Dear STSD Team Members,

Our strategic plan is our shared roadmap for success, guiding every decision we make as a district. It sets clear priorities, measurable goals, and reflects our commitment to equity, academic excellence, and student well-being.

For our veteran staff, it's a chance to refine and renew our efforts. For new team members, it's a blueprint for how you can contribute to our collective vision.

Together, we will continue to build a brighter future for our students, ensuring we stay focused on what matters most—providing the best education for every learner.

Thank you for your dedication.

Dr. Tamara Willis  
Superintendent

## Our New Athletic Logo and Imagery

By official action of the school board on Monday, September 9th, our district will begin using Black Bear imagery in our athletic signage and logos. Our student leaders made a compelling case, noting that the Black Bear is the only bear native to Pennsylvania and highlighting its cultural significance—"Mato" meaning "Bear" in Sioux—within indigenous tribes of Central Pennsylvania.

We will be trademarking these logos, so please ensure that all fundraisers and signage featuring our name use only the approved imagery. While future updates may occur, the attached images are the current approved versions and apply to both the High School and Middle School.

#### Piece of the Puzzle

#### Dyana Cooper

Join me in thanking Ms. Cooper for her incredible work managing driver shortages, last-minute bus rerouting, and addressing stakeholder concerns. Her calm, flexible, and professional approach during these challenges is truly appreciated. Her dedication ensures our students' safety every day, and we are grateful for all she does.

***We appreciate you!***
