100+
COLLEGES visit SJR annually

The SJR guidance program is grounded in the basic principle of helping students become independent, contributing members of our school, the community and our society. Our program is designed to assist students and families in preparing for college and the college application process and help them find a school that will allow them to continue to grow and find success.

"Attending SJR provided me with invaluable skills that can be utilized inside and outside the classroom. These are skills that I have already applied in classwork, job interviews, and public speaking opportunities. I was ready for the challenge of college which facilitated my success immediately in the classroom."

"The brotherhood, camaraderie and family atmosphere are what brought me to Saint Joe's. Just look at all of the alumni who have come back to teach and coach at SJR, it's the kind of place you go to and never want to leave. I know I have met guys who will be my brothers for life."

130+
TOWNS FORM OUR STUDENT COMMUNITY

50+ CLUBS AND ACTIVITIES

When asked to describe SJR, one word comes back more often than any other: brotherhood. This intangible quality that comes from shared experience is so strong that many alumni remain close friends throughout life, serving as best men at weddings, and getting together annually and reminiscing about their high school years. Current students enjoy that same sense of brotherhood. No matter what your interests may be, you'll find opportunities for you at Saint Joseph Regional High School.

"I'm so excited to come home to SJR. This is a place that has always meant so much to me and helped mold me into the man I am today. I'm excited to share my years of professional experience with the students and future students of SJR."

"Our theater program's motto has always been 'theater skills are skills for life.' That mindset has been reaffirmed over the years by our alumni, who tell us how the lessons they learned performing at SJR have impacted their ability to be successful in life. Some of our students go on to Broadway, but many become more articulate doctors, more convincing lawyers, and more successful businessmen because of their time in our theater program."

– John T. Asselta
Director of the Performing Arts

The SJR curriculum is comprised of four academic levels: College Preparatory, Accelerated, Honors, and Donnelly Scholars. Along with Advanced Placement classes, highly motivated students can earn college credits through an ongoing partnership with Seton Hall University.

