BRITTNEY RYE

PUMPKIN INVESTIGATION

Coyote Springs Elementary School is buzzing with excitement thanks to the amazing STEAM activities led by their STEAM Aide, Brittney Rye. Recently, students took part in a fun-filled pumpkin investigation, where they engineered towers to support their pumpkins while applying science, math, and even ELA standards! The hands-on experience sparked creativity and problem-solving in their students. A big thank you goes to Brittney for creating such engaging opportunities and going above and beyond for her students, as well as to Principal Michelle McCabe and Assistant Principal Pam Clark for their leadership in implementing elementary STEAM. Together, they are making learning an adventure!

BMHS had an incredible turnout at the Homecoming Dance, with 700 students showing up to celebrate! The energy was electric, and everyone enjoyed a fun-filled, safe night to remember!

We're bringing you updates about the amazing things happening within our district! We need your GOOD NEWS stories about HUSD students and team members. Share them at pr@humboldtunified.com.
