships.

Now's the time to study. Resources are available through [College Board](#) and on the advisory Canvas page.
