EXECUTIVE SUMMARY

MoakCasey, LLC was contracted to conduct an efficiency audit for East Central Independent School District ("the District"). The purpose of an efficiency audit is to investigate the District's operations to examine fiscal management, efficiency, and utilization of resources.

The District's efficiency audit report follows the <u>guidelines</u> prescribed by the Legislative Budget Board. These guidelines identify the scope and areas of investigation.

Because the District is proposing a maintenance and operations (M&O) tax rate for fiscal year 2025 that exceeds their voter-approval tax rate, House Bill 3 (86th Legislature) generally requires a school district's board of trustees to conduct an efficiency audit before seeking voter approval to adopt the M&O tax rate. Statute does provide for a two-year exemption from this requirement if all or part of the District is located in an area declared a disaster area by the governor under Chapter 418, Government Code.

The efficiency audit incorporates Texas Education Agency (TEA) Public Education Information Management System (PEIMS) standard data for school years 2018-19 through 2023-24, TEA PEIMS financial data for 2022-23, Texas Academic Performance Reports (TAPR) data 2022-23, 2023 TEA FIRST Ratings, and 2022 TEA Accountability Ratings.

SUMMARY OF RESULTS

District Comment: East Central ISD will continue to gather and analyze data to identify areas in need of improvement. By identifying strengths and areas for improvement, we ensure our district is well-prepared to meet current and future challenges by fostering a culture of accountability and continuous improvement across the district.

On November 5, 2024, East Central Independent School District ("the District") is holding an election to increase the District's maintenance and operations (M&O) property tax rate in tax year 2024 or school year 2024-25. M&O taxes are used for the operation of public schools.

Without an election, the District's M&O tax rate would be \$0.6669. The District is proposing to increase the M&O tax rate by \$0.05 through a voter approval tax rate election (VATRE) to \$0.7169. The District expects to generate approximately \$6.6 million in M&O tax revenue in the first school year, which represents about 5.2 percent of the district's current adopted operating budget for the 2024-25 school year. Additional resources will be used to recruit and retain experience staff, add an armed officer at every school and increase safety and security.

| | 2024 Tax Year (Without VATRE) | 2024 Tax Year (With VATRE) |
|--|----------------------------------|-------------------------------|
| Average Market Value for Single-Family Residence | \$267,106 | \$267,106 |
| Average Taxable Value for Single-Family Residence | \$161,481 | \$161,481 |
| M&O Tax Rate | \$0.6669 | \$0.7169 |
| M&O Levy | \$1,077 | \$1,158 |
| Difference | | \$81 |

If the VATRE is successful, the average single-family residential property would expect an increase of \$81 compared to if the VATRE does not pass. The District has also proposed an interest and sinking (I&S) tax rate of \$0.2160 to service its debt. These proposed tax rates are in addition to the tax rates adopted by the city, county, and special taxing districts.

The District's 2023-24 M&O tax rate of \$0.6692 was \$0.0343 lower than the average of their peers, and \$0.0641 lower than the state average. If the VATRE is successful, the district tax rate will be \$0.0137 higher than their peers. The state average 2024-25 M&O tax rate is not yet available.

| District Name | 2023-24 M & O Tax Rate | | ne | | |
|---------------------------------------|---------------------------|-----------|-----|-----------|--|

^{*}Districts holding VATRE November 2024

The District engaged MoakCasey, LLC in June 2024 to conduct the efficiency audit. Efficiency audits focus on informing voters about the District's fiscal management, efficiency, utilization of resources, and whether the District has implemented best practices. The information includes data and tools that the State of Texas currently utilizes to measure school district efficiency.

Below is key information about the District:

- The District's total operating revenue for the most recent school year totaled \$11,074 per student, while its peer districts average and State average were \$12,050 per student and \$12,739 per student, respectively.
- The District's total operating expenditures for the most recent year totaled \$11,174 per student, while its peer districts average was \$12,104 per student. The State's total average operating expenditure totaled \$12,352 per student.
- The District has earned a Superior Rating for the School Financial Integrity Rating System of Texas (FIRST) for the 2023-24 school year.
- The Texas Education Agency reviews and tracks the performance of both school districts and individual schools with the Texas A-F Accountability System. The District was not rated for the respective school year in the Texas Accountability rating system with an overall score of 68.

| District Name | Rating | Overall Score |
|-----------------------------------|-----------------------------|---------------|
| EAST CENTRAL ISD | Not Rated: Senate Bill 1365 | 68 |

Additional details and audit results are included in Section IV.

