**CONSTRUCTION CONTRACT**

THIS CONTRACT is between the **PANAMA-BUENA VISTA UNION SCHOOL DISTRICT** ("Owner") and \_\_\_\_\_ ("Contractor")

Owner and Contractor agree as follows:

1. **Project.** Contractor shall perform everything required to be performed and shall provide and furnish all labor, materials, tools, equipment, and all utility and transportation services required for: **[insert brief project description here, including references to site drawings, specifications, etc. as necessary. Ex., construction of item on school site, per Exhibit A.]** ("Project")

2. **Contract Price.** Subject to the terms and conditions of this Contract, Owner shall pay to Contractor for all work to be performed under this Contract the total sum of **\$ \_\_\_\_\_.**

3. **Payments.** Contractor shall be paid for the Contractor's full, complete, and faithful performance of the Contractor's obligations under the Contract Documents. Payments shall be due 30 days after Owner's receipt of Contractor's invoices for adequate work completed, subject to the project specifications.

A. **Progress Payment Retention.** If the Contract Price is subject to payment by the District's disbursement of Progress Payments pursuant to the Contract General Conditions, five percent (5%) of each Progress Payment will be withheld by the District as Retention. Retention will be disbursed by the District as part of the Final Payment.

4. **Time for Performance.** Time is of the essence for this Contract. Contractor shall commence work on the Project on the date stated in the Owner's "Notice to Proceed" and shall complete the Project within 120 calendar days after that.

5. **Submission of Bonds and Certificates.** Contractor shall not commence any work on the Project until Contractor has submitted to Owner all certificates and bonds required by this Contract. All bonds and certificates shall be submitted to Owner within ten days following execution of this Contract by Contractor.

6. **Liquidated Damages.** Pursuant to Government Code Section 53069.85, for each calendar day completion is delayed beyond the time allowed in this Contract, Contractor shall forfeit and pay to Owner the sum of **\$500.00**, which shall be deducted from any payments due to or to become due to Contractor. Liquidated damages shall not be imposed because of any delays in completion of the Project work due to (1) unforeseeable causes beyond the control and without the fault or negligence of Contractor and (2) performing any extra work pursuant to paragraph 8 of this Contract.

In addition to any liquidated damages which may be assessed, if Contractor fails to complete the Project within the time period provided in the Contract documents, and if as a result Owner finds it necessary to incur any costs and expenses (for example, relating to the acquisition and use of facilities

pending completion of the Project), Contractor shall pay all those costs and expenses incurred by Owner. These costs and expenses may include but are not limited to such items as rental payments, inspection fees, and additional architectural fees related to the acquisition of facilities. These costs and expenses may be retained by Owner from any payments otherwise due to Contractor.

7. Insurance. Contractor shall obtain insurance acceptable to Owner with a company or companies licensed to do business in the State of California and acceptable to Owner. Contractor shall maintain, at its own cost and expense during the term of this Contract, the following insurance:

A. Workers Compensation Insurance for all of Contractor's employees in amounts not less than that required by law. Pursuant to Labor Code Sections 3700 and 1860, et seq., Contractor shall submit to Owner an acceptable Workers Compensation certificate.

B. Public liability and property damage insurance with per occurrence limits of not less than \$1,000,000.00 for death or personal injury and \$1,000,000.00 for property damage.

The policy(ies) shall contain an endorsement naming Owner as an additional insured insofar as this Agreement is concerned, and provide that notice shall be given to Owner as least 30 days prior to cancellation or material change in the form of such policy(ies). Contractor shall furnish Owner with certificates of insurance containing the endorsements required under this section, and Owner shall have the right to inspect the original policy(ies) of such insurance upon request.

8. Extra Work. Contractor and Owner agree that changes in this Contract or in the work to be done under this Contract shall become effective only when written in the form of a supplemental contract or change order and approved and signed by Owner and Contractor.

