Board and Lodge Facilities:

Board and lodge facilities are supportive living facilities for people with a verified disability or disabling condition. They are funded in combination between the person's Social Security benefits, and Housing Support/Group Residential Housing (GRH).

How do I get into a board and lodge?

Contact the board and lodge facilities to see if they fit your needs and see if they have openings.

Have your medical or mental health provider complete the Professional Statement of Need to verify that you can benefit from the services at a board and lodge. A list of qualified professionals is on the form.

Submit a Combined Application Form (CAF) and verifications to the County to apply for the GRH along with the Professional Statement of Need.