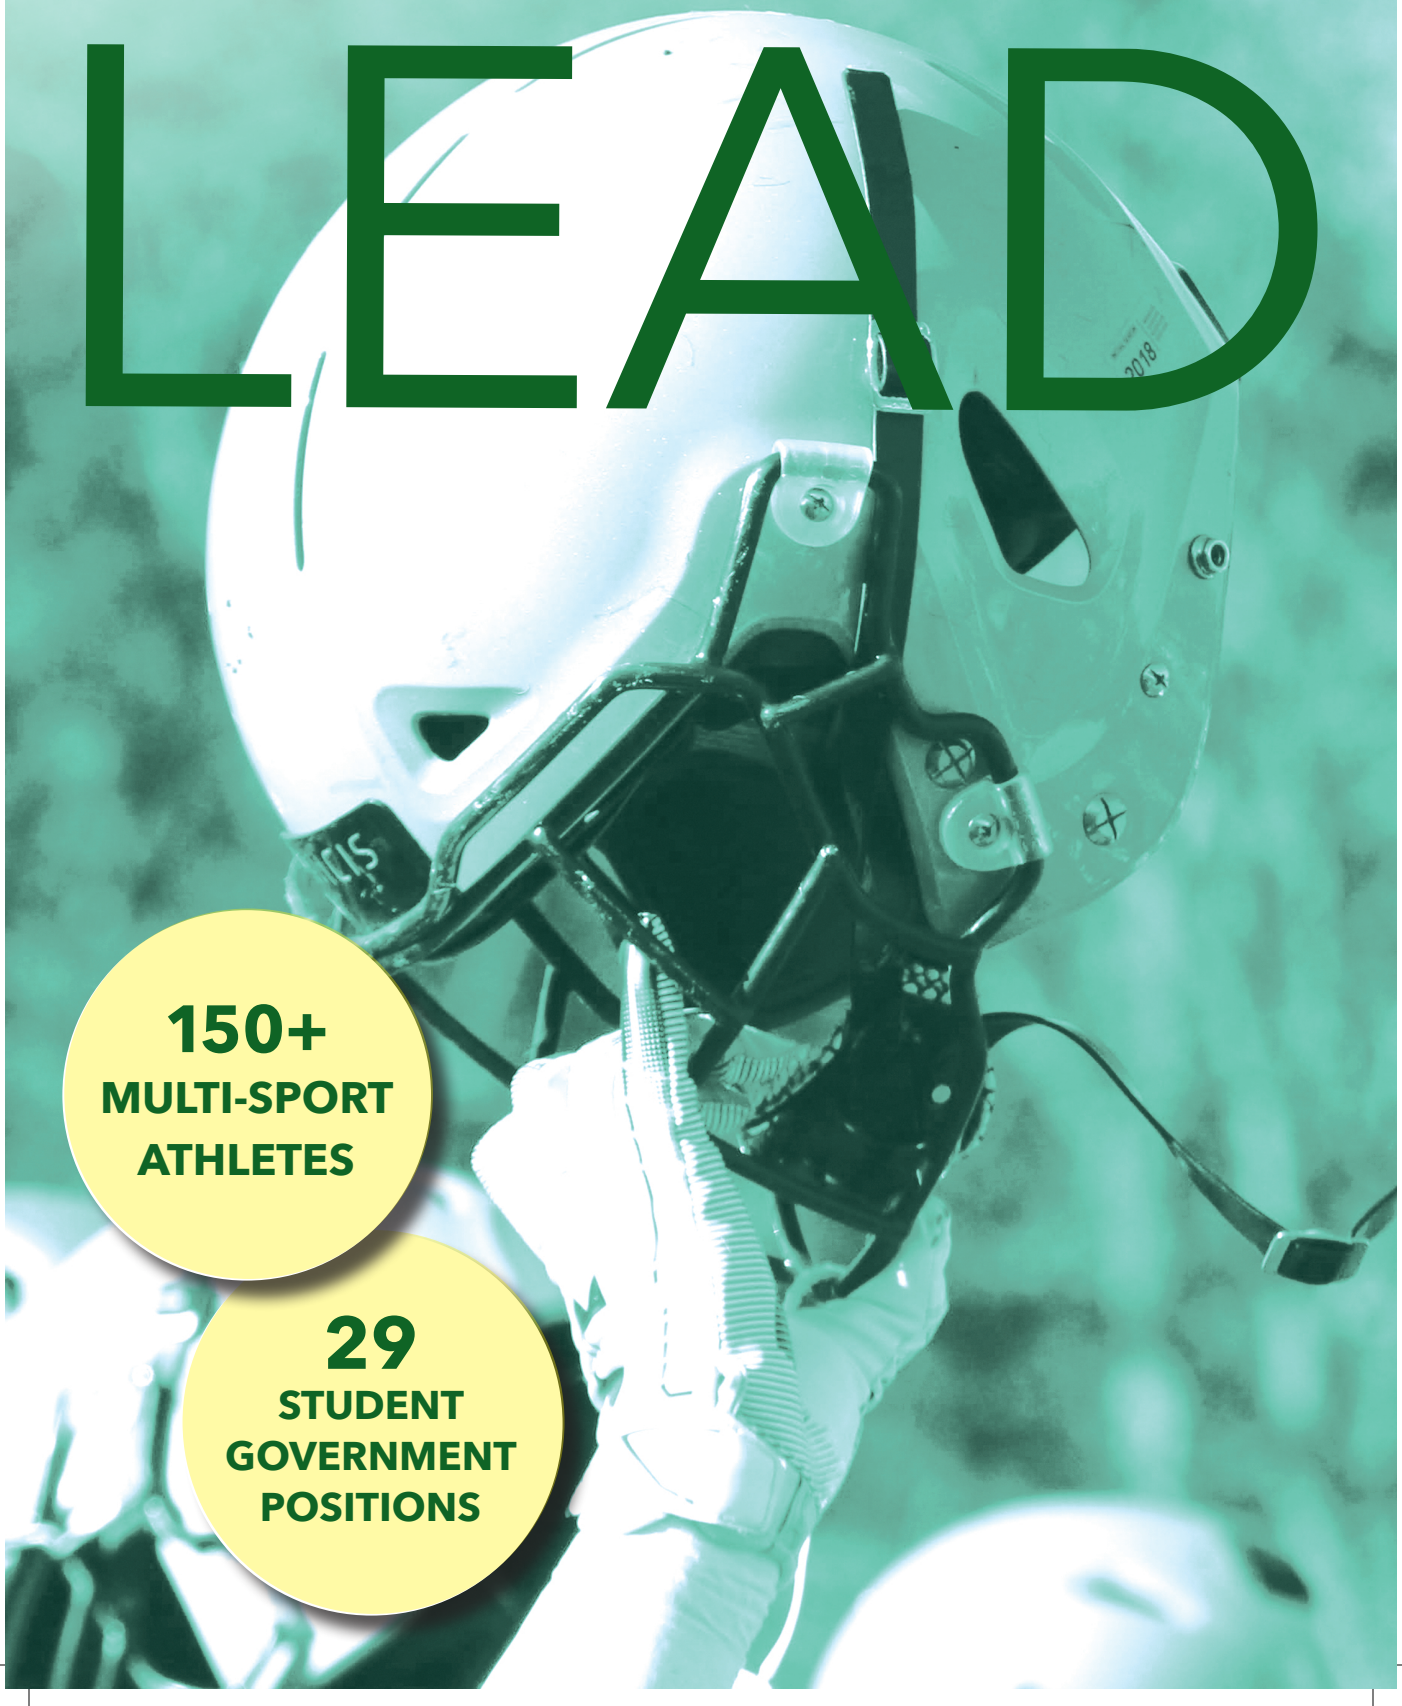

Along with our high school curriculum, SJR also offers the Knights Bridge Academy. This program is designed to bridge the gap between 8th and 9th grade for students who may not be ready for a college preparatory curriculum.

To further expand our program of studies, the Educere program provides an opportunity for qualified students to take courses online through an educational consortium endorsed by the United States Department of Education.

Our goal is to develop the individual strengths of each young man while encouraging him to truly think and challenge himself outside of his comfort zone. This creates a group of diverse individuals who have harnessed their own talents, interests and skills and come together to form a well-rounded community.

From the classroom, to the athletic fields, to the theater, SJR students are exposed to a wide range of experiences that will help them develop leadership skills for life. The Green Knights athletic program is rich with history, with 52 state titles and counting. The SJR Performing Arts program is nationally recognized and critically acclaimed as one of the top theater programs in New Jersey.

"Team sports are great because we all learn that no matter how good one person is on the courts or field, no individual can beat the combined efforts of a team. Along the way, the individual becomes a better leader because he realizes the importance of recognizing the strength of others, so that those others—his teammates—willingly share with him the common challenge they have undertaken together."