9. Indemnification. Contractor shall indemnify and hold the Owner, its officers, agents, and employees free and harmless from any and all claims, losses, damages, liabilities, and expenses, including attorney's fees and costs, arising from the death or injury of any person or persons, or from the damage or destruction of any property, caused by or connected with the performance of this Contract by Contractor, Contractor's agents, subcontractors, or employees.

10. Termination of Contract. Should Contractor commit any of the acts specified in this paragraph, Owner may, by giving seven day's written notice to Contractor, without prejudice to any other rights or remedies afforded Owner by law or by this Contract, terminate the services of Contractor under this Contract; take possession of the Project and the premises on which it is located; take possession of all materials, tools, and appliances located on the premises; and complete the Project by whatever method Owner may deem expedient. Contractor shall be deemed to have committed an act specified in this paragraph if Contractor:

A. Is adjudged a bankrupt;

B. Makes a general assignment for the benefit of creditors;

C. Refuses or fails to supply enough properly skilled workers or proper materials to complete the Project in the time specified in this Contract;

D. Fails to make prompt payment to subcontractors, workers, or materialmen for labor performed on or materials furnished to the Project;

12. Notices. Any and all notices or other matters required or permitted by this Contract or by law to be served on, given to, or delivered to either Owner or Contractor by the other party to this Contract shall be in writing and shall be deemed duly served, given, or delivered when personally delivered to the party to whom it is addressed or to a supervisory employee of that party, or in lieu of personal service, when deposited in the United States mail, first class postage paid, addressed to the party at the address listed on the signature page of this Contract. Either party may change its address for these purposes by giving written notice of the change to the other party in the manner provided in this paragraph.
13. Assignment. This Contract is for the personal services of Contractor in performing the work described in paragraph 1 and Contractor may not assign any portion of this Contract without the written consent of Owner.
14. Guarantee. Contractor guarantees all project work for a period of one year after the acceptance of the work by Owner and shall repair or replace any or all work, together with any other work which may be displaced in so doing, that may prove defective in workmanship and/or materials. This shall be in addition to any equipment or materials warranties as specified and/or required elsewhere.
15. Prevailing Wage Rates. Pursuant to the provisions of Article 2, commencing with Section 1770 of the Labor Code, the governing board of the Owner has obtained the general prevailing rate of per diem wages in the locality in which this public work is to be performed for each craft, classification, or type of worker needed to execute this Contract. The general rates of per diem wages are available at the Owner office. In the event that the listed or posted rates are in error, Contractor is responsible to pay those rates determined by the Director of Industrial Relations to be applicable, and Owner shall not be responsible for any damages arising from the error. If prevailing wage rates are required for this project, it is the responsibility of Contractor to comply. The Contractor must ensure compliance with all applicable provisions of the Labor Code Section 1776 dealing with prevailing wage monitoring, employee payroll records, Labor Code Section 1777.5 apprenticeship requirements, and related matters, and to ensure the compliance of its subcontractors.
16. Hours. Pursuant to the provisions of Article 3, commencing at Section 1810 of the Labor Code, Contractor shall pay the required rate of overtime for all hours worked in excess of eight hours per day and 40 hours per week.

18. Permits/Licenses. All necessary permits and licenses shall be secured and paid for by Contractor.
19. Utilities. Unless otherwise agreed by the parties in writing, all utilities including, but not limited to, electricity, water, gas, and telephone used on the Project shall be furnished and paid for by Contractor.
20. Provisions Required by Law Deemed Inserted. Each and every provision of law and clause required by law to be inserted in this Contract shall be deemed to be inserted and this Contract shall be read and enforced as though it were included. If through mistake or otherwise, any provision is not inserted or is not correctly inserted, then upon application of either party the Contract shall be amended to make the insertion or correction. All references to statutes and regulations shall include all amendments, replacements, and enactments on the subject which are in effect as of the date of this Contract, and any later changes which do not materially and substantially alter the positions of the parties.
21. Contractor's License and DIR Registration. In order to perform the work required by this Agreement, Contractor must possess a valid, active license issued by the State of California, \_\_\_\_\_, which shall remain valid and active throughout the Project.
