PENNINGTON, NJ, October 4, 2024—Admission Team at Pennington Invites Prospective Students and Their Families to Visit Campus This Fall

On select days throughout the fall, students and families interested in learning more about The Pennington School are invited to visit Pennington’s campus for interactive and informative events which offer an up-close and personal look at the School, its programs and facilities, as well as its engaged and supportive faculty and student community.

For those interested in Grades 9–12, special events known as Upper School “Experiences,” are being offered on a trio of Wednesday mornings from 8:00 until 11:00 a.m. throughout the month of October: October 16, October 23, and October 30. Prospective students and families will have the opportunity to take a campus tour, sit in on a class for twenty minutes, learn about trends in college admission, hear from a student panel, and talk with administrators!

Individuals eager to learn more about Pennington’s Middle School are invited to attend an Information Session on Thursday, October 17, from 9:30 until 11:00 a.m. This event fully underscores what makes Pennington’s Middle School an exceptional place for students to learn and grow, with Head of Middle School Maria Capelle-Burny and Middle School Dean of Students Tracy Kuser leading an informative session for parents of prospective Grade 6 through 8 students.

A longstanding pioneer in developing supportive and effective teaching strategies and approaches across diverse learning styles, The Pennington School’s Cervone Center for Learning provides individualized academic support for bright students with language-based learning differences within a college-preparatory environment. On Monday, October 21, from 9:30 until 11:00 a.m., Cervone Center Director Jo Prockop leads an Information Session which provides a comprehensive look at the program and its highly effective approach to academic skill development for differentiated learners.

To learn more about any of these programs, as well as find important registration information, visit www.pennington.org/admission/events.

9:30–11:00 a.m.
Monday, October 21

The Pennington School is an independent coeducational school for students in grades 6 through 12, in both day and boarding programs. The curriculum is college preparatory, with an emphasis on individual excellence, fostering the development of the whole student through academics, athletics, community service, and the creative and performing arts.
