1. OVERVIEW

eSchoolData is pleased to announce version 12.2.0 of the eSD® Student Management System. This release includes many enhancement items as well as minor bug fixes.

For more information, please review this release notice for additional details regarding build highlights, product enhancements, minor enhancements & fixes, and security updates for this version of the eSD® Student Management System.

2. RELEASE HIGHLIGHTS

- New Account Notification** - With this release, when a new user account is created, the notification email will include the district-specific URL. This allows new users to access SSO options if enabled.
- GURU Notifications** - With this release, GURU Notifications have been significantly enhanced. Schools can configure notifications by adding text and determining which fields to include in the message body. GURU Notification Recipient Options have also been expanded to include Parents/Guardians and students.

3. PRODUCT ENHANCEMENTS

NY ONLY
NY Only Program > Mass Update Student Status A new Free Lunch code has been added to reflect eligibility through a Community Eligibility Program. Code (CEP).
REPORTS
Reports > Custom > New Query Updated saved queries so that it only returns identified gender.
