2023-24 Proposed Budget

INTRODUCTION

California law requires that school districts take certain prescribed actions in the adoption of the annual operating budget. Aside from assuring that governing boards will review the Proposed Budget in an orderly fashion, the statutes are intended to afford the community an opportunity to review and comment on the spending plan for the school district.

This document is intended to provide the School Board of Trustees, staff, and community with information on the 2023-24 Proposed Budget of the Reed Union School District.

The Reed Union School District utilizes a one step option of budget adoption which requires the approval of a budget on or before July 1, based on estimated beginning balances and requires the approval of the unaudited actual beginning balances on or before September 15. Once the School Board of Trustees adopts the Proposed Budget it becomes the District's Adopted Budget. Subsequent revisions will be made to the Adopted Budget, as necessary, throughout the 2023-24 fiscal year. The California Department of Education (CDE) and Marin County Office of Education (MCOE) require the district to update its budget twice a year. The First Interim Reporting Period reflects updates to the Adopted Budget as of October 31. The second update, or Second Interim Reporting Period, reflects updates as of January 31.

As a Community Funded District, the Reed Union School District generates its income from local sources, like property taxes, parcel taxes, and the generous grant from the Foundation for Reed Schools. Local sources make up 90.0% of total district revenues. The Local Control Funding Formula (LCFF), Federal and other State generate the remaining 10.0% of the district's revenues.

Certificated Salaries, Classified Salaries and Employee Benefits account for 81.0% of total expenditures in the General Fund budget, including the CalSTRS On-Behalf required recognition. Books and Supplies are 5.0%, Services and Other Operating Expenditures are 12.0%, and Other Outgo is 2.0% of total expenditures in the General Fund budget.

ASSUMPTIONS

Every budget is built on certain assumptions and statistical calculations. The following are some of the major assumptions in this budget plan:

- The projected enrollment for 2023-24 is 1,014 with an attendance rate of 97.0%, approximately 983.58 average daily attendance (ADA).
- There is a 5.61% increase in Property Tax revenue for 2023-24. The Multi-Year Projection (MYP) includes an estimate of 5.0% increase in 2024-25 and a 4.5% increase in 2025-26. Subsequent year projections consider the latest local market trends.
- The Parcel Tax rate is \$662.34 per parcel for 2023-24 and increases by 3.0% in each of the following two years to \$682.22 in 2024-25 and \$702.68 in 2025-26. Reed Union School District has approximately 4,207 tax paying parcels.
- The Reed Schools Foundation continues to support the Reed Union School District with a generous grant to support specialty programs. The Foundation has been providing the district a \$2 million-dollar annual grant for the past several years. However, the COVID-19 pandemic created many challenges for the organization, since then, the Foundation's commitment has been less than the \$2 million goal. The 2023-24 includes a \$1,500,000 grant, requiring a General Fund contribution of approximately \$500,000 to fully support the programs sponsored by the Foundation.
- State Unrestricted Lottery funding is projected at \$170.00 and State Restricted Lottery is projected at \$67.00 per Annual Average Daily Attendance.
- Mandated Cost reimbursements are budgeted at \$39.20 per Average Daily Attendance.
- The Special Education Program Cost of Living Adjustment (COLA) is 8.22%. Special Education funding is aligned with the Special Education Local Plan Area (SELPA) allocation model.
- The Reed Union School District will qualify and submit the annual Consolidated Application. There is no anticipated change in funding for the Proposed Budget.
- Revenue transfer from Granada site continues at \$409,400.00.
- Employee salary increases are reflected in the 2023-24 Proposed Budget. In addition to costs of salaries and benefits due to step and column changes, RDTA's and CSEA's salary schedules were adjusted to reflect the most recent Tentative Agreement between RUSD and both bargaining units, a 10.0% Salary Schedule increase in salaries and benefits is included in the 2023-24 Proposed Budget.

- The state's May Revision did not include a subsidy to CalSTRS rate. The anticipated CalSTRS rate for 2023-24 is 19.10%.
- The anticipated CalPERS rate paid on qualifying classified payroll is 26.68%.
- The district health and welfare contributions are capped at \$883.22 per month for employee only, \$1,508.33 per month for employee plus one and \$1,855.00 per month for employee plus two or more dependents.
- The rates for OASDI, Medicare and State Unemployment are 6.20%, 1.45% and 0.50% respectively for all qualified payroll amounts. Workers' Compensation rate is anticipated to remain at the same level of 1.046% for all covered salaries.
- Materials & Supplies and Operating Services were increased by the California Consumer Price Index (CCPI), 3.54%.
- Contributions to the Special Education, Foundation, and Routine Restricted Maintenance programs is projected to be \$3,938,636 for 2023-24.

REVENUE

LOCAL CONTROL FUNDING FORMULA (LCFF)

The Local Control Funding Formula (LCFF) is the primary source of revenue for school districts in the state of California. Most California school districts' LCFF consist of state aid and property tax collections, with a maximum LCFF allocation based on average daily attendance multiplied by a per student amount. Due to high property values within the district's boundaries, the Reed Union School District is known as a "community funded" district. Being a community funded district means that the property tax collections exceed the amount that would be received based on the State's calculation using average daily attendance multiplied by a per student amount. The California State Constitution requires that the state provide a minimum allocation, or "basic aid," for public education and since 1958 the minimum support level has been \$120.00 per average daily attendance. However, in the 2013-14 State budget, the \$120.00 per average daily attendance amount was taken away from all community funded districts. Now, this "basic aid" minimum state support comes to the District within the Education Protection Account. The district receives \$200.00 per average daily attendance through the Education Protection Account to satisfy the State's responsibility.

FEDERAL REVENUE

Federal Revenue is provided to school districts from the federal government. For Reed Union School District, this source of income is slightly less than 1.0% of the total revenues. These funds are all categorical and are restricted in their use. In 2023-24, federal revenue is projected to be \$215,697.00.

OTHER STATE REVENUE

Other State Revenue, used to include former categorical and restricted programs. Most of these programs disappeared since the implementation of the Local Control Funding Formula. Other State Revenue now includes funding from the California Lottery Program and the State's Mandated Block Grant.

LOCAL REVENUE

Local Revenue contains all the revenues that are not derived from Federal or State sources. The two primary sources of local revenue are the parcel tax and the Reed School Foundation, which combined contribute \$4,205,374.00 to total revenue. These two revenue sources make up 15.0% of total District revenue, which is than State and Federal revenues combined.

OTHER FINANCING SOURCES

Other Financing Sources consists of interfund transfers between two or more of the districts various Funds. The amount in Other Financing Sources consists of the transfer of funds between the General Fund and the Granada Lease Fund. For 2023-24 the amount transferred into the General Fund from the Granada Lease Fund is \$409,400.00.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

C. Percentage of Plant Services Costs Attributable to General Administration

- (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 5.80%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. **Entry required**

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	1,812,473.07
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	30,531.10
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.76%) times Part III, Line B19); zero if negative	123,631.78
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.76%) times Part III, Line B19) or (the highest rate used to recover costs from any program (0%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	123,631.78
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	123,631.78

Approved indirect cost rate: 6.76%
Highest rate used in any program: 0.00%

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
