Dear Member,

As your new prescription-drug cost-saving program, we would like to welcome you to VerusPath. Our goal is to bring you several options to save money on high-cost brand drugs, and on Specialty drug fills.

What you Need to Know:

If you are taking a high-cost brand drug or a Specialty drug, it is very likely that your medication is eligible for cost-savings to you, your employer, or both. A Patient Care Advocate from VerusPath will be reaching out to you to assist you with enrollment in one of the following programs:

✓ **PAPath:** Patient Assistance Programs (commonly known as PAPs) are available on many **Specialty** medications, allowing the member *and* the employer to obtain the medication at absolutely no cost to them. While enrolling in a Patient Assistant Program, this allows the manufacturer of the medication to pick up the cost - saving both you, and your employer, money.

✓ If you are eligible for this component of the VerusPath Program, a Patient Care Advocate will reach out to you via telephone or email and help you with each step of the program's application process. **Please Note:** PAP applications require personal information to be relayed, such as date of birth, and possibly income information (dependent on program-specific guidelines).

✓ **COPath:** Some medications do not have a full Patient Assistance Program available. In those scenarios, our VerusPath Team will step in to provide a Co-Pay Card to your dispensing pharmacy, lowering the cost of your medication to you and your employer.

✓ If you are eligible for this component of the VerusPath Program, a Patient Care Advocate will reach out to your pharmacy on your behalf. No communication is needed between you and VerusPath to apply a co-pay card at the pharmacy.

✓ **CANPath:** VerusRx partners with a brick-and-mortar retail pharmacy located in Canada. This retail facility is dually licensed in both the United States and Canada to dispense certain high-cost medications at **no cost** to you, and a significantly lower cost to your employer. All medications are shipped directly to your home, in temperature-sensitive packaging.

✓ If you are eligible for this component of the VerusPath Program, a Patient Care Advocate will reach out to you via telephone or email and help you with each step of the enrollment process.

Overall, **if you receive an email or a phone call from a VerusPath representative, please assist us with enrolling you in one of the programs outlined above.** If you have any questions about the program, please call VerusPath at [800-838-0007](tel:800-838-0007) or email us at VerusPath@Verus-Rx.com. Our VerusPath Patient Care Advocates are available Monday through Friday from 9AM to 5PM CST.

Sincerely,
VerusPath
