II. Emergency Operations (EOP) Manual Update

A. Staying Safe Training: School Safety Response Training

The Texas School Safety Center is proud to offer a new curriculum, developed in partnership with Safe and Sound Schools and Advanced Law Enforcement Rapid Response Training (ALERRT), that teaches students and staff their very own age and ability options for school safety during an active event. Based upon Safe and Sound Schools' curriculum and ALERRT's Civilian Response to Active Shooter Events (CRASE), this curriculum will be offered as a six-hour train-the-trainer session for all regional Education Service Centers (ESCs). Due to the sensitive nature of the training, the district's School Safety and Security Committee will need to approve district staff attending the training.

We would like to send at least 2.

B. Maypearl ISD has updated the Emergency Operating Plan (EOP) and the Cyber Security Annex. The Safety and Security Committee will discuss and review the changes to the EOP for approval and submit them to the Board of Directors. Once the EOP is approved updated paper copies will be distributed to administrators, local first responders, and local EOM agencies. We plan to have those in place as soon as possible.