Methodology

To complete the efficiency audit, MoakCasey, LLC performed the following procedures:

- 1. Selected 6 peer districts, developed a simple average for peer districts, and used the same peer district group throughout the audit.
- 2. Reported on the overall accountability rating (A-to-F and the corresponding scale score of 1 to 100).
- 3. Compared the District's peer districts' average accountability rating and listed the following District's campus information:
 - a. Accountability rating counts for each campus level within the district.
 - b. Names of the campuses that received an F accountability rating.
 - c. Campuses that are required to implement a campus turnaround plan.
- 4. Reported on the District's School FIRST rating. For a rating of less than A, listed the indicators not met.
- 5. Reported on student characteristics for the District, its peer districts, and the state average the following data:
 - a. Total Students
 - b. Economically Disadvantaged
 - c. English Learners
 - d. Special Education
 - e. Bilingual/ESL Education
 - f. Career and Technical Education
- 6. Reported on the 2022-23 attendance rate for the District, its peer districts, and the state average.
- 7. Reported on the five-year enrollment for the District, including the most recent school year and four years prior, the average annual percentage change based on the previous five years, and the projected enrollment for the 2024-25 school year.
- 8. Reported on the following indicators related to the District's revenue, its peer district' average, and the state average, and explained any significant variances using 2022-23 data.
 - a. Local M&O Tax (Retained)(without debt service and recapture)
 - b. State
 - c. Federal
 - d. Other local and intermediate
 - e. Total revenue
- 9. Reported on the following indicators related to the District's expenditures, its peer districts' average, and the state average, and explained significant variances from the peer districts' average, if any, using 2022-23 data.
 - a. Instruction
 - b. Instructional resources and media

- c. Curriculum and staff development
- d. Instructional leadership
- e. School leadership
- f. Guidance counseling services
- g. Social work services
- h. Health services
- i. Transportation
- j. Food service operation
- k. Extracurricular
- I. General administration
- m. Plant maintenance and operations
- n. Security and monitoring services
- o. Data processing services
- p. Community services
- q. Total operating expenditures
- 10. Reported on the following indicators for payroll and select District salary expenditures compared to its peer districts' average and the state average and explained any significant variances from the peer districts' average in any category, using 2022-23 and 2023-24 data.
 - a. Payroll as a percentage of all funds
 - b. Average teacher salary
 - c. Average administrative salary
 - d. Superintendent salary
- 11. Reported on the General Fund operating fund balance, excluding debt service and capital outlay, for the past five years and per student for the District and its peer districts, using 2022-23 and 2023-24 data. Analyzed unassigned balance per student and as a percentage of three-month operating expenditures and explained any significant variances.
- 12. Reported the District's allocation of staff, and student-to-teacher and student-to-total staff ratios for the District, its peer districts, and the state average for the 2023-24 school year. The following staff categories were used:
 - a. Teaching
 - b. Support
 - c. Administrative
 - d. Paraprofessional
 - e. Auxiliary
 - f. Students per total staff
 - g. Students per teaching staff
- 13. Reported on the District's teacher turnover rate, as well as its peer districts and the state's average for the 2022-23 school year.
- 14. Reported on the following programs offered by the District, including the number of students served, percentage of enrolled students served, program budget, program budget as a percentage of the

District's budget, total staff for the program, and student-to-staff ratio for the program, using data from the 2022-23 and 2023-24 school years.

- a. Special Education
- b. Bilingual Education
- c. Migrant Programs
- d. Gifted and Talented Programs
- e. Career and Technical Education
- f. Athletics and Extracurricular Activities
- g. Alternative Education Program/Disciplinary Alternative Education Program
- h. Juvenile Justice Alternative Education Program
- 15. Described how the District maximizes available resources from state sources and regional education service centers to develop or implement programs or deliver services.
- 16. Report on the District's annual external audit report's independent auditor's opinion as required by *Government Auditing Standards*.
- 17. Explained the basis of the TEA assigning the District a financial-related monitoring/oversight role during the past three years, if applicable.
- 18. In regards to the District's budget process, provided a response to each of the following questions:
 - a. Does the District's budget planning process include projections for enrollment and staffing?
 - b. Does the District's budget process include monthly and quarterly reviews to determine the status of annual spending?
 - c. Does the District use cost allocation procedures to determine campus budgets and cost centers?
 - d. Does the District analyze educational costs and student needs to determine campus budgets?
- 19. Provided a description of the District's self-funded program, if any, and analyzed whether program revenues are sufficient to cover program costs.
- 20. Reported whether the District administrators are evaluated annually and, if so, explained how the results inform District operations.
- 21. In regards to the District's compensation system, provided a response to the following questions:
 - a. Does the District use salary bonuses or merit pay systems? If yes, explain the performance-based systems and the factors used.
 - b. Do the District's salary ranges include minimum, midpoint, and maximum increments to promote compensation equity based on the employee's education, experience, and other relevant factors?
 - c. Does the District periodically adjust its compensation structure using verifiable salary survey information, benchmarking, and comparable salary data?
 - d. Has the District made any internal equity and/or market adjustments to salaries within the past two years?
- 22. In regards to planning, provided a response for each of the following questions:

