## **ATHLETES of the MONTH March, 2017**

Erin Danik has been chosen as the Athlete of the Month for March, 2017 based on an outstanding start to her senior year in track and field. The Raider girls track team went 2-0 in March and Erin won both the shot put and the javelin in each of these meets. A 2016 PIAA qualifier in the javelin, Erin looks for a return appearance at PIAA's in May. This dual-sport (basketball/track & field) standout athlete will continue her athletic career playing basketball at Fairmont State University next year. Well done Erin on helping lead your team to two consecutive wins to start the season.

Nothing like starting your junior year in track and field in record-breaking fashion but that's exactly what Zach Gehm has done in March, 2017. Zach took first place honors in the discus in each of the team's first two meets – vs. North Hills and Morgantown – and, in doing so, set a new school record for the discus. A 2016 PIAA qualifier in the discus, Zach will look to not only qualify for PIAA's again this year but also reestablish the school record in the discus again this season. Congrats Zach!
