

MUSTANG PUBLIC SCHOOLS
Empowering Today To Achieve A Better Tomorrow

Exciting New Tool for Parents: Introducing Qustodio!

Dear Mustang Families,

At Mustang Public Schools, student safety and digital citizenship are top priorities. That's why we utilize **Linewize Platform by Qoria**, a comprehensive platform that helps us manage online safety and learning in the classroom. Through **Classwize**, our teachers can monitor and guide student activity to keep everyone on task and ensure a positive learning experience. Additionally, **Linewize Monitor** provides real-time, 24/7 human-moderated digital protection to protect students online. Linewize/Classwize are already protecting students on their school-owned device. Now, based on feedback from our families, we are excited to grant every family a free Qustodio Parental App account.

Qustodio, a tool that will empower you to monitor and manage your child's online activities outside of school hours, will also give you important insights into your child's online activity on their school device. If you choose, you can even use it to review and manage activities on other devices in your home, too. With Qustodio, you'll be able to set time limits, apply additional filtering rules, and review your child's digital footprint on their school and personal devices. *If you choose to install Qustodio on a personal device, please note that Mustang Public Schools will not have access to or be able to monitor that device.*

In the coming days, Qustodio will email you with simple instructions to register your account, or you can start today by visiting www.qustodio.com/my-school. *Please be sure to use the same email address we have on file for you when registering to connect to your child's device.*

To learn more, we invite you to watch this [brief video](#) and then head over to our website at www.mustangps.org/families-students/qustodio-linewize for more information about Qustodio|Linewize|Classwize. Thank you for partnering with us to keep your child safe and successful in the digital world.

Proud to be a Bronco,