- a. Does the District develop a District Improvement Plan (DIP) annually?
- b. Do all campuses in the District develop a Campus Improvement Plan (CIP) annually?
- c. Does the District have an active and current facilities master plan? If yes, does the District consider these factors to inform the plan:
 - i. Does the District use enrollment projections?
 - ii. Does the District analyze facility capacity?
 - iii. Does the District evaluate facility condition?
- d. Does the District have an active and current energy management plan?
- e. Does the District maintain a clearly defined staffing formula for staff in maintenance, custodial, food service, and transportation?
- 23. In regards to District academic information, provided a response for each of the following questions:
 - a. Does the District have a teacher mentoring program?
 - b. Are decisions to adopt new programs or discontinue existing programs made based on quantifiable data and research?
 - c. When adopting new programs, does the District define expected results?
 - d. Does the District analyze student test results at the district and/or campus level to design, implement and/or monitor the use of curriculum and instructional programs?
 - e. Does the District modify programs, plan staff development opportunities, or evaluate staff based on analyses of student test results.

Assumptions

To conduct an accurate and effective efficiency audit, data from the state is assumed to be correct and complete. All data is accessed from publicly available records and is submitted to the state by the referenced districts.

DISTRICT DATA ON ACCOUNTABILITY, STUDENTS, STAFFING AND FINANCES, WITH PEER AND STATE COMPARISONS

Peer Districts

MoakCasey, LLC analyzes multiple school district variables from statewide data sources to select and provide peer districts for the East Central Independent School District ("the District"). The peer districts were selected based on how they compared to the District in terms of enrollment, 5-year growth, average daily attendant (ADA) to weighted average daily attendance (WADA) ratio, Tier II M&O tax rate, geographic proximity, and National Center for Education Statistics (NCES) type. The district selected 6 peer districts, as shown below.

| Figure 1. Peer Districts | |
|--------------------------|-----------------------------------|
| 227910 | DEL VALLE ISD |
| 159901 | EAGLE PASS ISD |
| 227907 | MANOR ISD |
| 046901 | NEW BRAUNFELS ISD |
| 094902 | SCHERTZ-CIBOLO-UNIVERSAL CITY ISD |
| 015912 | SOUTHWEST ISD |

Accountability Rating

The Texas Education Agency (TEA) annually assigns an A-to-F rating and a corresponding scaled score (1 to 100) to each district and campus based on student assessment results and other accountability measures.

The District did not receive a rating for the 2021-22 school year. See Table 1 in Appendix B for overall score ratings for each of the peer districts.

| Figure 2. Accountability Rating Comparison | | | |
|--|--------------------------------|---------------------------|--|
| | District Rating (A-F) | District Score (1-100) | Peer Districts Average Score (1- 100) |
| Rating/Score | Not Rated: Senate Bill 1365 | 68 | 84 |

Source: TEA 2022 Accountability Ratings

The District has 11 campuses. Of the campuses in the District, 2 received a B rating, 6 received a C rating, while 7 were not rated. There were no campuses that received an F accountability rating. Two campuses were required to implement a campus turnaround plan.

| | Elementary/ Secondary | Elementary | Middle School | High School |
|-------------------|--------------------------|------------|---------------|-------------|

Financial Rating

The State of Texas' school financial accountability rating system, known as the School Financial Integrity Rating System of Texas (FIRST), ensures that Texas public schools are held accountable for the quality of their financial management practices and that they improve those practices. The system is designed to encourage Texas public schools to better manage their financial resources to provide the maximum allocation possible for direct instructional purposes.

