Roll and Read

Directions:

- Take turns rolling one die. Read a word from under the number that is rolled.
 - If you don't have a die available, you can use a digital one or write numbers on pieces of paper and draw them out of a cup.
- Color in the box or cross the word off after it is read.
- If a number is rolled and all the words for that number have been read, that person skips their turn.
- Continue rolling and reading until all of the words have been read.