—Michael Doherty '82
Guidance Counselor/Head Basketball Coach

PAPER MILL PLAYHOUSE Educational Impact Awards for Performing Arts

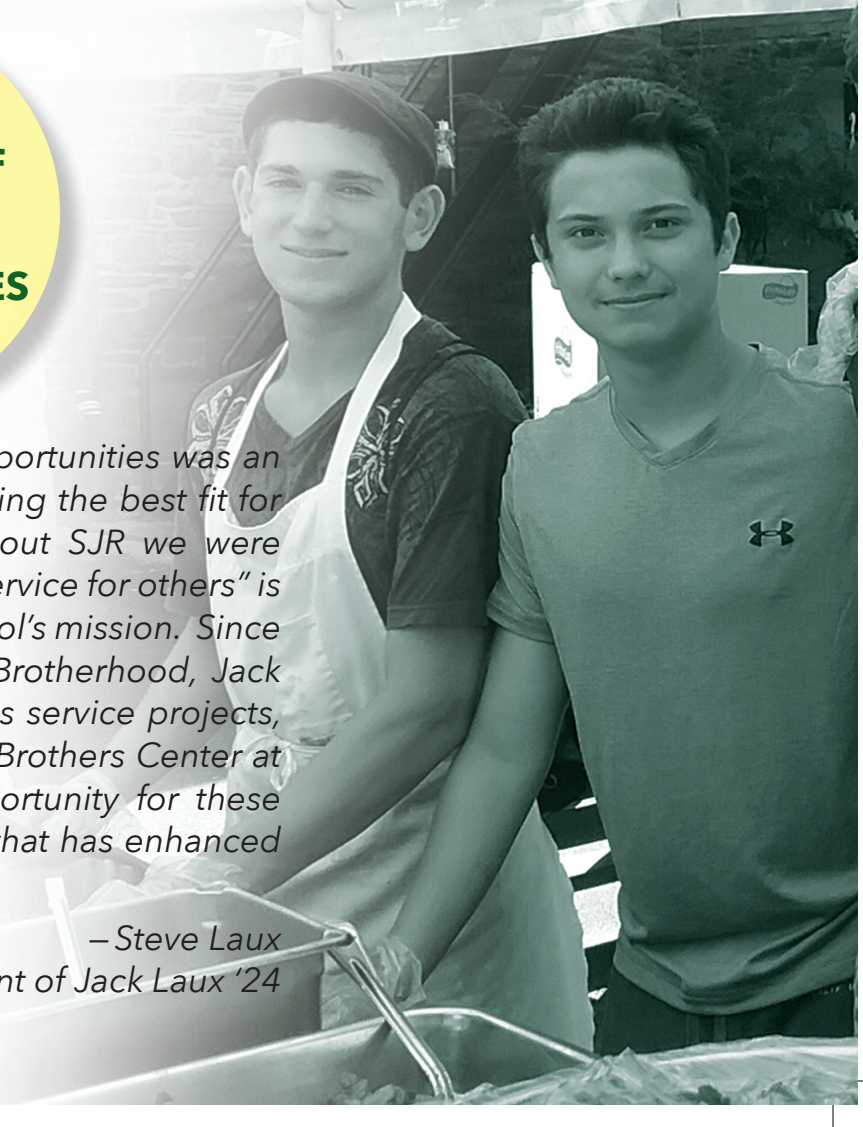

"When you feel supported, the risks of leadership are lessened; you are more inclined to step up and seize the opportunity to lead. SJR faculty is there to guide and encourage those willing to take initiative, sometimes providing intermediate steps toward larger roles. The Guardian Newspaper, chorus, performing arts program, and campus ministry are areas where I have grown into leadership roles. The faculty, staff and brotherhood at SJR provide an environment where you can develop and succeed."

—Quinn Burns '21

At SJR, we believe that our faith is action-oriented, in fact, it is a contact sport. In order to live your faith, you have to go out in the world and serve others. It is the cornerstone of our mission. The community service program is designed to provide students with opportunities to impact the needs of their communities—especially children, the elderly, the disadvantaged, the poor, and the disabled. Through their volunteer efforts, students will mature spiritually as they learn that service is at the heart of the Gospel. By serving others, we emulate Christ, whose own ministry was one of service to others.

SERV

ROBUST SELECTION OF SERVICE OPPORTUNITIES

"Having access to service opportunities was an important factor in determining the best fit for our son. When learning about SJR we were delighted to discover that "service for others" is a central element of the school's mission. Since joining the Green Knight's Brotherhood, Jack has participated in numerous service projects, including trips to the Marist Brothers Center at Esopus, a truly unique opportunity for these young men and something that has enhanced Jack's experience at Joe's."

A TIMELINE OF SUCCESS

Since its founding in 1962, Saint Joseph Regional High School has enjoyed a storied history. From our inception in nearby Park Ridge to our current 33-acre location on Chestnut Ridge Road, the education of the Vir Fidelis, the faithful man, has remained our constant mission. Through academic rigor, a commitment to brotherhood and a spirit fostered through service, athletics, arts and activities, we carry on the tradition begun by the Xaverian Brothers nearly sixty years ago.

1963

Though Saint Joseph Regional officially opened in 1962 under the direction of the Xaverian Brothers, it did so at Our Lady of Mercy in Park Ridge. The building on Chestnut Ridge Road, adjacent to an old horse farm, was completed in September of 1963.

1975

Larry Inserra Jr. '75 graduates from SJR. He is the Chairman and CEO of Inserra Supermarkets, which operates 24 ShopRite stores in the NY metropolitan area. He is also the Chair of the HUMC Foundation. Larry has previously served on the SJR Board of Consultants and is a member of the St. Joseph Regional Hall of Fame.