The School Financial Integrity Rating System of Texas (FIRST) holds school districts accountable for the quality of their financial management practices. The rating is based on five critical indicators as well as minimum number of points for an additional ten indicators. Beginning with 2015-2016 Rating (based on the 2014-2015 financial data), the Texas Education Agency moved from a "Pass/Fail" system and began assigning a letter rating. The ratings and corresponding points are shown below:

| Rating | <u>Points</u> |
|-----------------------------|---------------|
| A = Superior | 90-100 |
| B = Above Standard | 80-89 |
| C = Meet Standards | 60-79 |
| F = Substandard Achievement | Less than 60 |

The District has earned a Superior rating of "A" from the FIRST for the 2022-23 school year. The District has also received a Superior rating every year since 2015-16. **Based on the preliminary scores the district will receive an "A" rating for 2023-24.**

| Figure 4. FIRST Rating | District Rating (A-F) | |
|------------------------|-----------------------|--|
| Rating | А | |
| C TEA FIRST D-1: (2022 | 22) | |

Source: TEA FIRST Ratings (2022-23)

Student Information

Every student is served differently in public schools based on their unique characteristics. Such data is captured by the Texas Education Agency on an annual basis. Figure 5 provides student counts for five select student characteristics, which are described below:

Economically Disadvantaged – This term, while not explicitly defined in statute, can be used interchangeably with educationally disadvantaged, according to the Texas Education Agency (TEA). Educationally disadvantaged is defined by the Texas Education Code (TEC) §5.001(4) as a student who is "eligible to participate in the national free or reduced-price lunch program".

- English Learners TEC §29.052 refers to Emergency Bilingual students as those who are in the process of acquiring English and have a primary language other than English as Limited English Proficient (LEP). TEA guidance states that the term English Learners can be used interchangeably with Emergent Bilingual.
- Special Education Federal and state law both offer definitions of special education students. Federal regulations define a "child with a disability" under 34 CFR, §300.8(a). State statute defines special education eligibility under TEC §29.003 or the Texas Administrative Code §89.1040.
- Bilingual/ESL Education The Texas Education Code §29.055 describes students enrolled in a bilingual
 education program as those students in a "full-time program of dual-language instruction that provides
 for learning basic skills in the primary language of the students enrolled in the program and for carefully
 structured and sequenced mastery of the English language skills." Students enrolled in an English as a
 Second Language (ESL) program receive "intensive instruction in English from teachers trained in
 recognizing and dealing with language differences."
- Career and Technical Education Students enrolled in State-approved Career and Technology Education (CTE) programs. Specific eligibility criteria for CTE are included in section 5 of the Student Attendance Accounting Handbook.

The District classified 70.5 percent of their total student population as economically disadvantaged. The District's peer district average shows that 66.4 percent of students were characterized as economically disadvantaged. Both the District's and their peer districts' economically disadvantaged student population were higher than the state average of 62.2 percent.

Emergent Bilingual/English Learner students at the District equal 13.7 percent of the student population, which is lower than the peer district average of 28.5 percent and the state average percentage of 24.3.

Special Education students at the District equal 14.5 percent of the student population, lower than the peer district average of 15.7 percent, but higher than state average of 14.0 percent.

Bilingual/ESL Education students at the District equal 13.8 percent of the student population, which is lower than both the peer district average of 23.1 percent and the state average percentage of 19.9.

Career and Technical Education students in the District equal 27.9 percent of the student population, which is similar to their peer average of 28.1, but higher than the state average of 26.5.

Figure 5. Selected Student Characteristics

| | Total Student Population Count | Percentage of Student Population | Peer Districts Average Percentage | State Average Percentage* |
|---|-----------------------------------|--|---|------------------------------|
| Total Students | 11,176 | 100.0% | 100% | 100% |
| Economically Disadvantaged | 7,878 | 70.5% | 66.4% | 62.2% |
| Emergent Bilingual/English Learners | 1,529 | 13.7% | 28.5% | 24.3% |
| Special Education | 1,624 | 14.5% | 15.7% | 14.0% |

Financial Information – Revenue, Expenditures, Payroll and Fund Balance

Figure 8 below presents the district tax revenue for the 2022-23 school year for the District, the peer district average, and the state average.

The District receives \$11,074 in total revenue per student, which is lower than both their peers and the state averages.

Figure 8. District Tax Revenue

| | DISTRICT | | PEER DISTRICTS AVERAGE | | STATE AVERAGE* | |
|---------------------------------------|-------------|------------|------------------------|------------|----------------|------------|
| | Per Student | % of Total | Per Student | % of Total | Per Student | % of Total |

Source: TEA PEIMS Actual Financial Reports 2022-23

Figure 9 outlines expenditures per student. The District spends \$11,174 in total operating expenditures per student, which is lower than the peer district average of \$12,104 and state average of \$12,352. The District's largest expenditures per student are in instruction, maintenance and operations, and food service.

^{*} State Average does not include charter districts.

Source: TEA PEIMS Financial Reports 2022-23 * State average does not include charter districts.

Figure 10 presents the payroll expenditure summary for the District, the peer district average, and the state average.

The average base teacher salary at the District is higher than both their peer district average and the state average, by \$233 and \$1,26 respectively. The average administrative base salary is lower than their peers, while the superintendent salary is higher than their peers. Data for the state average of superintendent base salary is comprised of school districts that have enrollments ranging from 24 students to 194,607 students in the 2021-22 school year.

The General Fund is the operating fund in a governmental entity. Fund balance represents the current resources/assets available to the government less any current obligations/liabilities. Within fund balance there are five categories: non-spendable, restricted, committed, assigned and unassigned. The categories are defined by Governmental Accounting Standards Board (GASB) Statement No. 54: Fund Balance Reporting and Governmental Fund Type Definitions:

- **Non-spendable** fund balance includes funds that cannot be spent because they are not in spendable form, or legally required by contract for a specific future use.
- **Restricted** fund balance includes amounts that can only be spent for specific purposes stipulated by enabling legislation, creditors, grantors, contributors, or other governmental laws and regulations.
- **Committed** fund balance includes amounts that can be used only for the specific purposes determined by constraints imposed by the district's board of trustees.
- **Assigned** fund balance is fund balance is intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed.

^{*} Only State average for payroll expenditures does not include charter districts. Staffing salary does include charter districts.

• **Unassigned** fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications above.

The Texas Education Agency evaluates unassigned fund balance by comparing it to three-months (25%) of annual operating expenditures or 75 days of operational expenditures. If the District does not meet goal of three-months, the percentage is shown as less than 100%. Amounts that exceed three months are reflected as percentages greater than 100%.

The District's unassigned fund balance for the 2022-23 school year totaled \$29.0 million compared to its three-month operating expenditures of \$24.0 million. The District fund balance has met the three-month fund balance set aside for the previous five years.

Figure 11. General Fund Balance

| | Unassigned Fund Balance per Student | Unassigned Fund Balance as Percentage of 3- month Operating Expenditures | Unassigned Fund Balance Amount | 3-Months of Operating Expenditures | Shortfall in 3- month Goal |
|---------|---|--|--------------------------------------|--|-------------------------------|
| 2022-23 | \$2,733 | 120.8% | \$29,012,925 | \$24,025,405 | \$0 |

ADDITIONAL FINANCIAL, OPERATIONAL, AND ACADEMIC INFORMATION

District Financial Information

State and Regional Resources

The District constantly searches all available options for funding, including state, federal, local and partnership grants. The District works closely with the Regional Service Center for grant assistance. Sources of grants vary widely from State, Federal and local options.

Reporting

For the year ended August 31, 2023, Coleman Horton, LLP, provided an unmodified report on the financial statements in accordance with Generally Accepted Accounting Principles (GAAP). There are three possible opinions: unmodified, modified (e.g. scope limitation or departure from generally accepted accounting principles: or a disclaimer of an opinion. An unmodified opinion is considered a clean opinion.

The District's financial statements have been reviewed by Horton, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended August 31, 2023, are free of material misstatement. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with GAAP.

Oversight

The Texas Education Agency has not assigned the District a financial-related monitoring/oversight role in the last three years.

Budget Process

| Figure 15. Budget Process | Y/N/NA |
|--|--------|
| Does the district's budget planning process include projections for enrollment and staffing? | Yes |
| Does the district's budget process include monthly and quarterly reviews to determine the status of annual spending? | Yes |
| Does the district use cost allocation procedures to determine campus budgets and cost centers? | Yes |
| Does the district analyze educational costs and student needs to determine campus budgets? | Yes |

District staff and the District's demographer (PASA) on enrollment projections. Area Directors then add input on special student populations, such as CTE or SPED, regarding programming and staffing needs. District leadership then works with each Principal regarding staffing needs. The Administrative Council then reviews and approves staffing based on enrollment numbers and all data.