1982

Dr. Alec Gallimore graduates from SJR before studying aerospace engineering at Rensselaer. Alec is currently the Robert J. Vlasic Dean of Engineering at the University of Michigan, overseeing a program ranked in the Top 5 nationally. He returned to campus in 2019 to provide SJR's commencement address at graduation.

1993

Dr. Bryan Winn graduates from SJR. Bryan was a star on the musical stage before completing his medical degree at Columbia University, later serving as chief of oculoplastic and orbital surgery at Columbia. He is currently the chief of ophthalmology for San Francisco Veterans Affairs Health Care and vice chair of ophthalmology at UC-San Francisco. Bryan is a member of the St. Joseph Regional Hall of Fame.

2003

SJR embarks on its first capital improvement campaign: Profiles in Excellence. The campaign saw facility upgrades to both indoor and outdoor complexes including classrooms, the Inserra Theater, a turf field and newly-constructed Field House.

The Adopt-A-Classroom campaign concludes with the revitalization of the SJR Media Center, formerly the Arthur J. Crames Library. The state-of-the-art educational space doubles as a gathering place for a variety of clubs and activities including a 3D Printing Lab, MakerSpace and KnightCast television studio. The Media Center was funded by the generosity of alumni and benefactors, including former New York Yankee and current analyst John Flaherty '85.

St. Joseph Regional moves to a President-Principal model, welcoming Principal Michael Bruno '05 alongside President Barry Donnelly '71. Donnelly had served the school since 1977 while Bruno joined the administration after five years at Our Lady of Mount Carmel in Tenafly.

TJ Caleca graduates from SJR. TJ founded ProudLiving Companies, a real estate firm with the affiliated ProudLiving Foundation to serve its communities. ProudLiving currently owns and manages more than 2,000 units in North Jersey. He currently serves on St. Joseph Regional's Board of Consultants, as well as being an ambassador for The Jillian Fund.

2005 **2011** **2016** **2020** **2021**

Devin and Jason McCourty graduate as All League performers in both football and basketball, as well as members of the French National Honor Society. The pair joined forces at Rutgers University before becoming Super Bowl champions with the New England Patriots. Off the field, they have been advocates for social justice and positive change in their communities, both locally and nationally.

The first class of Barry J. Donnelly '71 Scholars enters St. Joe's as incoming freshmen. The Donnelly Scholars program provides an academically rigorous track in the Xaverian tradition for top students including at least one AP course as a freshman.

The first graduating class of the Knight's Bridge Academy officially joins the SJR Class of 2025. The KBA provides students with an extra year to bridge the gap between 8th and 9th grade for those who may not yet be ready for a college preparatory curriculum.

Admission Process

St. Joseph Regional High School welcomes admission applications from students in Catholic, public, and private grammar schools. For a student to be considered for admission, the on-line application must be completed and submitted (parent portal account creation is required). A return email will be sent with next steps once the application is submitted. When all required information is uploaded to the portal (official school transcripts, letters of recommendation, current IEP/ ISP/504 plan—if applicable, and transfer questionnaire for transfer students) the review process then begins. To apply, visit sjrnj.org/apply/

Tuition + Fees

The tuition and fees for a given academic year are listed on the SJR website. Tuition is paid over ten months (beginning in July and ending in April) through the FACTS Tuition Management System.

Academic Scholarships + Financial Aid

St. Joseph Regional High School offers academic scholarships to top incoming freshmen. Academic scholarships are granted in the form of tuition awards. The Enrollment Committee considers middle school grades, standardized test scores, and letters of recommendation. All academic scholarships are renewed annually provided the student continues to achieve superior grades and demonstrates exemplary conduct at St. Joseph Regional.

Financial assistance is provided to students who demonstrate serious financial need. Such grants do not require repayment. Families may apply online through a link on our website (sjrnj.org/aid). Assistance will only be considered if the financial aid application has been completed in full and submitted. Financial aid applications must be submitted annually through FACTS for renewal consideration.

St. Joseph Regional High School is dedicated to making its educational opportunities available to extraordinary young men regardless of race, color, or creed. Coaches, faculty, or staff members are not involved in the financial aid process.

Transportation

Bus transportation to and from St. Joseph Regional High School may be available through your New Jersey or New York public school district. It is the family's responsibility to check with their local school districts to determine what, if anything, is provided. St. Joseph Regional High School has a few established private bus routes which are planned annually based on need and subject to change.

We're here for you!

St. Joseph Regional High School believes the best way to experience our culture is through in-person visits. We provide many opportunities to see and feel what we are all about.

Knight for a Day

All students applying to Saint Joseph Regional are strongly encouraged to be a Knight for a Day. As part of this program, young men experience a day in the life of an SJR student by attending classes, meeting students and faculty and participating in daily activities. There is no better way to see for yourself what SJR is all about. Eighth grade and transfer student visits are available Tuesdays–Thursdays, mid-September through early June. The day runs from 8am–12:30pm. Appointments for seventh grade visits begin in April.

Ambassador Tour

Families are welcome to tour the SJR campus and learn about us through our student ambassadors. Appointments for 8th grade and transfer student visits may be scheduled Tuesday–Thursday, mid-September through June. Appointments for 7th grade visits begin in April.

Open House

St. Joseph Regional provides multiple open house opportunities. Open house events present families an opportunity to meet other students, faculty, staff and administration, and tour our campus.

Prospective Student Weeks

In May, current 7th grade boys are invited to spend a day with us.