All budget stewards have access to detailed budgets via the Ascender business software. Monthly expenditure reports are given to the Board by function with a percentage of the budget expended to date.

Campuses receive an amount per student enrollment to budget for their nonpayroll needs for their school.

Self-funded Programs

The District currently has two self-funded programs, worker's compensation and employee healthcare. The revenue for each self-funded program covers the cost of operation. The Health Care Program is in its 4th year of operation and for the fiscal year ending 23/24 there will be a positive fund balance. In previous years the Health Care Program required additional funding from the General Operating Fund. The worker's compensation program has a positive fund balance. Any prior year claims are paid for with the fund balance.

District Operational Information

Staffing – District provided information

| Figure 16. Compensation System | Y/N/NA |
|---|--------|
| Does the district use salary bonuses or merit pay systems? If yes, explain the performance-based systems and the factors used. | No |
| Do the district's salary ranges include minimum, midpoint, and maximum increments to promote compensation equity based on the employee's education, experience, and other relevant factors? | Yes |
| Does the district periodically adjust its compensation structure using verifiable salary survey information, benchmarking, and comparable salary data? | Yes |
| Has the district made any internal equity and/or market adjustments to salaries within the past two years? | Yes |

All District staff are evaluated annually. The District uses salary range (minimum, midpoint, and maximum) for staff on Administrator paygrades, paraprofessional, and auxiliary staff. The District contracts with the Texas Association of School Boards (TASB) to conduct a salary survey at least every two years. In 2023-24 the District contracted with TASB to review our salary structure. The 2022-23 salary survey done by TASB some adjustments were done to ensure that all staff salary was near market value or above.

Planning

| Figure 17. Operational Information | Y/N/NA |
|---|--------|
| Does the district develop a District Improvement Plan (DIP) annually? | Yes |
| Do all campuses in the district develop a Campus Improvement Plan (CIP) annually? | Yes |
| Does the district have an active and current facilities master plan? If yes, does the district consider these factors to inform the plan: | No |
| Does the district use enrollment projections? | N/A |
| Does the district analyze facility capacity? | N/A |
| Does the district evaluate facility condition? | N/A |
| Does the district have an active and current energy management plan? | No |
| Does the district maintain a clearly defined staffing formula for staff in maintenance, custodial, food service, and transportation? | Yes |

The Curriculum Department under the leadership of the Chief Instructional Officer conducts the annual District Improvement Plan (DIP). The DIP is approved by the Board of Trustees. All stakeholders use the DIP as a guide in the improvement of student performance.

Each school is required to develop a Campus Improvement Plan (CIP) annually. The CIP is reviewed by the Chief Instructional Officer and the Curriculum team. All stakeholders on the campus use the CIP to maximize student learning opportunities and accelerate Tier instruction. All school CIPs are approved by the Board of Trustees annually.

District Academic Information

| Figure 18. Academic Information | Y/N/NA |
|--|--------|
| Does the district have a teacher mentoring program? | Yes |
| Are decisions to adopt new programs or discontinue existing programs made based on quantifiable data and research? | Yes |
| When adopting new programs, does the district define expected results? | Yes |
| Does the district analyze student test results at the district and/or campus level to design, implement and/or monitor the use of curriculum and instructional programs? | Yes |
| Does the district modify programs, plan staff development opportunities, or evaluate staff based on analyses of student test results? | Yes |

The District has a mentoring program for new teachers that is overseen by the Personnel Coordinator. The Personnel Coordinator meets with the mentors and mentees often to see that it directly improves the professional development of the staff members. The District also has a resident program where Universities allow students to spend their last year in the education program to work on a campus alongside a teacher.

Any new program is adopted based on a needs assessment. The needs assessment is reviewed by the Chief Instructional Officer with the assistance of the curriculum team and other stakeholders to ensure that the program will be a quality and effective program. Once a new program is approved by the curriculum team it is presented to the Administrative Council and submitted to the Board if applicable.

The District also utilizes external process for program evaluation. (The District gathers results data from various sources, such as program walks, data screening results, and/or stakeholder feedback. The District's Assessment Department is responsible for analyzing the assessment results and to monitor adjustments as needed. The campus ILT staff are also involved with ensuring student progress. The District modifies programs as needed based on the data and student progress.