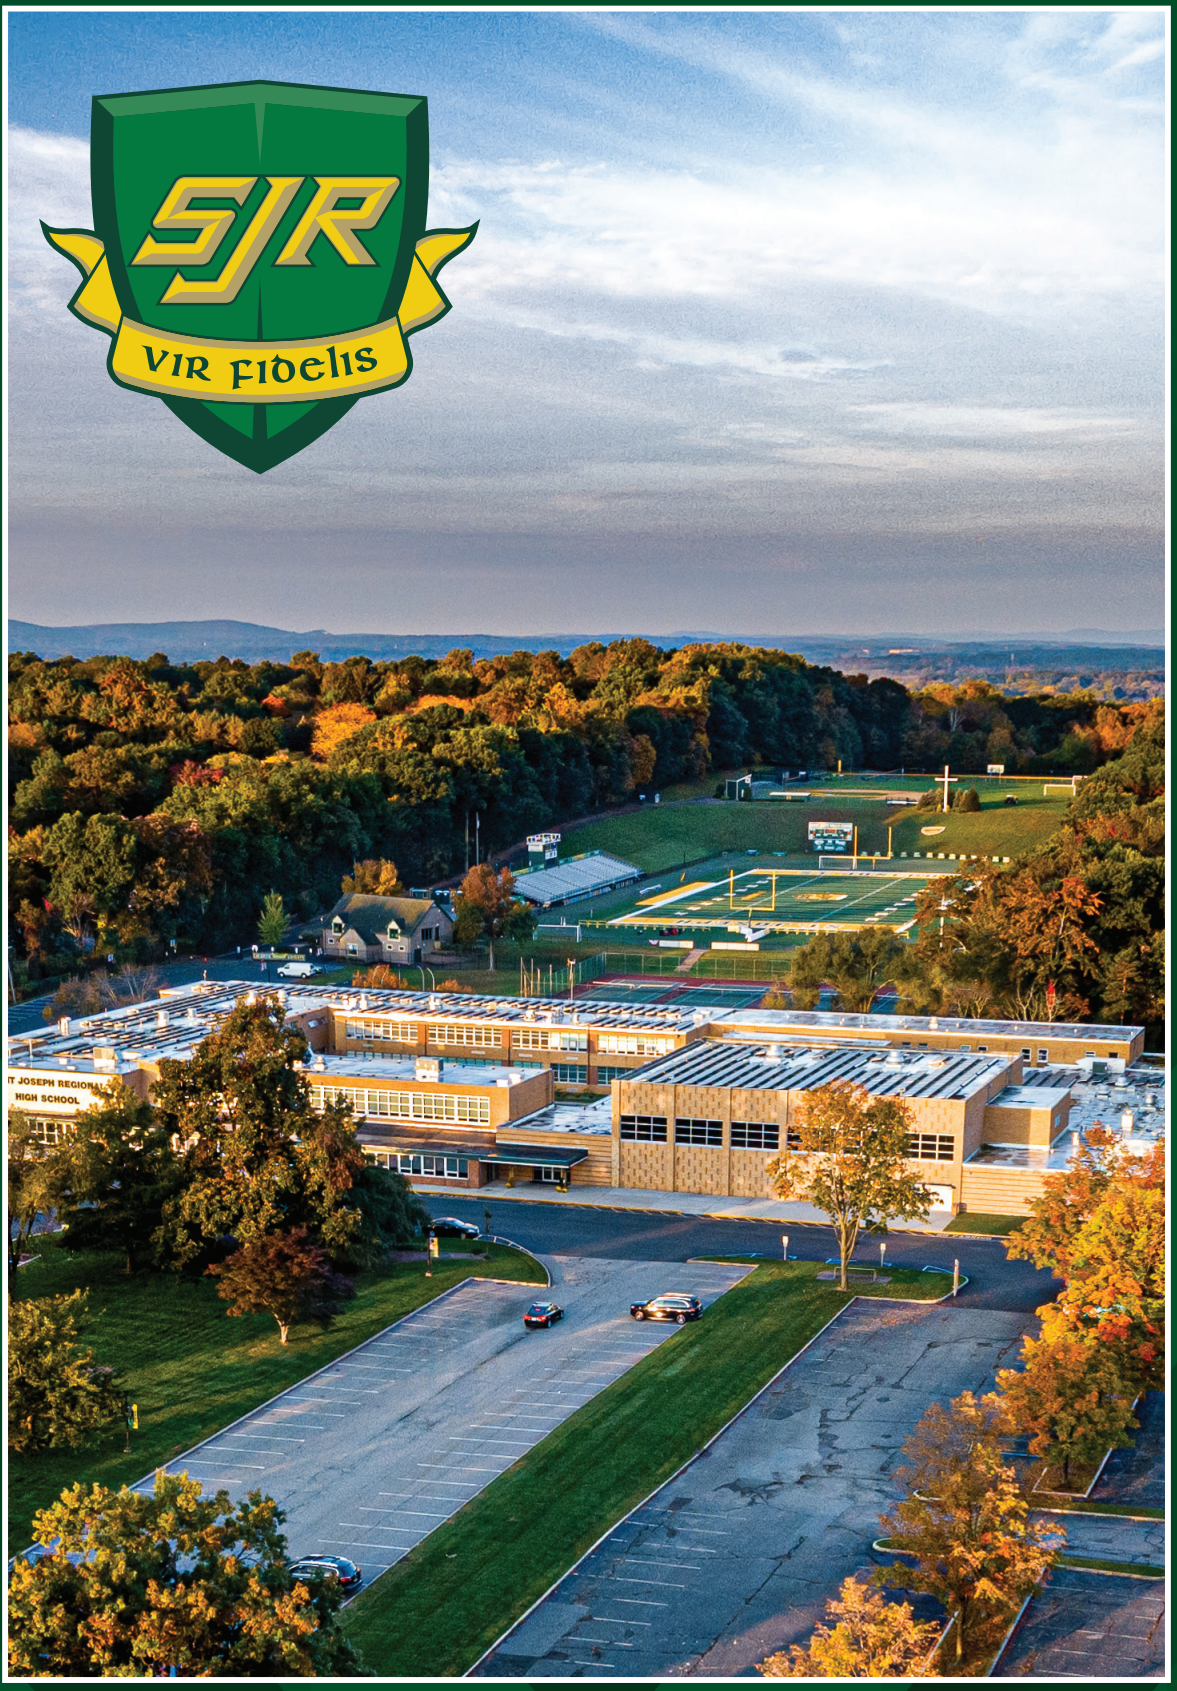

Summer Camps

During the summer months, SJR is home to HSPT Bootcamp, Green Knight Exploration Camp, and a multitude of sports and activities camps. Registration begins in March through our website.

Information about these programs may be found on our website: sjrnj.org/visit
